APPENDIX G

SUPREME HEADQUARTERS

ALLIED EXPEDITIONARY FORCE

Soldiers, Sailors and Airmen of the Allied Expeditionary Force!

You are about to embark upon the Great Crusade, toward which we have striven these many months. The eyes of the world are upon you. The hopes and prayers of liberty-loving people everywhere march with you. In company with our brave Allies and brothers-in-arms on other Fronts, you will bring about the destruction of the German war machine, the elimination of Nazi tyranny over the oppressed peoples of Europe, and security for ourselves in a free world.

Your task will not be an easy one. Your enemy is well trained, well equipped and battle-hardened. He will fight savagely.

But this is the year 1944! Much has happened since the Nazi triumphs of 1940-41. The United Nations have inflicted upon the Germans great defeats, in open battle, man-to-man. Our air offensive has seriously reduced their strength in the air and their capacity to wage war on the ground. Our Home Fronts have given us an overwhelming superiority in weapons and munitions of war, and placed at our disposal great reserves of trained fighting men. The tide has turned! The free men of the world are marching together to Victory!

I have full confidence in your courage, devotion to duty and skill in battle. We will accept nothing less than full Victory!

Good Luck! And let us all beseech the blessing of Almighty God upon this great and noble undertaking.

(Signed) DWIGHT EISENHOWER.

APPENDIX G(1)

SPECIAL ORDER OF THE DAY BY  
THE ALLIED NAVAL COMMANDER-IN-CHIEF,  
EXPEDITIONARY FORCE

It is to be our privilege to take part in the greatest amphibious operation in history - a necessary preliminary to the opening of the Western Front in Europe which, in conjunction with the great Russian advance, will crush the fighting power of GERMANY.

This is the opportunity which we have long awaited and which must be seized and pursued with relentless determination: the hopes and prayers of the free world and of the enslaved peoples of Europe will be with us and we cannot fail them.

Our task, in conjunction with the Merchant Navies of the United Nations, and supported by the Allied Air Forces, is to carry the Allied Expeditionary Force to the Continent, to establish it there in a secure bridgehead and to build it up and maintain it at a rate which will outmatch that of the enemy.

Let no one underestimate the magnitude of this task.

The Germans are desperate and will resist fiercely until we outmanoeuvre and out-fight them, which we can and will do. To every one of you will be given the opportunity to show by his determination and resource that dauntless spirit of resolution which individually strengthens and inspires and which, collectively, is irresistible.

I count on every man to do his utmost to ensure the success of this great enterprise which is the climax of the European war.

Good luck to you all and God speed.

(Sgd.) B. H. RAMSAY,  
ADMIRAL,

ALLIED NAVAL COMMANDER-IN-CHIEF  
EXPEDITIONARY FORCE.
