(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Despite continued bad weather substantial and important gains have been made by ground forces on S Okinawa. The bastion of Shuri has been partially reduced and has been practically encircled: substantial advances and deep patrolling activities have almost isolated Chinen Peninsula on the E flank, and the mouth of the Kokuba River (approx 2000 yds SE of Naha) has been reached in a drive to occupy the N bank of the river on the right flank.

Reports to 1700/31 May indicate heavy machine and mortar fire still being encountered from enemy positions on N bank Kokuba River. Elements of 1st MarDiv and 77th Inf Div entered Shuri from the NW and NE respectively. Little resistance was reported by 77th Inf Div elements involved. 96th Inf Div attacked westwards and took hill positions 800 and 300 yds S of Shuri against moderate resistance. Patrols from III Phib Corps and from XXIV Army Corps operating S of Shuri from W and E respectively formed a junction 400 yds S of Shuri on 31 May. On the left flank, 7th Inf Div made their main effort in a westward assault on 31 May achieving gains of 300-400 yds and capturing 2 hills 500 yds N and 300 yds NE of Chan (approx 2 miles SW of Yonabaru): strong enemy resistance continued from positions NE of Kamazato (2½ miles SW of Yonabaru).

Mopping up continues in other parts of Okinawa and a strong enemy pocket is offering stiff resistance from Onna Take Hill, approx 10 miles SW of Nago and 10 miles NE of Yontan airdrome.

Total estimated enemy killed to 2400/30 May numbers 61,511: prisoners number 1,363 including 732 combat troops and 631 labor corps.

Direct air support on 30 May was not possible due to weather and naval support was limited to harassing and night illumination.

There was no enemy air activity over Okinawa during the 24 hour period ended 2400/30 May.

- (2) Sakashima Group - Throughout 30 May, strikes and offensive sweeps were made by aircraft from escort carriers on Sakashima Islands. Ishigaki, Hirara, and Nobara airfields were bombed and rocketed and an underground boat base near Myara (Ishigaki Is.) was attacked. In addition 3 fishing boats were sunk off NW Miyako Is. and another 20 ft boat was strafed off Iriomote.

2. FORMOSA - Additional reports of the Allied air attacks on Formosa 30 May, state that a total of 117 escorted B-24's dropped 359.4 tons bombs on AA positions, warehouses and barracks at Takao. In addition, offensive sweeps over railroad communications and industrial plants were conducted 30 May by 27 B-25's and 20 P-51's.

3. CHINA COAST - Night 30/31 May, a few ships were observed as usual in the Shanghai-Yangtze River area and as a result of attacks by a PBM 1 small coastal freighter was sunk and a freighter transport was probably sunk.

Reports from recce 31 May reveal only 4 coasters or luggers at Kiungshan (Hainan) and 9 or more small craft at Haiphong.

4. MALAYA - At 0940/30 May search of Singapore was conducted by 1 PB4Y2 and 1 PB4Y: observations included only the 2 known heavy cruisers in Johore Strait in addition to some merchant ships and escort vessels. Interception by 6 Jap fighters was experienced by the PB4Y: 8 or 9 aggressive attacks were made, forcing the PB4Y to take cloud cover.

At 1300/30 May a PB4Y2 on normal recce of E coast Malaya sighted shipping described as 1 heavy cruiser ("AOBA" or "NACHI" class) and 4 tankers anchored at the mouth of the Pahang River (15 miles S of Kuantan or approx 120 miles N of Singapore). This PB4Y2 encountered 2 enemy planes (1 floatplane 1 fighter) over the area individually and shot them both down: another fighter was later seen but did not engage.

Also at about 1300/30 May, a PB4Y saw some 20-25 small coastal freighter at or near Trongganu (N of Kuantan) and as a result of attacks destroyed 2 and damaged a third.

Special a.m. recce of Singapore 31 May by 1 PB4Y2 and 1 PB4Y reported no material change in shipping particularly as regards the 2 heavy cruisers in Johore Strait: 5 enemy fighters rose to the level of the recce planes but only 1 of them attacked with little effect. Riouw Archipelago was also searched with negative results.

(ii) ENEMY FORCES (Contd.)

5. WEST COAST BORNEO - Strikes on a variety of targets from N tip Borneo to Kuching were repeated 30 May and shipping at Pontianak was again attacked by FB4Y. Targets included Kudat and Jesselton runways and barracks, gun positions and other buildings at Brunei Bay, Seria, Miri, Sibuluan, and Mukah involving in total 28 B-24's, 12 B-25's and 17 P-38's. At Pontianak, 2 coastal freighters 1 lugger were sunk and 3 luggers were damaged: the shipyard appeared burnt and inoperative.

6. PHILIPPINES - On Luzon, N of Balete Pass, scattered enemy rifle fire was the only opposition reported as elements of 27th Div advanced to positions 5300 yds of Santa Fe: the assault on Mt. Purio and Mt. Lamita in the Mariguina River area continue against opposition:

Air support was provided over Luzon 31 May on a normal scale.

On Mindanao, strong enemy positions 7½ miles E of Malaybalay were overrun on 31 May but stubborn resistance was met further East. Substantial air support for ground operations on Mindanao is being provided daily by SBD's.

7. EAST INDIES

(1) Tarakan - Little change is reported in the ground situation on Tarakan: Air support was provided 30 May by 7 P-38's.

(2) East Borneo - On 30 May, Balikpapan was bombed by 6 B-24's and Sandakan by 5 B-25's

(3) North East Halmahera - Night 29/30 May an enemy power boat was sunk by PT's off Gogilopoe.

(4) East Java - Photos 29 May of 6 airfields in E Java (namely Klaten, Pasirian, Malang, Madioen, Toonosari, Djokjakarta) showed a total of 41 planes including 36 single-engine planes probably all trainers and 5 twin-engine planes: the strip at Wonosari and 1 runway at Djokjakarta had denial trenches dug.

(5) East Java Sea - Night 30/31 May, 2 coastal oilers and an escort vessel were sunk by an Allied submarine approx 140 miles SW of Bandjermasin.

A hospital ship was sighted by the same sub in the same general area a.m. 30 May.

B. CENTRAL PACIFIC

1. JAPAN - Photos 28 May of the main Honshu naval bases with the exception of those on Inland Sea shores show the following shipping:-

Yokosuka	1 battleship "NAGATO"
	3 destroyers (1 "TAKANAMI" class, 1 "FUBUKI" class, 1 "MINEKAZE" class, latter 2 appear stripped of all armament.
	3 old type destroyers
	2 destroyer escorts (1 in drydock)
	3 destroyer transports
	2 submarines
	5 sub chasers
	3 LSM (1 in drydock)
In addition	1 DD hull ("MATSU" class)
Yokohama	1 merchant aircraft carrier
	15 merchant ships totalling 36,000 tons
In addition	9 merchant ships building, outfitting, or repairing totalling 43,000 tons.
	1 destroyer, outfitting
Tokyo	3 submarines
	1 frigate
	5 merchant ships totalling 17,000 tons
Kobe	1 "KOBE" type escort carrier - non operational
	4 submarines
	1 frigate
	26 merchant ships totalling 69,000 tons
In addition	7 merchant ships building or outfitting totalling 57,000 tons.
Osaka	3 sub-chasers
	2 LSM
	23 merchant ships totalling 60,000 tons
In addition	3 destroyer escorts building or outfitting
	1 LSM building
	10 merchant ships building, outfitting or repairing, totalling 25,600 tons.

(ii) ENEMY FORCES (Contd.)

1. JAPAN (Contd.)

Summarized the above consist of:-

- 1 battleship "NAGATO" with camouflaged painting
- 1 "KOBE" type escort carrier-non operational.
- 1 converted merchant aircraft transport
- 3 destroyers including 2 with armament dismounted
- 3 destroyer transports
- 15 escorts: sub-chasers, destroyer-escorts, frigates or ODD.
- 9 submarines
- 5 LSM
- 69 merchant ships totalling 182,000 tons.

In addition the following are building, outfitting or repairing:-

- 2 destroyers
- 3 destroyer-escorts
- 1 LSM
- 26 merchant ships totalling 125,600 tons.

Photos 28 May of 16 airdromes in the Tokyo area show 441 planes present and on 17 airdromes in the Kobe-Osaka area 161 planes: these are all operational combat planes.

- 2. EMPIRE WATERS - Offensive air patrols continued 30 May as a result of which 1 coaster was sunk and another coaster was damaged off E China coast. A Jap transport plane was shot down off Cape Shiono (southernmost Honshu).

/-/-/-/-/-/-/-/-/-/-/

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- 1. Further important gains in accelerated progress on Okinawa: nil enemy air activity
- 2. Effect offensive air patrols on Empire waters and China coast, and Blue submarine successes.
- 3. Photo rocce Honshu shipping centres.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - On Southern Okinawa, patrols of the 6th MarDiv. crossed the Nokuba river, which runs into the innermost part of Naha harbor or lagoon, on 1 June. Moderate enemy resistance is being encountered by 1st MarDiv. elements advancing S. towards the E.-W. highway between Naha and Ynabaru. On the left flank, elements of the 7th Inf. Div. are driving South and advanced 400-1000 yds. into the Southern ranges of Ozato hills: stiff resistance was encountered particularly near Ogosuku in the neck of the Chinen Peninsula. In the center of the line, mopping up is in progress in the general Shuri area.

General observations recently indicate that the Japs on Southern Okinawa are forming up for a final stand along an E.-W. line approx. 4-6 miles from the Southern tip of Okinawa, running from Itoman on W. coast Eastwards around the hill mass in the center of the island to Hanagusuku on the E. coast: the hill mass in this area extends about 2/3rds of the 5 miles width of the island.

Patrols into Chinen Peninsula report masses of civilians living in caves in the area.

Estimated enemy dead to 2400/31 May totalled 62,548 or an increase of 1037 during the preceding 24 hours.

Improved weather conditions 31 May enabled support to be provided on an increased scale: naval support was provided by battleships, cruisers and destroyers and air support by aircraft from a fast carrier group, escort carriers and land bases dropping 94 tons bombs and firing 637 rockets.

During the 24 hour period ended 2400/31 May, a few enemy planes were over the area and 3 were shot down (1 by ships' AA and 2 by fighters).

The submarine hunt by escort carrier A/S group 300-400 miles E.-S.E. of Okinawa subsequent to the contact on 28 May is reported to have resulted in a definite kill.

- (2) Sakishima Group - On 31 May, strikes on Sakishima installations were repeated by aircraft from escort carriers with 39 tons bombs and 419 rockets: 2 small craft were sunk during the attacks, one off Miyara and the other off Iriomote.

2. FORMOSA - On 31 May Taihoku headquarters area, barracks, buildings and AA positions were raided by 116 B-24's with 420 tons of bombs: the majority of buildings in the target area were demolished. Weak and ineffective attempts to intercept some formations of B-24's were made by 2 or 3 flights of 3 Jap fighters.

Also on 31 May, the warehouse area and railroad yards at Giran were attacked by 24 B-25's and in addition sweeps of the railroad system were made by 68 P-38's, 16 P-51's, destroying 14 locomotives, 9 trucks and some buildings besides damaging other installations and much equipment.

Six photographic P-51's over Giran on 31 May were intercepted by 8 Jap fighters but suffered no damage.

3. CHINA COAST-PESCADORES - Early A.M. 1 June a number of small craft were again seen and attacked by PBM's. 22 Junks were strafed amongst Pescadores Islands and some 65 junks were attacked between St. Johns Island and Fort Bayard: 2 of the latter concentration were sunk, 7 were abandoned and another 45-50 were well strafed.

Reconnaissance 1 June again revealed no shipping of any significance along the coast: during offensive patrols a patrol craft and a small coastal freighter were set on fire by strafing, both in the Canton area.

4. FRENCH INDO CHINA COAST - On 31 May, small type shipping off Vinh, in Tonkin Gulf, was attacked by a PB4Y and 7 coastal freighters were sunk and 4 were damaged. Also on 31 May another coastal freighter was destroyed by PB4Y near Cap Padaran. Railroad objectives between Tourane and Camranh Bay were also attacked 31 May by 3 PB4Y's.

(ii) ENEMY FORCES (Contd.)

5. WEST COAST BORNEO - An additional air strike 30 May was made against Ranau airfield by 11 P-38's.
On 31 May, Kudat, Jesselton, Keningau and Labuan strips were attacked by an aggregate of 30 P-38's and buildings at Seria by 12 B-25's.
Preliminary reports of Strikes 1 June state that Kotabelud (30 miles N.E. of Jesselton) was attacked by 6 PV's.
During patrols 31 May by a PB4Y, a small coastal freighter was destroyed off Cape Datu (50 miles W.N.W. of Kuching).
6. PHILIPPINES
- (1) Luzon - Advancing N. along Highway 5 elements of 37th Inf. Div. reached position 6200 yds. N.N.E. of Santa Fe against light and scattered resistance.
Strong Jap opposition is being experienced to our drive on Mt. Purro and Mt. Lamita in the mountains E. of Manila.
Air support was provided 1 June on the usual strong scale.
- (2) Mindanao - Under cover of destroyer and destroyer escort gunfire and air support by SBD's, a party was landed at Luayan on Western shores of Davao Gulf 72 miles S. of Davao to destroy the enemy garrison and radio station there: there was no opposition.
7. EAST INDIES
- (1) Tarakan - Strong enemy positions in the hills N.E. of Tarakan air strip were seized by A.I.F. forces on 31 May following strikes by 18 B-25's, 15 P-38's.
- (2) E. Coast Borneo - On 30 May, Tawao was bombed by 18 B-24's and on 31 May Balikpapan was bombed by 6 B-24's.
- (3) Makassar Strait - On 31 May, some 25 schooners were observed by PBM's in Mandar Bay (S.W. Celebes).
At 1205/1 June a hospital ship was seen by PBM approx. 45 miles S.S.W. of Makassar, course 180°, speed 8 knots. This could well be the ship seen by submarine off S.E. Borneo on 30 May having proceeded to Makassar.
At approx. 1420/1 June another PBM sighted 2 warships (described as probable destroyers but thought more likely to be smaller escort or A/S vessels) in the Laurot Islands off S.E. Borneo: 1 was on course N. and the other heading S.W. The position and courses suggest a possible A/S patrol.
- (4) E. Java Sea - At 1325/1 June a landing craft loaded with personnel and fuel drums was destroyed by PBM off S. coast Kangean Island: a floatplane on the water in the same vicinity was also destroyed.
- (5) N.W. Halmahera - On 31 May 2 Spitfires sank 1 and damaged another of 2 barges during a sweep of N.W. Halmahera.
8. BISMARCK-SOLOMONS - In S.W. Bougainville Australian forces advanced 1500 yds. S.E. along the Buin road without opposition after outflanking an enemy position near Runai. Air support was provided over Bougainville 31 May by 6 B-25's, 93 F4U's.

B. CENTRAL PACIFIC

1. JAPAN - Photos 28 May show 113 combatant operative aircraft on Matsuyama West airdrome on Shikoku and 81 combatant operative aircraft on 5 Kyushu airdromes.
Photos of the B-29 raid on Yokohama 29 May show that 6.9 square miles or 34% of the built up portion of the city was destroyed making a total of 8.9 square miles or 44% of the city now destroyed.
Preliminary reports indicate that Osaka was raided by a strong force of B-29's midday 1 June: no details are yet available.
2. EMPIRE WATERS - Further reports from offensive air patrols 30 May state that 2 large transports, 1 lightship, 1 small tanker and 3 picket boats were all damaged off the Yangtze river mouth.
On 31 May, 1 small freighter was damaged and 1 enemy fighter shot down off S. Korea by PB4Y2's from Okinawa: 1 coaster was sunk, 3 doasters damaged off S. Honshu by search planes from Iwo which also shot down 2 float planes and damaged a torpedo bomber.

(ii) ENEMY FORCES (Contd.)

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Accelerated Southward advance Okinawa: light scale enemy air activity.
- (2) Effect offensive air patrols on Empire waters and China coast.
- (3) 44% of Yokohama now destroyed.
- (4) Osaka arsenal raided by B-29's.

(ii) ENEMY FORCESA. WESTERN PACIFIC1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Reports to 1700/2 June indicate that substantial gains were made by ground forces on S. Okinawa all along the line particularly on the left flank.

On the right flank elements of the 6th MarDiv. captured a further 1200 yds. of the shores of Naha lagoon in making a push to the S.W. An Amphibious reconnaissance party crossed the estuary of the Kokuba river and found no active defence positions in the coastal area approx. 2000 yds. N.E. of Naha airdrome. Other patrols from 6th MarDiv. found numerous caves occupied by civilians.

Elements of 1st MarDiv. crossed the highway which runs from Naha to Yonabaru, in the center of the front line and occupied positions 200-500 yds. S. of the highway: patrols were sent forward 2200 yds. S. of the highway. A large group of civilians is reported occupying this open country.

On the left flank, 7th Inf. Div. advanced S. and S.W. capturing Ogusuku (5000 yds. S. of Yonabaru): other elements reached Shinzato (1500 yds. E. of Ogusuku) and units pushed S. and S.E. between these 2 towns to occupy positions in the neck of Chinen Peninsula. Strong opposition was encountered and overcome on the S.W. slopes of a hill approx. 500 yds. N.W. of Ogusuku in the Southern Ozato hills. From this promontory the ocean can be seen off S.W. Okinawa Is.

A 48 hour respite from rain permitted the limited use of tanks again. The improved weather conditions also enabled artillery and naval surface units to give better close support on 1 and 2 June: battleships, cruisers and destroyers provided both close and forward support to ground forces concentrating largely on trench systems, buildings and suspected command post positions. Air support was provided 1 June to forces on Okinawa by escort carriers and land-based planes in 135 sorties dropping 46 tons bombs and firing 90 rockets.

During the 24 hour period ended 2400/1 June there was only 1 alert when 1 enemy fighter managed to reach Kerama base undetected: the plane was shot down by ships' gunfire before attacking.

- (2) Minami Group - On 2 June, enemy air bases on Minami Islands were attacked by planes from a U. S. Fast Carrier Group, which was weathered out from scheduled support for Okinawa. No activity or operational aircraft were noted.

2. FORMOSA - On 1 June AA positions at Takao were bombed by 24 B-24's with fragmentation bombs and military installations were bombed immediately afterwards by 64 B-24's with 394 x 1000 lb. bombs: some 20 buildings were demolished.

Also on 1 June, the usual sweeps of communications throughout Formosa were conducted by a total of 48 P-38's, 36 P-51's: Much damage and destruction was inflicted on rolling stock.

3. CHINA COAST - Early A.M. 1 June shipping at Shanghai was attacked by 3 B-24's from Luzon which sank 1 freighter transport (2000-4500 tons), 1 converted patrol craft and damaged 1 tug, 1 small freighter transport.

On 1 June, 2 small craft N. of Shanghai were damaged by a patrol plane from Okinawa.

Military stores at Canton were bombed night 31 May-1 June by 1 B-24.

4. MALAYA - Reconnaissance of Singapore was conducted by 1 PB4Y2 and 1 PB4Y A.M. 1 June. The 2 known heavy cruisers were seen in their usual places in Johore Strait but the town area (presumably including Singapore harbor) was not inspected, due to strong opposition. At least 13 aggressive enemy fighters were encountered and the PB4Y2 was lost: 1 enemy fighter was shot down, 2 were probably shot down and 5 were damaged.

5. WEST COAST BORNEO - Additional air strikes on 1 June in this area involved 12 B-25's, 18 B-24's, 14 P-38's, 2 P-40's, 2 Beaufighters attacking personnel areas between Kudat and Brunei concentrating largely on Jesselton.

Also on 1 June a small coastal freighter at Pontianak was attacked by PB4Y and left burning fiercely.

(ii) ENEMY FORCES (Contd.)

6. PHILIPPINES - On Luzon, the drive North towards Cagayan valley was continued 2 June and positions 7000 yds. N.N.E. of Santa Fe were reached by elements of 37th Inf. Div. against scattered resistance: limited gains were achieved against strong resistance in the mountains E. of Manila.
Strong air support was provided as usual 2 June.

EAST INDIES

- (1) Tarakan - Supported by air strikes involving 37 B-24's, 12 P-38's on 1 June, A.I.F. forces have captured strongly defended enemy positions in the central hills both E. and W. of the last remaining enemy stronghold on the island.
- (2) E. Borneo - On 1 June Balikpapan was bombed by 6 B-24's: some 6 or 7 small coastal freighters were observed at Balikpapan.
- (3) Java Sea - On 25 May a merchant ship of 1700 tons was probably sunk by allied submarine in Java Sea.

B. CENTRAL PACIFIC

1. JAPAN - Details of the B-29 raid on Osaka midmorning 1 June state that 429 B-29's hit the urban industrial area visually and by radar from 18,000 to 24,500 ft.: 12 other B-29's attacked targets of opportunity and 45 B-29's of the 89 which landed at Iwo Is. have not yet reported the results of their efforts. Escort was to be provided by 148 P-51's but 98 were turned back by weather and only 23 reached the target meeting no airborne enemy opposition. 10 B-29's were lost and 27 P-51's are missing. Preliminary reports state the Kyushu airfields were attacked 2 June by aircraft from a U. S. Fast Carrier Group (TF 38). A few enemy fighters were encountered and 2 were shot down. Of about 125 planes seen on Miyazaki, Kokubu, Kushira, Kagoshima and Chiran, 11 were destroyed and 23 damaged: 2 sea trucks were sunk offshore. 4 of our fighters were lost in combat.
2. EMPIRE WATERS - Offensive air patrols continued 1 June as a result of which a small freighter was sunk off S. Honshu and an ocean-going tug towing an oil barge off Tsingtao was damaged and left dead in the water with the barge adrift.
3. SOUTHERN ISLANDS - Between 0255 and 0415/1 June, 3 or 4 enemy planes raided Iwo Is. with incendiaries: none of our aircraft were lost but minor damage was suffered by several vehicles, a small fuel dump was destroyed and there were a few casualties. None of the enemy aircraft was shot down.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Substantial gains during Southward advance Okinawa: continued light scale enemy air activity.
- (2) Details of B-29 Osaka raid 1 June.
- (3) Blue carrier-based aircraft attack kyushu.
- (4) Effect offensive air patrols on Empire waters and China coast.
- (5) Increased enemy aerial opposition to recce planes over Singapore.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- 1) Okinawa - At 0945/3 June, elements of 2nd Mardiv. landed unopposed on Iheya Is. (20 miles W.N.W. of Northern tip of Okinawa). A beachhead of 1000 yds. was established and troops moved forward "standing up" against little opposition.

On Okinawa proper, a rapid advance of 3500 yds. on the left flank on 3 June enabled elements of 7th Inf. Div. to reach the S.E. coast of Okinawa and to isolate Chinen Peninsula, thus confining the remainder of the main body of Japs to the S.W. corner of Okinawa. Left flank units of 7th Inf Div. pushed Eastwards along the road running through Sashiki on shores of Baten Bay then fanned out Southwards to capture high ground 200 yds. W. of Yamazato on S.E. coast Chinen Peninsula.

In the center of the line, elements of 96th Inf. Div. made gains on 3 June of 500 to 1200 yds. Southwards and Westwards capturing the towns of Tera with adjacent high ground Inasomi and Kamizato against light resistance.

On the right flank light enemy attempts to infiltrate the III Phib. Corps lines were repulsed. Gains of 800 to 1000 yds. were reported up to 1700/3 June, during the course of which a hill feature 200 yds. N. of Karara was seized: heavy machine gun and mortar fire were experienced.

Total enemy estimated dead on Okinawa number 64,012: prisoners total 1534 including 905 combat troops and 629 labor personnel.

Naval and air support was provided to ground forces on Okinawa on 2 June on a normal scale although poor visibility during the afternoon limited naval bombardment to harassing fire. Naval fire was provided by battleships, cruisers and destroyer: aircraft from a fast carrier group, escort carriers and land bases provided support. In 22 sorties dropping 5 tons bombs and 208 rockets plus napalm tanks. Enemy air activity continues on a low scale with apparently some intensification on 3 June. Further reports state that in addition to the 1 Jap fighter that penetrated Kerama on 1 June (as previously reported), 2 torpedo bombers also attacked ships during the evening 1 June: torpedoes were dropped as soon as the bombers were taken under fire and ran well clear of ships.

No attacks apparently occurred during daylight 2 June but during the night 2-3 June, 1 enemy reconnaissance plane was shot down by night CAP. No details are reported as yet of any air attacks 3 June but land-based fighters claim 25 enemy planes shot down on 3 June during barrier patrols over Kikai area.

At 0735/2 June, a submarine was sighted by aircraft off Northern Okinawa but subsequent searches were negative.

- (2) Sakishima Group - On 1 and 2 June target in Sakishimas were attacked by aircraft from escort carriers. During th 2 days operations, 2 enemy planes airborne were shot down, several fishing boats and launches were destroyed and runways, AA positions and maintenance facilities at Ishigako, Miyara, Hirara and Nobara were bombed strafed and rocketed. The enemy recommenced repairing the runways of these 4 airfields immediately after they had been hit.

2. FORMOSA - Night 1-2 June Kiirun was bombed by 1 B-24 and Taito by another B-24.

On 2 June, Kiirun dock facilities were bombed by instruments by 39 B-24's with 288 x 1000 lb. bombs and Hozan chemical plant was bombed by 45 B-24's with 234, 1000 lb. bombs. In addition on 2 June, the usual sweep over Formosa rail communications were carried out by 45 P-38's, 25 P-51's and a few B-25's.

Reconnaissance 2 and 3 June revealed only a few small ships around Formosa shores. As a result of attacks 1 lugger was sunk off Kiirun, 1 Junk, 1 launch were strafed off N. Formosa and 2-3 motor launches were strafed in pescadores.

CHINA COAST - At 0820/2 June, a PB4Y sighted 6 landing craft, loaded with fuel, on the beach 30 miles E.N.E. of Foochow: as a result of attacks 4 of the landing craft were destroyed. It is recalled that on 22 May, 9 landing craft were observed at Hsia-Pu in this vicinity and the sighting coincided with a report of minor Jap counter-landing there.

(ii) ENEMY FORCES (Contd.)

3. CHINA COAST (Contd.) - At 1300/3 June about 200 junks were sighted by PB4Y in a cove near Fort Bayard on Luichow Peninsula. This is now the third sighting of a sizeable concentration of this type of craft in this area and may have some bearing on a China report (graded C-2) that near the end of May 12,000 Jap troops sailed from Hainan to Fort Bayard in 300 junks. Reports generally indicate Jap evacuation from Hainan and probably from Luichow Peninsula.

Other reports by reconnaissance planes 2 and 3 June involve small numbers of small ships at Hainan, Canton, Hong Kong and Macao: 4 river boats were sunk and 3 small craft damaged on 2 June at the Mouth of the Canton river as a result of attacks.

4. MALAYA - At 1339/2 June, a PB4Y2 sighted a destroyer 25 miles S.S.E. of Kuantan, course 180°, speed 15 knots.

5. WEST COAST BORNEO - On 2 June, air strips and personnel areas from Kudat to Pontianak were attacked by aircraft. Kudat, Jesselton and Brunei Bay Personnel and supply areas were attacked by 12 B-25's, 10 P-40's and 12 B-24's respectively and the airfields at Keningau, Miri, Rajang, and Pontianak were attacked by 2 Beaufighters, 6 P-38's, 1 B-24, and 18 B-24's respectively. In addition 2 luggers off Cape Sirik were strafed during a sweep by 6 P-38's.

PHILIPPINES - Increased enemy resistance is reported by elements of 37th Div. during their advance N. along Highway 5: positions 5 miles N. of Santa Fe were reached on 3 June. Forward patrols report a slow but steady stream of enemy troops Northwards from Sabangan (approx. 40 miles N.N.E. of Baguio) towards Bontoc. Air support was provided over Luzon on 3 June on a normal scale.

7. EAST INDIES

(1) Tarakan - Pressure continues on the isolated Jap strongpoint in Central Tarakan: air support was provided by 16 B-24's on 2 June.

(2) N.E. Borneo - On 2 June Sandakan was attacked by 10 B-25's, 23 P-38's: slight AA fire was encountered by the B-25's.

On 3 June Pensiangan town (inland, approx. 100 miles N.W. of Tarakan) was attacked by 5 PV's: Japs in the town were well strafed.

(3) S. Celebes - Small craft off Kendari were attacked on 2 June by 2 B-24's as a result of which 3 small freighters were probably sunk and a gunboat was damaged.

8. BISMARCKS-SOLOMONS - Following air strikes on 2 June involving over 43 F4U's, Australian troops advanced a further 1000 yds. down the Buin road to position 1000 yds. S.E. of Runai. An enemy concentration is reported at Shishigatero, another 3 miles down the road.

D. CENTRAL PACIFIC

1. JAPAN - A delayed report reveals that Kyushu was raided 1 June by P-47's from Okinawa: no further details are available.

Photos of Kure area 28 May show little change in the situation of naval fleet units there, representing the larger part of the remnants of Jap fleet. Present were:-

1 battleship "HARUNA" - no change in location but unidentified construction on stern: after turrets removed, forward turrets remain intact.

2 carriers "AMAGI" "KATSURAG" camouflaged.

1 battleship/carrier "ISE" class.

2 light carriers, probably "RYUHO", heavily camouflaged, and "HOSI" -

1 escort carrier "KAIYO" not camouflaged but with encumbrances on deck.

2 heavy cruisers "ACBA" and "TONE", no change

1 light cruiser "OYODO", no change.

19 destroyers, 3 "TERUTSUKI" 1 "MINEKAZE", 15 "MATSU".

In addition 4 old heavy cruisers, sub-tender "CHOGAI" and the carrier hull "ASO" are present: the former location of the second "ISE" class battleship/carrier was not covered in photos 28 May and the light cruiser "SAKAWA" was not present in any of the area covered.

(ii) ENEMY FORCES (Contd.)

1. JAPAN (Contd.) - Photos 31 May of Yokosuka show:-

1 old battleship "NAGATO" camouflaged.
6 destroyers, 1 "EUBUKI", 1 "TAKANAMI" (partially stripped
of armament) 2 "MATSU", 2 old-type destroyers

In addition 1 "MATSU" class destroyer is building.

Recent Photos of Sasebo showed:-

2 carriers "KASAGA" "HAYATAKA" camouflaged.

1 light carrier now tentatively identified by ONI as "IBUKI"
formerly classified as heavy cruiser.

On the bases of the above and other recent coverage it is now
considered that all Jap first-line carriers, light carriers and
battleships in Japanese waters are in non-operational status.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Rapid advances Okinawa: continued light scale enemy air activity, probably increasing in intensity 3 June.
- (2) Apparent non-operational status of all Jap CV's, CVL's and BB's in Japan.
- (3) Probable Jap evacuation of Hainan and Luichow Peninsula.
- (4) Effective offensive air patrols on Empire waters and China coast.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Reports to 1700/4 June state that rapid progress continues in the Southern drive on Okinawa.

Elements of 7th Inf. Div. on the left flank captured Minatoga and continued their advance S.W. along the coast to enter Gushichan at nightfall. Gushichan on the S.E. coast of Okinawa is about 5 miles from the

Southernmost tip of the island (Cape Ara) and is the Eastern anchor of what was believed to be the last enemy defence line of the Island, running from Gushichan approximately W.N.W. to Itoman.

Mopping up is in progress on Chinen Peninsula and a pocket of Japs is putting a final stand in that sector on the N.E. extremity of the Peninsula. Thousands more civilians are coming under American control on Chinen Peninsula.

On the right flank elements of 6th Mardiv. made a landing on the S.W. coast of Oroku Peninsula, on which lies Naha airdrome against light resistance. Other elements crossed Naha estuary from the North after repairing or rebuilding the bridge from Naha to Oroku Peninsula via Ono Island. The Northern half of Naha airfield was captured by 1845/4 June by 6th Mardiv Elements advancing through heavy rains along flooded runways. The main fighting on Oroku Peninsula is centered around Kakibana, approx. 1300 yds, E. of Naha airfield.

Advances of up to 1300 yds. were made in the center of the line by 1st Mardiv. and 96th Inf. Div. against resistance located in a number of strong points.

The front line at 1700/4 ran approximately N.W. to S.E. on an irregular line from the Northern part of Naha airfield to Gushichan.

Support was provided to ground forces on 3 June by Naval surface ships including battleships, cruisers and destroyers and by aircraft from a fast carrier group, from escort carriers and from land-bases.

As indicated by preliminary reports (refer yesterday's Summary No. 1222) enemy air activity over Okinawa was intensified on 3 June. During the 24 hour period ended 2400/3 June, there were 18 raids involving an estimated total of 75 enemy planes of which 45 were destroyed: enemy planes came mostly from N. and the heaviest raids occurred early afternoon. Light raids commenced before dawn when 6 enemy planes came over but caused no damage, for the loss of 2 planes (1 to night fighter and 1 to ships' AA). Commencing at 1235/3 June the raids became more severe: one suicide hit an LCI and another suicide crashed 5 yds. off a merchant ship but no other damage has yet been reported. During the afternoon and early evening tactical airforce CAP shot down 35, escort carrier CAP shot down 2 and ships' AA claimed 6 enemy planes destroyed including suicides. Another small raid from N. occurred at 2200/3 June but no damage was suffered by either side.

Night 2-3 June, Patrol LCI's discovered some 20-25 Japs in the water off Kutaka Island (3½ miles E. of Chinen Peninsula) having deliberately capsized small boats in which they were traveling: the small boats were not suicide type. Some 6 of the swimmers permitted capture and others swam ashore but some drowned of their own volition. The occupants were without clothes, carried grenades and wore under-water goggles: the boat contained rifles grenades and provisions. The purpose of these missions is not yet clear but a clue may be derived from a Jap sergeant captured in Nakagusuku Bay under similar circumstances early A.M. 1 June: this prisoner admitted that he was trying to escape from Southern Okinawa.

Operations on Iheya Island continue satisfactorily following upon the landing there A.M. 3 June.

- (2) Sakishima Group:- This area was covered 3 June by aircraft from escort carriers but details are not yet available.

FORMOSA - Night 2-3 June Kiirun was bombed by 1 B-24.

On 3 June warehouse and barracks areas at Hosan were bombed by 29 B-24's with 174 x 1000 lb. bombs and Takao was bombed by 46 B-24's with 276 x 1000 lb. bombs as alternative to Hosan and the Jitsugitsu Dam: Toko was also bombed by 3 B-24's.

(ii) ENEMY FORCES (Contd.)

3. CHINA COAST - On 3 June shipping in the Canton river Mouth was attacked by 18 P-51's: 9 small craft, some carrying personnel, were well shot up. Prior dawn 4 June, 2 PBM's patrolled the coast from Hainan to Hong Kong: some 45 junks or other type small craft were well strafed, out of about 65 located.
4. FRENCH INDO CHINA COAST - No shipping was seen by 4 PBV's which patrolled the coast 3 June: railroad equipment and installations between Tourane and Cap. St. Jacques were attacked by these planes.
5. MALAYA - Reconnaissance 3 June was hampered by poor visibility and the cruiser anchorage was not seen. A number of merchant ships were observed in the Singapore and Lingga areas.
6. WEST COAST BORNEO - Additional air strikes in this area 2 June involved 12 Beaufighters, 4 P-40's attacking Brunei Bay buildings. On 3 June, targets at Maradu Bay were attacked by 12 B-25's, a radio station at Keningau by 8 P-38's, buildings on Muara Is. (Brunei Bay) by 16 B-24's and the runway at Kotawaringin (S.W. Borneo) by 14 B-24's.
7. PHILIPPINES
- 1) Luzon - Continuing their drive N. along Highway 5, elements of 37th Div. reached positions 1 mile S.W. of Aritao at the head of Cagayan valley against scattered resistance. Air support was provided as usual on 4 June.
- (2) Mindanao - At 0830/3 June, a U.S. Army reconnaissance combat team was landed at Kimba Point on Balut Is. off the S. tip of Mindanao: support was provided by PT boats. The beach was secured against no initial opposition.
8. EAST INDIES -
- (1) Tarakan - Limited gains were reported 3-4 June by A.I.F. forces on Tarakan, supported 3 June by 10 B-25's, 29 P-38's.
- (2) Java Sea - Early A.M. 2 June a medium sized merchant ship was hit by torpedo, a sub-chaser was blown up and another sub-chaser probably sunk as a result of an attack by allied submarine. The ships were in Sunda Straits and presumably in convoy. Delayed submarine reports involve an attack with gunfire on a Jap sub-chaser off Bawean Island (Central Java Sea) on 21 May and on a small freighter off Japara (North coast of E. Java) 28 May: both enemy ships were damaged. At 1225/3 June, a sub-chaser was seen by PBM 60 miles S.S.E. of Laeet Is. (S.E./ Borneo), on course 300°.
- (3) Timor - Cape Chater airdrome was attacked by 4 B-24's, 9 Spitfires A.M. 3 June: 1 parked plane is claimed destroyed and 4 possibly destroyed. Photos 4 June show no serviceable planes on Cape Chater, but of 3 planes that were present on 2 June, as shown by photos that day, 1 has left the airdrome and the other 2 were at least damaged by the B-24/Spitfire strike on 3 June.
9. BISMARCKS-SOLOMONS - On 4 June, Australian troops continued their drive S.E. along Buin road reaching positions 2000 yds. W. of Monoitu Mission. Air support was provided in this area 3 June by 71 F4U's.

B. CENTRAL PACIFIC

1. JAPAN - On 3 June Kyushu airfields were attacked by aircraft from a U. S. Fast Carrier Group. Bad weather interfered and strong enemy airborne opposition was encountered: 6 enemy planes were shot down and 3 were destroyed on the ground at Miyakonojo and Rouchi airfields. Our ships were not molested by enemy planes. Photos 3 June show 220 operational combat aircraft on 3 Kyushu fields: Kanoya, Kanoya East and Kushira.
2. EMPIRE WATERS - Effective offensive air patrols continued over Japanese waters 3 June: 2 small freighter transports, 2 small freighters were sunk and 3 small craft or picket boats were damaged all off S. coast Japan between Tokyo and Shikoku; 2 floatplanes were shot down S. of Korea.

(ii) ENEMY FORCES (Contd.)

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Rapid advances Okinawa including partial occupation Naha airdrome: increase enemy air activity 3 June.
- (2) Another Blue carrier strike Kyushu, hampered by weather and strongly opposed.
- (3) Blue submarine successes Java Sea.
- (4) Effective offensive air patrols Empire waters and China coast.
- (5) Blue landing Balut Is. (S. Mindanao), unopposed.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- 1) Okinawa - No details are available on Okinawa land operations subsequent to 1700/4 June.

Bad weather and anticipated typhoon conditions limited all support operations 4 June.

There was no enemy air activity over Okinawa during the 24 hours ended 2400/4 June.

Theya island was secured by 1245/4 June.

- (2) Sakishima - Details of the CVE strike on Sakishimas 3 June state that 54 tons of bombs and 544 rockets were expended on runways and AA positions at Ishigaki, Hirara and Nobara: 1 fighter and 4 biplanes were destroyed on the ground at Nobara. In addition 2 small boats at Iriomote and 3 small boats N. of Ishigaki were all strafed.

2. FORMOSA - Night 3-4 June Taihoku was raided by 1 B-24. On 4 June, railway yards and installations at Takao were bombed by 39 B-24's with 275 x 1000 lb. bombs. In addition on 4 June a sweep of railroad communications was conducted by 4 P-38's and gun positions at Koshun were strafed by 7 P-51's.

3. CHINA COAST - Early A.M. 4 June, shipping at Shanghai was attacked by 2 B-24: 1 of 3 medium freighters attacked was sunk and a lightship was also attacked without success.

Reconnaissance PB4Y's on 4 June attacked and destroyed a probable sub-chaser near Macao but no other shipping of any size was seen along the coast between Hainan and Formosa strait. However, another large concentration of sailing junks was observed close in-shore between Fort Bayard and St. John's Is. adding yet another sighting of this type which may well be associated with the enemy's probable withdrawal from Luizhow Peninsula.

4. FRENCH INDO CHINA COAST - Search of this coast 4 June by 5 FB4Y's revealed only a barge at Quinhon and a motor launch with 5 barges near Nha Trang: 2 barges were destroyed and the motor launch set on fire near Nha Trang; the barge at Quinhon was damaged. Railroad equipment between Tourane, and Cap St. Jacques was attacked by 4 of the FB4Y's.

5. WEST COAST BORNEO - On 4 June, the strip at Bintulu (on the coast midway between Kuching and Miri) was bombed by 24 B-24's rendering same temporarily unserviceable: the customs wharf and a patrol boat alongside the strip were also hit. In addition on 4 June, buildings at Miri and Sibu were bombed by 10 and 14 B-24's respectively and targets at Marudu Bay and Brunei Bay were attacked by 4 B-25's, 4 P-40's and 4 Beaufighters. One enemy fighter ineffectively intercepted the B-24's which attacked Miri.

6. PHILIPPINES

- (1) Luzon - Driving North toward Cagayan Valley, elements of 37th Div. captured Aritao on Highway 5 relatively unopposed and continued another 4000 yds. along the road towards Bayombong. The next organized enemy defence line is anticipated in the vicinity of Bayombong.

In the mountains E. of Manila, enemy resistance in the Mt. Lamita area has collapsed but strong resistance is being encountered as elements of 43rd Div. drive up the Western slopes of Mt. Purro into the enemy's second line of defence.

Air support over Luzon was provided on a normal scale on 5 June involving 431 sorties: Cagayan valley targets were attacked by 110 A-20's, 33 B-25's, 92 P-51's, 74 P-47's, 78 P-38's and 4 P-61's; Ipo area objectives were attacked by 40 P-38's.

- (2) Mindanao - Enemy resistance is described as moderate by our forces advancing in Central Mindanao, East of Sayre Highway and in the area North of Davao.

At 1210/5 June an amphibious landing was made by a reconnaissance combat team at Cape San Augustin (S. tip of East coast Mindanao): there was no initial opposition. The landing team was quickly established ashore and the radio station, a gasoline dump and a generator unit were all destroyed within an hour of the landing. The operation was supported by destroyer and LCI gunfire.

(ii) ENEMY FORCES (Contd.)

7. EAST INDIES

- (1) Tarakan - Pressure continues on the enemy defence positions in the Central Tarakan hills supported on 4 June by 12 B-24's.
- (2) E. Borneo - On 4 June, AA positions at Balikpapan, personnel areas at "Anggar and buildings at Samarinda were bombed by an aggregate of 23 B-24's, 23 B-25's.
Also on 4 June, 4 coasters at Samarinda were unsuccessfully attacked by 2 B-24's and 3 small coastal freighters in the vicinity of Laoet Is. were attacked by another 2 B-24's as a result of which 1 coaster was left sinking and a second was damaged.
- (3) Celebes Sea - At 1350/5 June, a submarine contact was reported by U. S. destroyer 50 miles W. of Morotai.
- (4) E. Java - Photos 4 June of 8 airfields in the general Sourabaya area showed only 7 twin-engined bombers 3 T/E transports and 9 probable trainers. Malang had 4 T/E bombers and 8 probable trainers; Tandjong Perak had 3 T/E bombers and 3 T/E transports; Pasiran had 1 S/E probable trainer: there were no aircraft on Hatji, Den Pasar, Gillitmoer, Bakalan and Grisse: there were 9 floatplanes at the Morokrengangan seaplane base (Sourabaya). all runways were serviceable.
Photos 29 May, as previously reported, showed 24 trainers at Djokjakarta and 3 probable trainers at Klaten which would be additional to the above.
The photographic Mosquitoes over Sourabaya 4 June saw no shipping of any size: sighting included 1 motor torpedo boat, 3 small freighters and usual small craft in Sourabaya Harbor.
- (5) W. Java - At 2230/3 June, Tandjong Prioh (Batavia) dock area was bombed by 7 B-24's with 7½ tons bombs plus some incendiaries. A probable destroyer off-shore was damaged by 3 hits with light bombs.

B. CENTRAL PACIFIC

1. JAPAN - Preliminary reports state that another heavy B-29 raid was made on Kobe during daylight 5 June but no details are available.
2. EMPIRE WATERS - Offensive air patrols were continued 4 June by planes from Okinawa and Iwo Is. A large fleet oiler off Sasebo was hit, exploded and believed sunk: a small freighter was sunk and 6 small ships were damaged, 1 enemy fighter was shot down and 2 were damaged, all off S. coast Honshu.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Anticipated typhoon conditions limit Okinawa operations: no enemy air activity 4 June.
- (2) Hydrographic survey Naha Bay and Nakagusuku Bay preparatory to establishing unloading facilities.
- (3) B-29's raid Kobe.
- (4) Effective offensive air patrols Empire waters and China coast.
- (5) Another sighting large concentration of Junks S.E. China coast.
- (6) Possible enemy submarine Celebes Sea.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Still no further details are available concerning land operations on southern Okinawa since 1700/4 June.

Enemy air activity was resumed again evening 5 June on a light scale: between 1920 and 2030/5 a few raiders approached from W and SW during periods of low ceiling and light rain. Two suicide planes hit ships (1 cruiser 1 battleship) causing some damage and casualties. In addition 3 enemy fighters (Army type) were shot down by ships AA making a total of 5 planes destroyed. No damage was suffered by our ships except by the 2 suicides.

Fire support was provided as usual on 5 June by battleships cruisers and destroyers. Much activity was observed on 5 June in the SW corner of Okinawa, largely involving civilians.

- (2) Sakashima - A.m. 4 June Hirara, Nobara, Ishigaki and Miyara airfields were all attacked by aircraft from CVE's: 1 fighter (Army type) was damaged on Miyara.

CVE strikes scheduled against Sakashimas on 5 June were all cancelled due to weather.

2. FORMOSA - Weather prevented all major strikes on intended Formosa targets on 5 June but some B-24's penetrated to attack tertiary targets and 21 P-51's strafed 5 Formosa objectives. Still worse weather on 6 June necessitated the cancellation of all Formosa strikes although Taihoku was bombed night 5/6 June by 1 B-24.

3. CHINA COAST - Night 4/5 June, 4 freighter transports (each 2000-4500 tons) in the Yangtze River mouth were attacked by 2 B-24's and 1 was probably damaged.

Early a.m. 6 June shipping at the mouth of Yangtze River was again attacked by 3 B-24's and 1 freighter transport (2000-4500 tons) was sunk and another similar ship was probably sunk.

Also during night 5/6 June, 2 warships were encountered by PBM off Swatow. Despite pitch darkness through which the ships were not visible, even with the use of binoculars, accurate AA was encountered at a distance of 1 mile leading to the conclusion that the ships were at least destroyers equipped with radar-controlled AA. This suggests the possibility the enemy may be using warships for fast night transportation runs to SE China, possibly connected with the probable evacuation of Hainan and Luichow Peninsula.

4. TONKIN GULF - Shipping and the airfield at Vinh (approx 200 miles NW of Tourane) were attacked by 2 PB4Y's at 1145-1300/5 June: 3 coasters on the slipways (including 2 already damaged) were destroyed and 2 other coasters in the river were set on fire; a hangar on the airdrome was set on fire and an airplane in the hangar was seriously damaged; the shipyards were left burning fiercely.

5. SOUTH CHINA SEA - On 5 June the airfield on Soebi Ketjil Is (in Natoena Group) was bombed by 2 PB4Y2's: the strip appeared operational.

6. WEST COAST BORNEO - On 5 June buildings at Tuaran (15 miles NE of Jesselton) were attacked by 12 B-25's, 16 P-38's, 6 PV's: buildings at Kudat were attacked by 15 P-38's with napalm incendiaries; Labuan Island including Timbalai airfield was bombed by 27 B-24's with 53 tons bombs plus napalm incendiaries. Kuching runway was bombed by 18 B-24's.

7. PHILIPPINES - Rapid progress is being made by our forces northwards along Hwy 5 towards Cagayan Valley: Bambang was captured 6 June and forward elements continued a further 3 miles along the road encountering only scattered sniper and rifle fire.

In the mountains E of Manila, the crest of Mt. Purro was seized on 6 June and advances were made in a drive on Mt. Compananan.

Air support was provided over Luzon on 6 June in 336 sorties involving 58 A-20's, 278 fighter-bombers.

8. EAST INDIES

- (1) Tarakan - Despite further air attacks on 5 June by 12 B-24's, the enemy continues to offer stubborn resistance from his positions in the central Tarakan hills.

8. EAST INDIES (Contd.)

- (2) EAST BORNEO - On 5 June airfields around Samarinda were bombed by B-24's: Mc airdrome was hit by 17 B-24's and Asa by 18 B-24's.
Also on 5 June, small type shipping at Bandjermasin was attacked by 2 B-24's as a result of which 2 coasters were sunk and 8 damaged.
- (3) South Coast Borneo - On 5 June a river steamer was probably destroyed in the Seroejan River mouth (central south coast) as a result of attacks by a PB4.
- (4) West Java - Evening 5 June, an enemy heavy cruiser with 1 destroyer was reported by Allied submarine to have arrived at Batavia, probably on some transport mission from Singapore.
- (5) East Java - Photos of Sourabaya 4 June, covering the Naval base, the Commercial Harbour and Sourabaya Straits show:-
2 destroyers (including 1 in dry dock)
9 escort vessels (destroyer escorts, sub-chasers or torpedo boats)
2 minelayers
2 submarines
2 freighter transports (1 of 8500 tons and 1 of 2000 tons)
1 small tanker
4 engines-aft freighters of about 2300 tons each
about 70 coastal freighters.
- (6) Celebes - On 5 June, Tanamon airdrome on N Celebes was bombed by 4 B-24's. Photos 5 June of 4 airdromes in the Makassar area show no aircraft present: runways at Mandai and 1 strip at Boeloedowang are unserviceable but those at Limboeng and Bingkalapa are serviceable.
- (7) Flores - Photos 5 June show no serviceable aircraft on Waioti nor on the 2 Macemere airfields: all strips are serviceable and one at Macemere has been in use recently.
9. NEW GUINEA - At 1400/6 June, 2 submarines were observed by aircraft on the surface 60 miles NW of Humboldt Bay about 12 miles distant from each other. Further investigation is in progress.
10. DISMURCKS-SOLOMONS - On S Bougainville, Monoitu Mission (approx 25 miles from Buin) was captured by AMF troops; support was provided on 5 June over this area by 60 F4U's.

B. CENTRAL PACIFIC

1. JAPAN - A total of 483 B-29's reached Honshu in the strike on Kobe urban area a.m. 5 June: 446 have reported excellent results over the target, 4 planes bombed secondary objectives and another 33 B-29's landing away from base have not yet reported. 8 B-29's were lost.
Photos of Osaka subsequent to the B-29 raid 1 June show a total of 11.53 square miles or 18.7% of the built up portion of the city now destroyed.
Photos of shipping at Osaka 4 June show:-
1 frigate
3 LSM (1 building)
23 operative merchant ships totalling 50,000 tons in addition to 13 ships totalling 60,000 tons building repairing or outfitting.
- (2) Korea - Photos 3 June of shipping at Fusan shows a total of 101 merchant ships totalling 97,300 tons and 3 naval auxiliaries. In addition there are some 900 small craft under 100 feet in length present and 3500 gross tons of shipping in dry dock.
- (3) Empire Waters - On 5 June, patrol planes from Iwo Is. destroyed 2 small coastal freighters and damaged a subchaser and 1 coaster, all during searches along south coast Honshu.

/-/-/-/-/-/-/

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Typhoon alert Okinawa lifted: light enemy air activity renewed.
(2) Jap heavy cruiser run Singapore to Batavia.
(3) Details B-29 raids Kobe: 18.7% of Osaka destroyed.
(4) Effective offensive air patrols Empire waters and China coast.

Distribution:
As usual

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS - On Okinawa, Naha airdrome was secured on 6 June and elements of 6th Mardiv continued to drive SE; patrols reached the outskirts of Uibaru and Gushi. Substantial gains were made in the centre of the line by 1st Mardiv and 96th Inf Div but there was little change in position of left flank where supply difficulties are being experienced due to impassable roads.
Estimated enemy dead on Okinawa to 2400/5 June totalled 65,677.
2. CHINA COAST - Further reports of large concentrations of junks along SE China coast have been received: on 6 June a ground observer reported 100 junks and 14 small escorts at the mouth of Wu River (Wenchow) and recce revealed an unusually large concentration of junks, estimated at 200, in the vicinity of Hongkong at 1000/7 June. Recce 7 June failed to locate the concentration of junks near Wenchow but this does not disprove the original report which is considered reliable.
Local sources report that the junks at Wenchow are being used to evacuate supplies to the north and that most of the Japs have already departed Wenchow city; also that Amoy is to be evacuated.
These reports indicate that the whole coastline of SE China, at least as far as Wenchow, may soon be clear of Japs except perhaps for small garrisons or observation posts.
Recce of Shanghai midday 6 June revealed 1 large tanker, 3 escorts and a number of unidentified ships there. On 7 June, 8 small freighters or coasters, 1 destroyer escort and 10 small craft were observed at Kiungshan (Hainan) by PB4Y; 3 coasters, all derelict, was all that was seen at Yulin.
3. MALAYA - Reconnaissance of Singapore and Lingga 6 June was ineffective due to poor visibility.
4. WEST COAST BORNEO
 - (1) Brunei Bay - Allied minesweepers operating off Brunei Bay 7 June swept 34 contact mines in one area but all other areas were negative: there was no enemy interference with the days operations.
Several large smoke columns were observed in the vicinity of Brunei Town suggesting that enemy demolition is in progress.
Delayed reports of additional air attacks state that targets at Brunei and Keningan were attacked by 12 Beaufighters on 4 June.
On 6 June, Beaufort was attacked by 8 P-38's, Labuan Is by 24 B-24's, and Brunei Bluff by 12 B-25's.
 - (2) Jesselton - The strip at Jesselton was bombed by 8 P-38's 6 June.
 - (3) Miri-Pontianak - On 4 June, Sibul (near Kuching) was bombed by 4 Beaufighters; on 5 June Miri strip was dive-bombed by 12 P-38's; on 6 June Miri strip was dive-bombed by 18 P-38's, Pontianak strip was bombed by 6 B-24's, Kotawaringen strip was bombed by 12 B-24's and Singkawang strip by 1 B-24.
5. PHILIPPINES - The northward drive on Luzon into Cagayan Valley continued on 7 June with undiminished rapidity: Bayombong was captured and loading elements continued along Highway 5 towards Solano. The advance was made without opposition: the anticipated resistance in the Bayombong area- the entrance to Cagayan Valley - did not materialize.
In the mountains E of Manila, Mt. Compananan was captured 7 June against light opposition and advances were made in other sectors in this vicinity supported by air strikes.
Air support was provided over Luzon on 7 June on a normal scale: support was provided to ground forces in Davao area by 59 SBD's and 5 SBF's (Helldivers).
Two enemy planes, 1 fighter and 1 bi-plane both apparently operational were located on Basco airdrome, Batan Is. (off N. Luzon) by 2 P-51's on 7 June: the bi-plane was set on fire and the fighter was damaged.

(ii) ENEMY FORCES (Contd.)

6. EAST INDIES

- 1) Tarakan - Enemy resistance continues strong in the central Tarakan hills despite air attacks involving an additional 12 P-38's on 5 June and by 12 B-24's on 6 June.
- 2) Celebes - Langoan airdrome on N Celebes was bombed by 6 B-24's on 6 June. Reconnaissance 6 June saw possibly 50 native craft or luggers off Southern Celebes. On 7 June 2 enemy fighters were encountered by B-24 over Kendari.

7. BISMARCK-SOLOMONS

A party at Ungalile Island, off N coast New Hanover, reported being shelled by an enemy submarine at 1730/5 June.

This is the first reported enemy submarine activity in this area for some time.

B. CENTRAL PACIFIC

1. JAPAN - Preliminary reports state that Osaka was subjected to a heavy B-29 strike at midday 6 June, with P-51 escort. No further details are yet available.

Further detail of the Kobe raid on 5 June reveals that 468 B-29's dropped 3,048 tons of incendiaries; photos show fires scattered throughout the entire target area. Enemy aerial opposition was strong and involved some 470 attacks on the B-29's: 1 B-29 was reported rammed. Losses inflicted on the enemy are reported as 62 aircraft destroyed, 48 probably destroyed and 65 damaged. AA was intense and accurate. 8 B-29's were lost.

Photos of Osaka's area of 8 airdromes and 2 seaplane stations show a total of 262 operational combat planes.

2. EMPIRE WATERS - During air patrols 6 June, an enemy fighter was shot down over E China Sea and during an engagement with 6 enemy planes by 2 PBM's NW of Amami Is. 4 of the Jap planes were damaged.

/-/-/-/-/-/-/-/

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Blue operations South China Sea.
- (2) Good progress on Okinawa.
- (3) Osaka raided by escorted B-29's again.
- (4) Aerial opposition over Kobe 5 June involved 470 attacks.
- (5) Effective offensive air patrols Empire waters and China coast.
- (6) Reported Jap sub attack Bismarck Archipelago.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - On Southern Okinawa, Oroku Peninsula was virtually sealed off on 7-8 June in a swift advance by the Army's right flank to the S.W. coast of Okinawa approx. 900 yds N. of Itoman which cut off the remainder of the peninsula on the Peninsula. This Manoeuvre was aided by a landing supported by air and artillery on 8 June at a point 400 yds. N. of Itohma.

The greatest advance was made by 1st Mardiv. elements on 8 June progressing 1600 yds. unopposed seizing the town of Zawa and reaching the N. bank of the Mukue river.

The main front line is now in contact with the anticipated Jap "last ditch" defence line running from Itoman on W. coast to Hanagusuku near the E. coast enclosing the Yaeju Dake escarpment. Determined resistance is reported along this entire line on 7 and 8 June including intense machine gun fire encountered by patrols probing into the Yaeju Dake area.

Oshima, off S.E. coast Okinawa, was secured on 7 June after a landing had been made the previous day: only civilians were encountered there.

Improved weather conditions 6 June enable better support to be provided by both naval surface ships and by aircraft. Naval support was provided by battleships, cruisers and destroyers hitting buildings and caves besides dispersing troop concentrations. Close air support was provided by CVE's in 188 sorties dropping 83 tons bombs, 24 napalm tanks and firing 112 rockets in addition to 29 bombing plus many strafing sorties by land-based TAF.

Estimated enemy dead to 2400/7 June total 66,834.

Enemy air activity was resumed on an increased scale in 2 phases evening 6 June. Heavy raids were experienced 1600-1730/6 June from N. and 1900-2030/6 from S.W. Total scale of effort is not estimated but preliminary reports state that 47 enemy planes were destroyed: 18 by ships including suiciders, 12 by Okinawa CAP and 17 by Kyushu barrier patrol involving TAF fighters. Two ships, both minesweepers, were damaged by suiciders.

Enemy air activity was continued on 7 and 8 June but details are not yet available.

- (2) Sakishima - On 6 and 7 June, Sakishima airfields and installations were worked over by aircraft from escort carriers. Full details are not available yet but preliminary reports state that on 7 June, 1 Jap fighter was shot down and 11 planes were damaged on the ground on various airfields in addition to further damaging 20 already unserviceable planes.

2. FORMOSA - Weather prevented all scheduled strikes on Formosa both 7 and 8 June.

A few small craft only were seen by PB4Y's on 7 and 8 June around Formosa shores. As a result of attacks during the 2 days 3 luggers or junks were destroyed and 6 damaged.

3. CHINA COAST - Woosung dock area at Shanghai was attacked by 3 B-24's night 6-7 June and by 4 B-24's night 7-8 June.

A reliable ground observer reported that 1 destroyer arrived at Amoy from N. at 0700/6 June and that there were 5 destroyers present at Amoy A.M. 7 June. This report lends further support to the suggestion that the enemy may be using warships in addition to small craft for transportation purposes along China coast. It is recalled that local China sources reported recently that Amoy was to be evacuated shortly (refer Summary No. 1226).

Reconnaissance 8 June revealed shipping described as:-

- 1 destroyer
- 1 gunboat
- 7 small freighters or coasters
- 3 possible landing barges

at anchor in Amoy inner harbor.

Early A.M. 8 June, a concentration of some 40 large junks approaching Swatow from S.W. were attacked by a PBM and at least 10 were hit by strafing. At about the same time, possibly another group of about 50 junks was taken under attack by a second PBM approx. 80 miles S.S.W. of Swatow. AA was encountered from the junks indicating that they may have been accompanied by armed barges or other light escort vessels and 2 enemy planes attempted interception. In addition 6-12 unidentified planes trailed the PBM all the way from Kitchion Bay to Lingayen Gulf.

On 7 June, 4 trucks were destroyed 20 miles E.N.E. of Fort Sayard by a PB4Y and some railway rolling stock was damaged or destroyed near Sama on Hainan by another PB4Y.

(ii) ENEMY FORCES (Contd.)

4. FRENCH INDO CHINA COAST - Reconnaissance 7 June revealed 2 small coastal freighters anchored in Camranh Bay and also a hospital ship 100 miles S.S.E of Camranh Bay course 20°.

Railroad tracks and equipment between Tourane and Cap St. Jacques were attacked by 6 PB4Y's on 7 June and by 2 PB4Y's on 8 June.

MALAYA - Reconnaissance of Singapore 7 June was unsuccessful due to cloud cover.

6. WEST COAST BORNEO - Additional air strikes involve 6 Beaufighters hitting Brunei 5 June and 8 Beaufighters, 13 P-38's attacking Brunei, Jesselton, Kudat Ranan and Sandakan on 6 June.

On 7 June, Brooketon and other Brunei Bay targets were bombed by 35 B-24's and other objectives from Kudat to Kuching were attacked by 30 B-28 P-38's: these targets included air strips at Kudat, Jesselton and Keningau.

Preliminary report of air attacks 8 June state that Labuan airdrome (Brunei Bay) was bombed by 39 B-24's.

On 7 June 2 small river steamers were sunk near Kuching and 1 tug, 1 barge were dinged near Miri as a result of Attacks by PB4Y's.

7. PHILIPPINES - Rapid progress continues in our drive N. into Cagayan Valley: on 8 June elements of 33rd Div. captured Solano and drove another 5800 yds. N.E. to a point within 4½ miles of the key highway junction at Bagabag.

East of Manila, Mt. Ayaas was secured 8 June and the top of Mt. Oro was reached against light opposition.

Air support over Luzon on 8 June was limited by weather to 45 P-51's, and 14 P-38's in Cagayan valley.

8. EAST INDIES -

- (1) E. Borneo - The situation on Tarakan remains virtually unchanged.
(2) Celebes - Mupangit airdrome (N. Celebes) was bombed 7 June by 6 B-24's.
(3) W. Java - At 0115/7 June, an enemy heavy cruiser was seen by submarine heading N. from Batavia. It is recalled that a heavy cruiser and 1 destroyer were reported to have arrived at Batavia evening 5 June.

9. BISMARCKS-SOLOMONS - After capturing Monoitu Mission and crossing Hari river, AMF troops swung S.W. and advanced down the river to its mouth at Mamagot (5 miles S.E. of Aitara Mission).

Air support was provided over S. Bougainville on 7 June by 79 F4U's.

B. CENTRAL PACIFIC

1. JAPAN - The most recent B-29 raid on Osaka urban area was midday 7 June (not 6 June as originally reported) and involved 419 B-29's of which 349 have already reported bombing the primary objective from 18,500 to 22,000 ft. Meager opposition only was experienced both by enemy fighters and AA: 2 B-29's were lost. Escort was provided by 133 P-51's which claim 2 enemy planes destroyed and 1 damaged: 1 P-51 was lost but the pilot was rescued.
2. EMPIRE WATERS - On 7 June patrol planes from Okinawa sank 2 small freighters, damaged 1 other small freighter off Sasebo and destroyed 1 coaster, damaged 3 other coasters N. of Shanghai.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Oroku Peninsula on Okinawa isolated and probably last enemy defence line under heavy assault.
(2) Further reports probably associated with Jap evacuation China coast.
(3) Jap CA returning Batavia to Singapore.
(4) Preliminary details of B-29 raid on Osaka.
(5) Effective offensive air patrols empire waters and China coast.

Distribution: as usual.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN PACIFIC

- 1) Okinawa - At 0610/9 June elements of III Phib Corps landed on Aguni Is. (35 mil. N.W. of Naha) unopposed and troops were last reported moving inland meeting no resistance.

On Southern Okinawa III Phib. Corps and XXIV Army Corps were maneuvering, 9 June, for an assault on the Itoman-Hanagusuki line and progress has been made on both flanks. Although Itoman on the right flank has not been occupied, strong patrols have penetrated deep into the former Itoman defences almost into the Southern outskirts of the town. Patrols are also reconnoitering the approaches to Kunishi ridge 2000 yds. S.E. of Itoman. Large numbers of civilians and some unarmed Jap troops were captured near Itoman. On the left flank sharp fighting was in progress at last report for possession of a hill feature 300 yds. S.E. of Hanagusuku, and patrols have entered Hanagusuku town. In the center of the line enemy positions on the Yaeju-Dake escarpment are being pounded by naval gunfire, artillery and aircraft. During 8 June air support mainly directed against the Yaeju-Dake escarpment, was provided by land-based TAF and escort carriers in 224 sorties dropping 38 tons bombs, 32 napalm tanks and firing 945 rockets. With regard to naval bombardment on 8 June, it is reported that support was provided on a reduced scale on account of dwindling targets.

On Oroku Peninsula, the Jap pocket surrounded inland at the base of the Peninsula is being slowly compressed but is offering strong resistance.

A further 869 Japs were killed on 8 June making a total estimated at 67,703 up to 2400/8 June.

Available details of enemy air activity over Okinawa on 7 June are meager but a total of 20 enemy planes were destroyed including suiciders. One escort carrier and 1 destroyer received minor damage from suiciders but both ships remain operational.

During the 24 hour period ended 2400/8 June, 60-70 enemy planes approaching from both N. and S.W. were involved in 37 raids on Okinawa but no damage to ships was suffered. Enemy losses during the period totalled 12 planes destroyed including 11 by CAP and 1 by ships' AA.

Enemy air activity was continued over Okinawa 9 June but details are not yet available save that TAF patrols shot down 3 planes.

- (2) Sakishima - Airfields and installations on Sakishima Islands were attacked by aircraft from escort carriers.

1. FORMOSA - All scheduled air strikes on Formosa 9 June were weathered out.

A few small ships were seen at various points around Formosa and in Pescadore by PB4Y's on 9 June, but nothing of any significance.

3. CHINA COAST - Night 8-9 June Woosung docks at Shanghai were bombed by 2 B-24's.

Night 8-9 June, a destroyer escort was reported by ground observer to have left Amoy for S. and a 2-stack destroyer was reported by PBM off Swatow probably bound for Swatow. These reports could both involve one unit only or could refer to 2 separate units but in any case it would now seem almost certain that the Japs are using warships for transport purposes at least as far South as Swatow travelling under cover of darkness.

Reconnaissance 9 June revealed no warships either at Amoy or Swatow but coverage was incomplete and any warships present may have been hidden.

4. HAINAN - Reconnaissance 9 June revealed a hospital ship at anchor in Yulin harbor and 4 small freighters, 1 possible gunboat at Kiungshan. It is recalled that a hospital ship was seen Northbound off Camranh Bay on 7 June: this could be the ship seen at Yulin on 9 June.

5. FRENCH INDO CHINA COAST - Reconnaissance 9 June sighted 1 small freighter at anchor in Camranh Bay but no other shipping: railroad equipment along the coast was attacked by 3 PB4Y's.

6. SOUTH CHINA SEA - On 8 June the air strip on Soebiketjil Is. in Natoena Group was bombed by a PB4Y.

(ii) ENEMY FORCES (Contd.)

7. MALAYA - Reconnaissance of Singapore 8 June was again unsuccessful due to cloud cover. One tanker, about 15 small freighters and numerous small craft were seen off Pinta Is. (S. of Singapore) and a large number of small craft were observed at the Mouth of Dungan river (near Trengganu on Central E. coast). In addition a convoy of 1 medium tanker, 2 small freighters and 3 escorts was seen off Kuantan, course 20°, with 1 fighter aircraft covering.

8. WEST COAST BORNEO - Additional air strikes on W. coast Borneo objectives involved 8 P-40's, 5 Beaufighters on 6 June, 4 P-40's, 10 Beaufighters on 7 June and 24 B-24's on 8 June. Preliminary reports state that Labuan personnel areas were bombed 9 June by 16 B-24's and Broketon town by 17 B-24's. On 8 June, a small freighter was left burning and another damaged as a result of PB412 attacks in the Pontianak area.

9. PHILIPPINES

(1) Luzon - Virtually no enemy resistance is being experienced in the Northward drive by elements of 37th Div. in Cagayan valley: the key highway junction at Bagabag was captured 9 June and armoured units continued a further 900 yds. along the road towards Santiago.

Mopping up is in progress in recently gained territory in mountains E. of Manila and the assault on Mt. Matapad continues.

Air support 9 June was again limited by weather: only 72 sorties were flown, all by fighter-bombers except for 1 B-25.

(2) Comotes Sea - At 0340/9 June an enemy submarine contact was reported by escort vessel between S.W. Leyte and Bohol Is.

10. EAST INDIES

(1) E. Borneo - A. I. F. troops on Tarakan made some progress 8 and 9 June but the situation remains virtually unchanged. A single enemy aircraft dropped bombs harmlessly on Tarakan before dawn 9 June.

On 8 June, gun positions and other targets at Balikpapan were attacked by 46 B-24's and 48 P-38's. One tanker and 13 small freighters were sighted at Balikpapan but it is thought that the size of the ships seen may be exaggerated.

Also on 8 June, 2 coasters were sunk and several small craft damaged as a result of attacks by 2 B-24's at Bandjermasin.

(2) Celebes - On 8 June, 6 schooners were observed at Makassar.

(3) E. Java - Sourabaya waters were mined by 4 Catalinas night 8-9 June.

11. BISMARCKS-SOLOMONS - Elements of 3rd AMF Division landed at Porton Plantation near Chabai in Mathin Bay (N Bougainville) in a shore-to-shore movement on 8 June. There was no initial opposition but small arms fire was later received.

On S.W. Bougainville, the drive Southwards towards Buin continues.

Air support over Bougainville was provided by 92 F4U's on 8 June.

B. CENTRAL PACIFIC1. JAPAN

(1) Osaka - Final details of the Osaka raid by escorted B-29's 7 June show that 409 heavy bombers were involved dropping 2600 tons on the primary target: 10 more B-29's bombed other targets of opportunity. Rescue was effected of 15 of the crew-members of the 2 B-29's lost.

(2) Kyushu - Night 7-8 June, Shimonoseki Straits and Fukuoka harbor (N.W. Kyushu) were mined by 26 B-29's.

On 7 and 8 June, S. Kyushu sweeps were conducted by TAF fighters from Okinawa and during the 2 days 25 enemy planes were shot down. Kyushu targets were also attacked 8 June by aircraft from U. S. Fast Carriers (TF 38) but details are not yet available.

2. EMPIRE WATERS - Patrol planes from Okinawa repeated their offensive missions on 8 June sinking 1 medium freighter off Shanghai and damaging 1 small freighter. 3 enemy planes were shot down N.W. of Kyushu, including 2 fighters.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

(1) Preparations for assault on enemy S. Okinawa defence line: enemy air activity continues on moderate scale.

(2) Details of B-29 raid on Osaka.

(3) Effective offensive air patrols empire waters and China coast.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- 1) Okinawa - No further details are available concerning land operations on Southern Okinawa subsequent to 1700/9 June.

Enemy air activity during the 24 hour period ended 2400/9 June consisted of 14 night heckling raids: bombs were dropped ashore at Ie Is. and near Kadena and Yontan airfields on Okinawa causing minor damage only. AA claims 2 enemy planes shot down and night fighters claim 3.

On 9 June normal naval support was provided by battleships, cruisers and destroyers against diminishing targets: close air support was provided by aircraft from escort carriers and by land-based TAF in 181 sorties dropping 41 tons bombs, 12 napalm tanks and firing 1017 rockets.

Naha harbor is reported free from mines and preliminary hydrographic survey is completed allowing the limited use of the harbor by LCT's: supplies to forward elements on E. coast have still to be transported by water down the coast by landing craft due to impassible roads.

- (2) Sakishima - Airfields and installations in the Sakishima Group were attacked 8 and 9 June by aircraft from escort carriers with 72 tons bombs and 1024 rockets. A few planes were found on the ground and 3 were damaged.
- (3) Daito Group - On 9 June Okino Daito was bombarded by cruisers and destroyers, and Minami Daito was attacked by aircraft from a fast Carrier Task Group.

2. FORMOSA - Night 9-10 June Toshien was bombed by 1 B-24. Bad weather again necessitated the cancellation of all air strikes scheduled on Formosa 10 June.

Reconnaissance 10 June revealed 2 small freighters at Kiirun, 1 probable dredge, 6 luggers at or near Takao and 16 coastal freighters or luggers in Pescadores.

3. CHINA COAST - At 1500/9 June, aircraft sighted 1 medium sized unidentified type ship with 1 escort vessel in Taichow Islands (between Shanghai and Foochow) heading S.W.

China reports state that allied troops are in the Southwestern outskirts of Luichow.

4. GULF OF SIAM - A delayed report states that a small steamer was sunk by allied submarine by gunfire in Gulf of Siam on 29 May.

5. SINGAPORE AREA - The Jap heavy cruiser probably "ASHIGARA" (NACHI class), was sunk by a British submarine in confined waters at the North approach to Bangka Strait at 1242/8 June. The cruiser was accompanied by a "KAMIKAZE" class destroyer and evasive manoeuvres in confined shallow waters had to be carried out by the submarine before the attack could be launched on the cruiser. The cruiser is thought to be the unit previously reported arriving at Batavia from the North evening 5 June and departing again early A.M. 7 June Northbound.

Bad weather during the past few days has precluded a view of Johore Straits by reconnaissance planes and the 2 heavy cruisers ("TAKAO" and "MYOKO") have not been seen since 1 June. However, in the absence of intelligence to the contrary, it is assumed that these 2 units are still at their same anchorages in Johore strait. The sinking of "ASHIGARA" leaves the enemy with only the 2 heavy cruisers "TAKAO" and "MYOKO" in the S.W. area. Of these 2 units "TAKAO" may possibly be in a partially operational condition but it is well within the bounds of possibility that both are still non-operational.

6. WEST COAST BORNEO

- (1) Brunei Bay: - At 0915/10 June substantial forces of 9th A.I.F. Div. landed on 3 beaches in Brunei Bay. One beach was near Victoria town on S.E. corner Labuan Is.: the second beach was on the S.E. tip of Muara Is. and the third beach was on the mainland on the Northern shore of the spit of 1 at the base of which lies Brooketon town.

The landings were preceded by heavy air attacks involving B-24's, B-25's, P-38's and standing patrols were provided by B-25's and Beaufig. In addition bombardment was provided by cruisers and destroyers.

Initial landing waves reached the beaches unopposed and beachheads were quickly secured.

(ii) ENEMY FORCES (Contd.)

- (1) Brunei Bay (Contd.) - Victoria town on Labuan Island was found deserted and tanks and infantry moved about 1500 yds. inland from the beachhead there again, little opposition. By night fall Labuan airfield (2000-3000 yds. N. of Victoria town) had been captured and forward elements had advanced 350 yds. N. of the airstrip against light opposition. Just before dusk 10 June a second landing on Labuan Island was made at Hamilton Point across Victoria harbor from Victoria town.

On Muara Is. patrols proceeded the length of the island from the beachhead on S.E. tip to Letong Point at N.W. tip without seeing any Japs.

On the mainland troops apparently passed through Broketon, down the road for a distance of 3000 yds. and patrols progressed another 1000 yds. towards Brunei town. Two Japs were killed and 1 captured in this sector.

During 3 days minesweeping operations prior to the landing 69 contact mines were swept up but no underwater obstacles were found: 1 minesweeper hit a mine and sank. During this same period cruisers and destroyers, covering the minesweepers and survey craft, worked over the landing beach and bombarded suspected coastal defence guns.

The only enemy air reaction was by 1 plane which dropped a bomb near a transport off Labuan Is. at 0650/10 June: no damage was suffered.

Air strikes conducted 9 June against Brunei Bay targets involved 105 B-24's (including 33 previously reported), 8 P-38's, 6 PV's and 1 B-25. In addition on 9 June, 3 barges in Brunei Bay were strafed by 16 P-38's.

Night 9-10 June PT boats strafed Sipitang town on E. shores of Brunei Bay.

- (2) Miri-Kuching - On 9 June, a PB4Y strafed 3 coastal freighters and 2 luggers near Kuching: 2 luggers were observed at Miri.

7. PHILIPPINES

- (1) Luzon - The Northward drive along Highway 5 in Cagayan valley was halted on 10 June pending completion of bridges over Agat river in our rear.

Santa Ines, 12 miles E. of Montalban in the mountains E. of Manila, was captured 10 June.

Air support was provided 10 June over Luzon by 29 A-20's, 151 P-38's, 46 P-47's, 156 P-51's, a total of 382 sorties.

- (2) Surigao Strait - The position of the submarine contact at 0340/9 June was correctly off the N. tip of Dinagat Is., not in Camotes Sea as previously reported in Summary No. 1228.

8. EAST INDIES

- (1) Tarakan - Further enemy positions were occupied by elements of 9th A.I.F. Div. in the central Tarakan hills on 9 June forcing the Japs to abandon large quantities of food and ammunition.

At 0325/10 June, 2 enemy planes were over Tarakan and dropped 1 bomb in addition to flares. Coordinated with the air raid the Jap ground force opened fire on our positions but did not close.

- (2) N.E. Borneo - PT boats repeated their nightly raids on Sandakan night 8-9 June shooting up shore installations at Sungei and Beluran.

- (3) Celebes - Tanamon airfield was bombed by 6 B-24's on 8 June, and Limboeng and Boeloeowang airfields were harassed by 2 pairs of B-24's night 8-9 June.

- (4) E. Java - Malang airdrome was raided night 8-9 June by 3 B-24's.

9. CENTRAL PACIFIC

1. JAPAN

- (1) Honshu - On 9 June aircraft factories on Honshu were attacked by B-29's in moderate strength: 44 planes bombed plants at Osaka, 29 raided plants at Kobe and 35 hit plants at Nagoya. In addition, 3 airdromes in the Nagoya area were attacked by 47 P-51's which claim 5 aircraft destroyed 10 damaged on the ground. No B-29's were lost but 3 P-51's are missing.

Tokyo was raided A.M. 10 June by a strong force of escorted B-29's but details are not yet available. A report from 103 escorting P-51's states that 100-125 enemy fighters were encountered and 26 were shot down, 7 probably shot down and 9 damaged without loss.

(ii) ENEMY FORCES (Contd.)

(2) Kyushu - Reports of attacks on Kyushu airfields on 8 June by aircraft from 1st Carrier Groups (TF 38) reveal a minimum of 28 planes destroyed on the ground as shown by photos.

On 9 June a sweep of Southern Kyushu by 16 P-47's from Okinawa resulted in 2 flying boats burned on the water and another 2 damaged. During the return trip one enemy plane was shot down near Amami Islands.

Another sweep was made by 24 F-4U's over Kyushu on 10 June: 3 enemy planes were shot down over Nittagahara airfield and 15 were destroyed on the ground on 3 airfields attacked. All F4U's returned base.

Two photo B-24's over Kyushu A.M. 10 June met some 80 interceptors: fighter escort claims 15 enemy planes shot down.

2. EMPIRE WATERS - Patrol planes on 9 June sank 1 small freighter, left 1 coaster sinking and damaged 2 coasters, all off Shanghai: also sank 1 small freighter transport and a coaster off S. coast Honshu.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Blue landings unopposed at Brunei Bay (W. Borneo) and rapid progress ashore.
- (2) Jap heavy cruiser sunk by blue submarine Malaya area.
- (3) Intensified air offensive against Japan by B-29's, Fast Carrier Groups and fighter sweeps from Okinawa.
- (4) Enemy air activity continues on light scale at Okinawa.
- (5) Continued effective offensive air patrols Empire waters.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Army reports to 1700/10 June state that 6th Mardiv. made advances 500-1000 yds compressing further the enemy pocket on Croku Peninsula maintaining pressure from both N. and S. Japs in this pocket are navy construction troops and are fighting from caves with typical Japanese fanaticism. Along the main Southern front fierce fighting is raging. 1st Mardiv. passed through Itoman receiving heavy machine gun and mortar fire and seized 3 of 4 major outposts on hills in front of the Kunishi ridge mainline of resistance S.E. of Itoman. XXIV Copps launched a general assault on Yaeju-Dake escarpment and vigorous enemy reaction was encountered: by 0800 hours the enemy had opened fire with all weapons including 150 mm artillery against tanks. 96th Inf. Div. directly facing the escarpment made advances of 800-1000 yds.: 7th Inf. Div. repulsed 2 strong counter-attacks on right flank positions 800 yds. N.W. of Hanagusuku.

Aguni Is. was secured 1200/9 June: no opposition was met but 1000 civilians were interned.

Another 968 Japs were killed 10 June making an estimated total of 68,671.

Enemy air activity during the 24 hour period ended 2400/10 June involved 3 raids all from the North. Total estimated scale of effort is not reported but only 3 enemy planes were destroyed (1 suicide hit, 1 medium bomber by night CAP and 1 dive-bomber by day CAP) in the immediate vicinity of Okinawa indicating that the total effort was probably light. The suicide hit was on a U. S. destroyer which subsequently sank but all personnel were saved although some were wounded: no other damage is reported. In addition to the 3 planes destroyed over Okinawa another 18 airborne enemy planes were shot down on 10 June by P-47 and F4U sweeps to Kyushu in the nature of a barrier patrol, as shown in summarized form later in this report under "Kyushu".

Support to army forces ashore on Okinawa was provided 10 June by naval gunfire involving battleships, cruisers and destroyers and by aircraft from escort carriers and by land-based TAF: planes from escort carriers flew 45 sorties dropping 5 tons bombs and firing 197 rockets, but details of TAF support are not available.

On 10 June there were 2 possible submarine sightings in the Okinawa area, one off Nago Bay (W. coast Okinawa) and the other approx. 75 miles S. of Okinawa. Surface search for the former continues and hunter-killer attacks involving escort-carrier planes are in progress on the latter.

A U. S. destroyer escort accompanying LST and LCT's from Minatoga on S.E. coast was hit by enemy shore fire, probably from the vicinity of Hanagusuku, on 10 June: the ship suffered damage and some casualties but reached Kerama anchorage under her own power.

Reports indicate that 2 parties each of 7 Japs in 2 native craft were captured by surface vessels on 9 June. One vessel, a canoe which contained unarmed Japs in uniform and provisions for a long trip, was captured off S.W. coast near Itoman and the other, a small native boat carrying 7 Jap soldiers was captured between Kerama Group and Southern Okinawa.

- (2) Sakishimas - Airfields and installations on Sakishima Islands were again attacked 10 June by aircraft from escort carriers: 1 camouflaged plane on Nobara airfield was destroyed. Intruder planes over Ishigaki field at 0455/10 June found the airdrome lighted up apparently for returning planes.
- (3) Daito Islands (E. of Okinawa) - On 10 June Minami Is. was bombarded by U. S. battleships and destroyers and attacked by aircraft from U. S. Fast Carrier Groups (TF 38). In addition Kita Is. was attacked by carrier based aircraft on 10 June and Okina Daito Is. was bombed and strafed the previous night.

2. CHINA COAST - Reconnaissance 11 June revealed no shipping of any particular significance but some anchorages were cloud covered.

A ground observer reports that a probable hospital ship departed Amoy at 0900/10 June apparently Southbound. It is recalled that a hospital ship was seen at Yulin (Hainan) on 9 June thought probably to have come from F.I.C. or further South. The ship seen leaving Amoy 10 June cannot be the same vessel as that at Yulin the previous day.

(ii) ENEMY FORCES (Contd.)

3. MALAYA - Reconnaissance of Singapore was again baulked by weather on 11 June. A considerable concentration of small craft was seen at Cape Dungan (30 miles S.S.E. of Trengganu) and 1 small coastal freighter, 1 large lugger were destroyed, 1 trawler was probably destroyed and 4 large luggers were damaged, as a result of attacks by PB4Y2.

4. WEST COAST BORNEO

- (1) Brunei Bay: - Muara Island was secured on 10 June, within 14 hours of landing: No enemy were seen there. On Labuan Island, opposition was encountered W. and N.W. of the airstrip but A.I.F. elements had proceeded 3500 yds. N. of the airstrip along Goal Point road by evening 11 June. Labuan airstrip is reported in poor condition. On the mainland forward element had reached a point 7400 yds. from Brooketon down the Brunei road without opposition. This point is approx. 10 miles by road from Brunei Town. One enemy truck drove into our positions on the Brunei road and was knocked out.

Enemy casualties to 2400/10 June totalled 61 counted dead, all on Labuan Is.; killed and wounded in Brooketon are not yet known; 2 prisoners have been taken: A.I.F. casualties to the same time numbered 9 wounded.

Air support was provided 11 June over the Brunei area but details are not yet available.

- (2) Kuching Area - On 10 June, 2 coastal freighters at Kuching were attacked by a PB4Y2 and 1 was possibly sunk, the other damaged. One enemy single-engined bomber was seen airborne over Kuching.

Reconnaissance PB4Y2 on 11 June again saw a single-engined bomber airborne over Kuching and 2 fighters on the strip

5. PHILIPPINES - The advance along Highway 5 was resumed on 11 June by elements of 37th Div. and 2000 yds. progress was made against machine gun and rifle fire. Other elements proceeded 3700 yds. N.W. of Bagabag on Highway 4.

Enemy road convoys retiring before our advance along Highways 4 and 5 have been seen and effectively attacked from the air: one convoy of 60 large trucks, 20-30 medium sized vehicles and 40-60 carts extending 12 miles along Highway 4 from a point 5 miles N.W. of Bagabag was attacked 10 June: 40 of the vehicles were destroyed and practically all the remainder damaged. Another convoy of 75 or more vehicles and 700 Japs was seen 8-9 June moving Eastwards along Highway 5 towards Cordon and Santiago.

Further progress was made 11 June in the mountains E. of Manila. Air support was provided 11 June over Luzon on a normal scale.

6. EAST INDIES -

- (1) E. Borneo - Pressure is being maintained on enemy positions in the Central Tarakan hills, but stubborn opposition continues.

On 10 June, patrol B-24's attacked small type shipping along the coast destroying 1 coastal freighter and damaging 1 tug, 3 coasters, 2 small craft in the Bandjermasin-Samarinda area.

- (2) W. Java - A large number of sea trucks was reported in the vicinity of Sunda Straits evening 9 June by allied submarine. A lugger was sunk by submarine gunfire in this area on 3 June.

B. CENTRAL PACIFIC

1. JAPAN

- (1) Honshu - On 10 June targets in the Tokyo area were bombed by 293 escorted B-24's mainly by radar from 15,700 to 22,600 ft.: Kasumigaura seaplane base was bombed by 40 B-29's, 4 aircraft factories were bombed by 109 B-29's in formations of 23 to 32 planes each. Hitachi aero-engine works were bombed by 118 B-29's and other targets in the area were bombed by 26 B-29's. 1 B-29 was lost.

As reported in yesterday's Summary No. 1229, 103 escorting P-51's met opposition from 100-125 Jap fighters of which 26 were shot down, 7 were probably shot down and 9 were damaged without the loss of a single P-51.

- (2) Inland Sea - Shimonoseki Strait minefields were replenished night 9-10 June by 26 B-29's.

(ii) ENEMY FORCES (Contd.)

(3) Kyushu - Two photographic B-24's over Southern Kyushu A.M. 11 June report enemy fighter opposition: results of combat are not yet available.

A summary of damage inflicted on enemy aircraft on and over Kyushu on 10 June shows a total of 50 planes destroyed, detailed hereunder:-

By P-47 Sweep:	shot down in air	17
By F4U Sweep:	shot down in air	3
	destroyed on ground	<u>15</u>
By escort for Photo B-24's:		
	shot down in combat	<u>15</u>
		<u>50</u>

In addition on 10 June, P-51's escorting B-29's over Tokyo area destroyed or damaged 42 planes in combat and combined forces in South-western Islands destroyed 4 planes making a total of 96 planes destroyed or damaged during the day including 80 claimed definitely destroyed.

2. EMPIRE WATERS - Patrol planes from Iwo Is. and Okinawa on 10 June destroyed 1 coaster off S. coast Honshu and damaged 6 small freighters or coasters E. China Sea.

A summary of damage inflicted on enemy shipping in E. China Sea by P4BY2's (Privateers), PB2Y2's (Coronados) and PBM's (Mariners) operating from Okinawa during the 7 days ended 10 June show 14,075 tons destroyed and 7145 tons damaged. Destroyed ships include 1 fleet tanker, 1 coast passenger ship, 9 engines-aft freighters (1 large, 2 medium, 6 small), 2 luggers; damaged ships including 14 engines-aft freighters (5 medium, 9 small), 3 small freighter transports and 6 small craft. In addition 3 enemy aircraft have been shot down and 4 damaged during the 7 day period.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Rapid progress Blue forces at Brunei Bay (W. Borneo) against little opposition.
- (2) Air offensive against Japan by B-29's and fighter sweeps from Okinawa continuing.
- (3) Enemy air activity continues on light scale at Okinawa: progress made on land.
- (4) Continued effective offensive air patrols Empire waters.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- 1) Okinawa - Army reports to 1700/11 June state that the 6th Mardiv exerting pressure on Oroku pocket from both N and S, made gains of 400-600 yds seizing several hill features. Steady gains were made by 1st Mardiv against Kunishi Ridge (SE of Itoman) and by 96th Inf Div in their frontal assault on Yaeju-Dake escarpment. Right flank of 1st Mardiv advanced 650 yds along the coast against light resistance but left flank met stiff opposition in a 400 yd advance on Kunishi Ridge. Left flank of 96th Inf Div gained positions atop Yaeju-Dake escarpment against strong resistance. 7th Div on left flank are meeting stubborn resistance in the vicinity of Hanagusuku.

A.m. 10 June a message was dropped by parachute to the commander of the Jap 32nd Army on Okinawa offering to negotiate for the surrender of his forces. The offer expired at 1800/11 June and up to that time aerial observation disclosed no effort on the part of the Jap commander to send delegates to open negotiations. Commencing 12 June, exploitation of the Commander's refusal to negotiate is being tried out among the Jap troops with invitations to surrender by units or individually.

Support was provided to Army forces on Okinawa on 11 June by naval forces and aircraft. Battleships, cruisers and destroyers bombarded at call and sealed caves, silenced several mortars and artillery pieces and dispersed troop concentrations: aircraft from land-based TAF and escort carriers flew 60 sorties dropping 23 tons of bombs and firing 400 rockets.

Enemy air activity continued on a light scale over Okinawa during the 24 hour period ended 2400/11 June. Only a few Jap planes penetrated into the shipping areas and the majority of these were destroyed by ships, including 1 suicide hit and 2 ineffectual attempted suicides, and 5 were shot down by fighter patrols. In addition 4 airborne Jap planes were shot down by Okinawa TAF fighter sweeps to Kyushu on 11 June making a total of 14 Jap planes destroyed during the day by Okinawa air and surface forces. The suicide hit was on an LCS inflicting damage and some casualties but the ship reached harbour under her own power. Other ships sustained minor damage only.

- (2) Sakashima - On 11 June, airfields, installations and small craft in Sakashima Group were attacked by aircraft from escort carriers in 174 offensive sorties. All main air strips were rendered unserviceable but no operational aircraft were seen: a large fire was started at Ishigaki and several small boats were strafed in the area.
2. FORMOSA - Reconnaissance 11 June revealed once again only a few small craft around Formosa shores: a ship described as a freighter transport of 2000-4500 tons was seen underway in Hoko Harbour in Pescadores. During air patrols 11 June, 1 lugger 1 landing barge were sunk and 1 lugger set on fire in Formosa-Pescadores waters.
3. CHINA COAST - At 0050/12 June, a hospital ship was seen by PBM 50 miles SW of Amoy course 40°. Another PBM saw a hospital, probably the same ship, at 2105/11 June, in the same general area heading N. This is probably the ship that was at Yulin 9 June and would appear to be a different ship from that seen departing Amoy for S a.m. 10 June.
4. FRENCH INDO CHINA COAST - A PB4Y attacked 4 luggers seen at Tourane at 1300/11 June, destroying 1 and damaging the other 3.

5. WEST COAST BORNEO

- (1) Brunei Bay - Rapid progress is reported by 9th AIF Div at Brunei Bay against little opposition.
- On the mainland, elements of 9th Div drove down Brunei Road and captured Brunei airfield (2½ miles N of Brunei Town) 12 June without opposition. Contact with enemy in undetermined strength was reported SE of the airfield. Other elements landed on N bank Brunei River at a point about 3500 yds due East of Brunei Town and patrols advanced to a hill 2000 yds SE of the town all without enemy contact.

(ii) ENEMY FORCES (Contd.)

On Labuan Is. enemy pockets of resistance on MacArthur Road held up the northward advance from Hamilton Point but these pockets were reported to have been cleared by nightfall 12 June. Troops advancing N along Ranc Rd reached positions $1\frac{1}{2}$ miles W of the northern part of Labuan airstrip against negligible opposition.

No additional reports of enemy casualties have been made since the last reported figure of 61 at 2400/10 June: our losses to date number 15 killed and 49 wounded.

Minesweepers collected another 25 mines on 11 June in the S Channel into Brunei Bay, off SW Labuan Is.

On 12 June, towns on the S tip of Klias Peninsula (N jaw of Brunei Bay) were bombarded by a cruiser/destroyer force and air support was provided 11 and 12 June but details are not yet available.

Details of direct air support on 10 June, the day of the landing that 50 B-24's, 35 P-38's, 24 B-25's, 30 Beaufighters and 8 P-40's were involved.

(2) Miri - Night 11-12 June, Miri and Lutong were strafed by PT boats. Minesweeper off Miri that night reported large fires burning in the Miri oilfield area.

(3) Jesselton - On 10 June, Jesselton strip was dive-bombed by 11 P-38's.

Night 11-12 June PT boats operating with B-25's attacked a sailing craft and a barge moored at Jesselton rendering both unserviceable beyond repair. Jesselton Town appeared deserted.

6. PHILIPPINES - In the Cagayan Valley, enemy resistance was encountered from dug-in positions overlooking Orioung Pass but this resistance was overcome 12 June and elements of 37th Div continued their drive E into Cagayan Valley. Nil to light opposition was encountered by our forces in the mountain E of Manila as they continued their easterly advance on 12 June.

Air support was provided over Luzon on 12 June on a normal scale.

7. EAST INDIES

(1) Tarakan - Following a strike by 46 B-24's on enemy positions on central Tarakan AIF forces attacked and made some gains but the enemy continues to defend his positions strongly.

(2) Celebes - Night 11-12 June, Limboeng and Bocloedowang airdromes were harassed by 2 B-24's.

On 11 June, Donggala was bombed by 6 B-24's and during a sweep along W coast of S Celebes by a PB4Y2, 7 coasters were strafed: approx 30 schooners were observed near Cape Mandor.

(3) East Java - Night 11-12 June, Malang airdrome was harassed by 2 B-24's.

8. CENTRAL PACIFIC

8.1. JAPAN - On 11 June, 2 airfields near Tokyo were attacked by 52 P-51's from Iwo Is: Tokorozawa and Atsugi were the 2 fields attacked and 15 planes were destroyed, 3 were probably destroyed and 33 damaged all on the ground and in addition, 1 airborne enemy plane was shot down. No P-51 was lost although 7 were damaged by intense AA.

Further details on the B-29 raid on Tokyo on 10 June shows that 7 enemy planes were shot down, 14 probably shot down and 29 damaged by the B-29's in addition to the 26 shot down plus 7 probables and 9 damaged by escorting P-51's. This makes a total of 92 enemy planes destroyed or damaged during this particular mission.

Photos taken subsequently to the most recent B-29 raids show a total 15.65 square miles or 24% of the built up area of Osaka now damaged and a total of 8 square miles or 51% of the built up portion of Kobe damaged.

(2) EMPIRE WATERS - On 11 June patrol planes from Iwo Is. sank 2 small coastal freighters and damaged 1 tanker 1 sea-going tug and 2 small freighters off S coast Honshu.

Submarine reports state that 1 "TERUTSUKI" class destroyer and 2 small freighters were sunk recently in Empire waters, precise date and location are not available.

/-///---///-/

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Jap Okinawa Commander refuses to negotiate surrender.
- (2) Enemy air activity continues on light scale at Okinawa: progress made on land.
- (3) Continued rapid progress Blue forces at Brunei Bay against little opposition.
- (4) 51% of Kobe and 24% of Osaka now damaged.
- (5) Continued offensive air patrols Empire waters.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Army reports to 1700/12 June state that substantial gains were made particularly on 1st Mardiv. and 7th Inf. Div. fronts, mainly as a result of pre-dawn surprise attacks, jumping off at 0330/12. This surprise element achieved, enabled the 7th Div. to scale the Eastern face of Yaeju-Dake escarpment with the aid of ropes before the enemy realized that the positions were being stormed.

On the right flank of 1st Mardiv. zone, a gain of 1000 yds. was made and positions on Kunishi ridge were occupied against little opposition. After daybreak, strong opposition was encountered and troops had to dig in to retain their positions. This line is being reinforced under heavy enemy fire from high ground flanking the positions on the East. 1st Mardiv. left flank consolidated their positions on a hill 200 yds W. of Ozato, during the day.

Elements 96th Inf. Div. attacking Yaeju-Dake escarpment from the N. advanced 700 yds. seizing the town of Yuza and high ground to the South. Other elements advanced 400 yds. securing the Key positions along the escarpment.

Right flank of 7th Inf. Div. attacking the escarpment from the east in a surprise assault advanced 500 yds. and gained positions on the top of the escarpment. On the left flank of 7th Inf. Div. zone, a strong tank and infantry attack supported by flame-throwers was made into Hanagusuku from the east.

An additional Army report to 1700/13 June states that the days activities were largely confined to the consolidation of positions on Kunishi ridge and Yaeju-Dake escarpment against strong opposition from fortified caves and other strong points. This consolidation involved advances of up to 500 yds. but generally speaking the frontline from the W. coast to the Eastern end of Yaeju-Dake escarpment remained unchanged. However, on the left flank, elements of 7th Inf. Div. pushed through Hanagusuku reaching a position 200 yds. S.W. of the town and made minor gains along the E. coast all in the face of strong resistance.

There is no confirmation of the report put out by Tokyo radio that American troops had landed on the Southern beaches of Okinawa. It is suggested that such a report may have been based on a visit by an amphibious reconnaissance patrol such as has been conducted frequently down the E. and S.E. coast of the Island.

Elements of 6th Mardiv. On Oroku Peninsula launched an attack at 0730/13 June to eliminate the enemy pocket in their zone of action and advances of 300-800 yds. were made cleaning out numerous caves and isolated pockets. The remaining pocket appears to be confined into a very small strip of the N. coast of Oroku Peninsula stretching for about 1000 yds. S.E. from Oroku Town.

Enemy estimated dead to 2400/12 June totalled 74,783 representing an additional 7080 during the preceding 4 days. Prisoners number 1386 including 816 combat troops and 570 labor corps. There has been an adjustment in the numbers of prisoners reported probably due to a reclassification of the personnel. The total of civilians interned has not been reported since 17 May when the total was 139,859: recent reports of numerous civilians being taken into custody particularly in the Itoman, Gushichan and Oroku Peninsula areas must bring this total well up to 200,000 mark.

There was no enemy air activity over Okinawa during the 24 hour period ended 2400/12 June.

Support was provided to troops ashore on 12 June by aircraft and surface ships. Naval support was limited largely to illuminating and harassing missions hitting some pill-boxes and observation posts. Close air support was provided by land-based TAF and from escort carriers in a total of 98 sorties dropping 24 tons bombs and firing 330 rockets.

- (2) Sakishima - Airfields, repair shops and AA installations in Sakishima Group were attacked 12 June by aircraft from escort carriers with 55 tons bombs and 522 rockets, destroying 2 aircraft and damaging 2 more aircraft, all on the ground, 1 TBF was lost to AA at Ishigaki.

(ii) ENEMY FORCES (Contd.)

2. CHINA COAST - Night 11-12 June Shanghai and Canton targets were each bombed by 1 B-24.

On 12 June, the small-boat basin at Hong Kong was raided by 62 B-24's dropping 452 x 55 gallon napalm bombs. The entire area was left engulfed in flames but actual damage to numerous small craft present could not be assessed.

Reconnaissance 12 June revealed only a few small craft off Hong Kong, a motor launch near Swatow and numerous small craft at Kiungshan (Hainan). As a result of attacks the motor launch and 2 small craft were damaged.

3. FRENCH INDO CHINA COAST - On 12 June, Saigon railroad yards were bombed by 44 B-24's with 168 x 1000 lb. bombs causing considerable destruction. One enemy fighter ineffectively attempted interception. Observations include 1 probable submarine and a small tender near Saigon.

Reconnaissance 12 June revealed about 100 small craft in the Mekong river delta.

4. WEST COAST BORNEO - Brunei Town was captured on 13 June by elements 9th A.I.F. Div. which had proceeded down the Brunei road from Brooketon: practically no opposition was encountered. Some enemy positions were contacted, however, E. of Brunei Town: these positions were bombarded 12 June by naval surface units.

On Labuan Is. A.I.F. forces advanced to within 500 yds of Timbalai airdrome (near N.W. end of island) practically without opposition. A small enemy pocket of resistance remains apparently astride Macarthur road, S.W. of Labuan airfield and this pocket is in process of reduction.

Close air support was provided in the Brunei Bay area by 32 Beau-fighters, 4 P-40's on 11 June and by 18 B-25's, 16 P-38's on 12 June. In addition indirect support was provided 12 June by 14 B-25's, 7 P-38's attacking targets at Jesselton and the Keningau runway.

5. PHILIPPINES - The advance into Cagayan Valley continued on 13 June as elements of 37th Inf. Div. progressed 4 miles beyond Orioung on Highway 5 having overcome resistance in the Orioung Pass.

Good progress is reported in the mountains East of Manila.

Air support was provided over Luzon on 13 June on a strong scale.

6. EAST INDIES

- (1) Tarakan - The situation remains materially unchanged. Following a strike by 35 B-24's on 12 June enemy positions on Central Tarakan were attacked by A.I.F. forces but only slight gains were achieved due to stubborn opposition.
- (2) Makassar Strait Area - At 1600/13 June a warship described as a 2-stack destroyer was sighted by aircraft 60 miles S.W. of Makassar on a general Easterly zig-zag course. This may well be the ship described as a gunboat or destroyer which was seen P.M. 12 June 60 miles S.W. of Bandjermasin probably en route Makassar from Sourabaya.
- (3) E. Celebes Sea - Night 11-12 June, small craft at Oilos Bay, Saioe Is. in Sangihe Group, were attacked by 2 PT boats as a result of which 2 small craft were destroyed and another 2 damaged beyond repair.
- (4) E. Java - Night 11-12 June, Malang, Pasirian and Den Pasar airdrome were harassed by 3 B-24's.

B. CENTRAL PACIFIC

1. JAPAN - Sweeps of Southern Kyushu were repeated 12 June by 20 P-47's and 32 F4U's from Okinawa with the F4U's concentrating on Kanoya. The missions were hampered by heavy cloud cover and the only airborne enemy plane seen escaped into clouds. Parked planes on Kanoya were bombed, rocketed and strafed but clouds prevented assessment of damage. 1 F4U was badly hit by AA and later lost at sea.

Night 11-12 June, minefields in Shimonoseki Straits were replenished by 26 B-29's.

(ii) ENEMY FORCES (Contd.)

2. EMPIRE WATERS - On 12 June, search planes from Iwo Is. sank 4 coastal freighters and damaged 2 unidentified ships all off S. coast Honshu.
On or shortly prior to 12 June U. S. submarines operating in Empire waters claim sinking a large transport, 2 whale-killers and 2 small craft.
3. KURILES - On 12 June installations on Matsuwa Is., in Northern Kuriles, were bombarded by a U. S. cruiser/destroyer force.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Consolidation of Positions with some slight gains on Okinawa: no enemy air activity.
(2) Continued rapid progress Blue forces at Brunei Bay against little opposition.
(3) Continued offensive air patrols Empire waters.
(4) Blue submarine successes Empire waters.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - On Southern Okinawa steady gains were made 14 June involving advance up to 800 yds. largely in order to straighten out the line.

On the right flank elements of 1st Mardiv. launching an attack at 0330/14 advanced 600-800 yds. and gained new positions on Kunishi ridge: strong opposition was encountered after daybreak. Other elements of 1st Mardiv. further inland, advanced 200 yds. and reached the S.E. outskirts of Kunishi town.

In the center, the right flank of 96th Inf. Div. reached S.E. edge of Ozato town and continued their advance in the face of heavy enemy artillery, mortar and machine-gun fire. The left flank of 96th Inf. Div. captured the highest of 3 peaks of Yaeju-Dake escarpment giving our forces a feature commanding the whole of that vicinity and resulting in an immediate advance of 300-400 yds. just West of this feature, late afternoon 14 June.

On the left flank, 7th Inf. Div. made gains of 300-700 yds. and reached the center of Nakaza town. The enemy launched a counter-attack utilizing an estimated company in this sector at dusk 13 June and fighting continued after dark. A small number of enemy penetrated our lines and destroyed 2 trucks: 65 Japs were killed. An estimated 200 Japs were killed during our advance through Makza. Organized enemy resistance on Oroku Peninsula ceased at 1710/13 June after a 10 day battle during the course of which an estimated 3,500 Japs were eliminated. The battle ended with scenes of wild confusion among the enemy remnants in the mud flats on the S. bank of Oroku Estuary marked by numerous surrenders, individual and mass suicides, and the shooting by their own people of Japs trying to surrender. Incomplete reports indicate that 102 Japs surrendered in this sector on 13 June.

At 0500/14 June, a reconnaissance company made an unopposed landing on Senaga Is., 600 yds. off S.W. coast of Oroku Peninsula: 5 undamaged 4.3 inch naval guns were captured on the island. Night 13-14 June a reconnaissance party landed on Kume Is. (50 miles W.N.W. of Naha) but no report has yet been received.

Enemy dead up to 2400/13 June are estimated to total 76,542, an increase of 1759 in 24 hours or 8839 in the preceding 5 days: prisoners totalled 1480 of which 906 are currently classified as combat troops and 574 as labor corps, excluding civilians. 10th Army casualties to 2400/13 June totalled 33,390 (6,230 killed, 26,931 wounded and 229 missing) and casualties among naval personnel of Okinawa support ships (i.e. excluding fast carrier groups) totalled 6097 (killed 1102, wounded 3552 and 1403 missing), making a total of 39487 of which 7332 have been killed, 30,483 wounded and 1632 are missing.

Close support was provided 13 June by surface ships and aircraft as usual. Naval surface vessels ranging from battleships to LCS types directly aided our advancing troops particularly on West coast: aircraft from land-based TAF and escort carriers flew 93 sorties dropping 12 tons bombs including napalm incendiaries and firing 544 rockets. One enemy concentration near S.E. coast was left ablaze as a result of a Napalm and rocket attack by 65 Corsairs.

There was no enemy air activity over Okinawa during the 24 hour period ended 2400/14 June, for the second successive day and no activity has been indicated in reports received up to 1700/14 June.

- (2) Amami Group - A barrier patrol of 8 fighters from Okinawa TAF was maintained over Amami from 1025 to 1900/13 June: during the course of these patrols a camouflaged plane on Tokuno was strafed and set on fire and several small craft were strafed around the shores of the island.
- (3) Sakishima Group - Airfields on Sakishima Islands were attacked by aircraft from escort carriers with some twenty tons bombs and 476 rockets: 1 plane on Hirara was probably destroyed and 14 workers on Nobara strip were surprised and strafed. Photos show the strips at Ishigaki, Miyara and Hirara all to be partially operational but all other runways are unserviceable.

2. FORMOSA - Night 12-13 June Koshun was bombed by 1 B-24.

On 13 June, Koshun runway was bombed by 2 B-32's but the main strike of the day involving 73 B-24's scheduled to hit Takao and Toshien was baulked by weather and various targets of opportunity in Formosa were attacked by small formations of planes.

All scheduled strikes on Formosa on 14 June were cancelled due weather.

(ii) ENEMY FORCES (Contd.)

3. CHINA COAST

Night 12-13 June, Shanghai and Canton targets were each bombed by B-24. Night 13-14 June Woosung cotton mill at Shanghai was bombed by 2 B-24's and Canton by 1 B-24: 1 twin-engine light fighter attacked the B-24 over Canton without effect.

At 2255/12 June, a hospital ship was seen by plane 80 miles ENE of Taichow course 40°.

Early a.m. 14 June a concentration of some 40 junks was seen 70 miles E by N of Hongkong course NE and another concentration of 25 junks was seen 35 miles S of Swatow: 10 of the latter concentration were well strafed by a PBM.

4. FRENCH INDO CHINA COAST - At 1355/13 June a hospital ship was seen 45 miles SE of Phanrang course 170° speed 12 knots.

Small craft at the mouth of Mekong River were attacked by a PB4Y early p.m. 13 June with the result that 1 lugger was sunk and 3 small craft damaged.

5. GULF OF SIAM - At 0200/13 June, 5 barges and 2 tugs were sunk by submarine gunfire off east coast of the narrowest portion of Kra Isthmus.

6. MALAYA - At 1150/13 June a large tanker with 1 destroyer and 1 minesweeper were seen by Allied submarine 30 miles SE of Trengganu course N. The same ships were seen 45 miles further N by a PB4Y at 1513/13 on course 345° at 10 knots. The convoy was covered by 4 fighters.

Some 17 small craft including some already derelict, were effectively attacked by PB4Y on 13 June off Kuantan.

7. WEST COAST BORNEO - On Labuan Is. Timbalai airdrome was secured by AIF forces on 14 June and the strong pocket of enemy resistance W of Labuan airdrome was eliminated. The N tip of the island was reached on 14 June and patrol proceeded from both E and W coasts without contact. Patrolling both N and S from Timbalai was also negative.

On the mainland, enemy resistance N of Brunei Town was overcome on 14 June and positions around the town were consolidated.

Total enemy casualties to 13 June in the Brunei Bay operation total 171 killed: 2 prisoners have been taken.

During 13 June, an enemy recce plane approached Brunei Bay but retired when fired upon. At 1930/13 June, an enemy twin-engine fighter was shot down by night fighter 20 miles S of Brunei Bay.

Air-ground support on 12 June was provided by an additional 36 Beau- fighters & P-40's.

A.m. 14 June enemy positions at Miri and Cape Lobang (near Miri) were strafed by PT boats: return fire (75 and 90 mm) was received. Native fishermen report that no overwater movement of Japs has been seen in the Brunei-Saria-Miri area.

Minesweepers operating off Miri on 13 June swept up 31 mines.

8. PHILIPPINES - The advance through Cagayan Valley continues with increased rapidity: 21 miles were covered on 14 June including the capture of Santiago and Echague: patrols were sent to Ipil airdrome (SW of Echague). Meanwhile elements of 6th Div drove 10,000 yds NW of Bagabag on Highway 4 against scattered resistance.

Air support over Luzon was provided 14 June on normal strong scale in about 350 sorties.

9. EAST INDIES

- (1) Tarakann - One new position was gained by ground forces on Tarakannon 13 June but otherwise the situation remains unchanged.
- (2) N.E. Borneo - Night 12/13 June, a guerilla party was landed by 2 PT boats at Semporna (Darvel Bay): 2 collaborators and some equipment were captured and the village is now reported clear of enemy.
- (3) Balikpapan - On 13 June, Balikpapan AA positions were bombed by 39 B-24's and Sepinggan airstrip by 6 B-24's.
- (4) S. E. Borneo - Small craft at Bandjermasin were attacked 13 June by 2 B-24's: 2 river steamers were sunk and 9 small craft were damaged.
- (5) East Java - Night 12-13 June, Malang Pasirian and Den Pasar airdromes were harassed by 3 B-24's.

(ii) ENEMY FORCES (Contd.)

10. BISMARCK-SOLOMONS - Elements of AMF have progressed $3\frac{1}{2}$ miles ESE of Monoit. Mission in their drive towards Buin: 2 enemy counter attacks were repulsed on 13 June.
Air support over Bougainville was provided by 73 F4U's on 13 June.

CENTRAL PACIFIC

1. JAPAN - At 0740/13 June, a sweep of Kyushu was conducted by 28 P-47's from Okinawa, strafing barges and small craft along the coast.
2. EMPIRE WATERS - On 13 June, patrol planes from Okinawa destroyed a coastal freighter off Kii Channel and damaged 2 fishing boats 1 lugger off Tokyo Bay.
3. SEA OF OKHOTSK - On 13 June a U. S. cruiser/destroyer force made a sweep of Sea of Okhotsk but found no shipping: installations at Matsuwa were again bombarded as the force left the area.
4. SOUTHERN ISLANDS - At 0710/14 June a patrol plane from Iwo Is. saw an enemy APD (destroyer-transport) in the NE anchorage of Hachijo Is. The ship had apparently departed by 1240/14 as the anchorage was then empty and presumably the same ship was located at 1335/14 June 60 miles SSE of Hachijo Is. course 170°. However the ship reversed course and was last seen at 1615/14 June about 15 miles S of Hachijo Is. course N. It would appear that the ship was attempting a probable supply run to one of the islands between Hachijo Is. and Iwo Is.

/-/-/-/-/-/-/-/-

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Important gains on Okinawa: Oroku Peninsula pocket overcome: no enemy air activity.
- (2) Continued rapid progress Blue forces at Brunei Bay against little opposition.
- (3) Continued successes by offensive air patrols Empire waters.
- (4) Rapid advance Blue forces Cagayan Valley (Luzon).
- (5) Jap tanker convoy enroute Singapore to Saigon.
- (6) Jap transportation mission attempted Southern Islands.

(ii) ENEMY FORCESA. WESTERN PACIFIC1. SOUTHWESTERN ISLANDS

- (1) Okinawa - On Southern Okinawa advances of up to 1100 yds were made on 15 June further compressing the final Jap stronghold. On the right flank, 1st Mardiv. repulsed numerous attempts at infiltration and 1 counter-attack. Positions on Kunishi ridge were further consolidated during the day, despite heavy enemy fire from frontal positions and from flanking positions on Yuza Dake.

Larger gains were reported during the day by XXIV corps. Elements of 96th Inf. Div. on the right flank of the Divisional front seized Ozaki and continued to advance S.W. against Kunishi ridge meeting heavy machine gun fire. The 96th Div. left flank made the greatest advance of the day, gaining 1100 yds. on the plateau South of Yaeju-Dake escarpment despite stiff resistance.

On the left flank, elements of 7th Inf. Div. seized the town of Nakaza after gaining 600 yds. against stiff resistance and continued to advance towards a hill 400 yds. S.W. of Nakaza.

The reconnaissance party which landed on Kume Is. (50 miles W.N.W. of Naha) night 13-14 June captured 2 prisoners who state there are about 50 military personnel and a radio station on the island.

Another 1177 Japs were killed on 14 June bringing the total up to 77,719. An additional 77 prisoners were taken on 14 June making the total 1557 (953 combat troops and 604 labor corps).

Usual support was provided for Army forces on Okinawa on 14 June by surface ships and aircraft. Naval bombardment by cruisers and destroyers closed many caves, exploded an ammunition or fuel dump and hit gun positions. Air support involved escort carriers and land-based TAF in 112 sorties dropping 69 tons bombs and firing 488 rockets: these strikes included an attack by 62 F4U's with 19,220 gallons napalm and 465 rockets on a Jap concentration near the Southern tip of Okinawa.

There was no enemy air activity over Okinawa during the 24 hour period ended 2400/14 June, for the third successive day.

- (2) Sakishima Group - Strikes on Sakishima Islands were repeated 14 June by aircraft from escort carriers with 70 tons bombs and 773 rockets: 6 small boats were sunk and 1 small gunboat was blown up all at Ishigaki, 13 small boats were damaged at Iriomote and Ikema; one S/E fighter was strafed on the ground and runways, repair shops and AA positions were well worked over. 5 new bi-planes and 1 or possibly 2 fighters appeared operational at Ishigaki. Minesweeping of waters N.E. of Miyako Is. (Easternmost of Sakishima Islands) was commenced on 14 June with negative results so far.

2. FORMOSA - On 15 June Taichu airbase was bombed by 84 B-24's with 227 tons bombs; one enemy fighter which ineffectively attempted interception was the only airborne enemy plane seen. Also on 15 June, Okaseki airdrome was attacked by 25 B-25's: there was no interception.
3. CHINA COAST - Reconnaissance 14 and 15 June revealed little of significance: 5 landing barges were seen beached 50 miles N.E. of Foochow on 15 June and 3 of them were destroyed by strafing. Gap Rock lighthouse and radar station off Hong Kong were bombarded by a U. S. submarine on 14 June: results were reported as good.
4. MALAYA - On 14 June, a hospital ship was seen approx. 300 miles N.W. of Singapore course 210°, speed 12 knots. Effective inspection of Singapore, particularly Johore Strait was not feasible on 14 June.
5. WEST COAST BORNEO - On Borneo mainland A.I.F. forces continued their advance along S.W. having consolidated at Brunei Town and proceeded 5½ miles from Brunei Town along the road towards Tutong, meeting negligible opposition. On Labuan Island, organized enemy resistance is limited to about 1 company contained in an area S.W. of Labuan airstrip. There were 2 enemy air raids night 14 June, a single plane dropped bombs harmlessly on Labuan and later three planes approached Brunei Town E. at 2230/14 June; 1 plane was shot down by ships AA. No damage is reported.

(ii) ENEMY FORCES (Contd.)

5. WEST COAST BORNEO (Contd.) - The channel E. of Labuan has been swept for mines for 5 days with negative results and is now considered safe for shipping. During 2 days minesweeping operations from Baram Point to Miri, 164 mines have been swept: this field appears deeply laid, thickly sown and extends from shoal water W. of Baram Point in a S.W. direction following the coastline.

Air support is being provided daily for ground operations: such support on 13 June involved 29 B-25's, 12 Beaufighters, 6 PV's, 4 P-40's in addition to night fighter patrols.

6. PHILIPPINES - Rapid advances continue on Luzon on 15 June against little opposition. 37th Div. drove 8200 yds. N. of Echague along Highway 5, and also 10 miles N. of Santiago on Oscaritz Road reaching Murong. 6th Div. advanced 7 miles N. of Bagabag on Highway 4 and 33rd Div. pushed E. from Ambuclao along Bokod Road. Further North guerilla forces captured a key road junction N. of Cervantes.

Air support was provided 15 June in 365 sorties by 62 A-20's, 1 P-51's and 116 P-38's.

7. EAST INDIES - Enemy remnants still strongly defending positions on Central Tarakan were further compressed on 15 June by the capture of new positions by A.I.F. forces.

On 14 June Balikpapan AA positions were bombed by 20 B-24's.

After conducting a negative search on 14 June for the warship, probably a sub-chaser, seen the previous evening heading for Makassar, 7 B-24's bombed Pare Pare.

Catalinas on a mining mission in the Sourabaya area night 14-15 June contacted 11 ships including a least 3 medium sized, in Sourabaya Strait.

B. CENTRAL PACIFIC

1. JAPAN

- (1) Kyushu - Sweeps scheduled 14 June over S. Kyushu by Okinawa TAF fighters were cancelled due to weather over the target.
- (2) Honshu - Preliminary reports state that Osaka industrial area was raided 15 June by a strong force of escorted B-29's. No details are yet available save that the raid was of the 500 bomber scale using incendiaries.

2. EMPIRE WATERS - Night 13-14 June, Shimonoseki minefields were replenished and Niigata harbor (Central N.W. coast Honshu) was mined by 29 B-29's. In addition waters of S.W. Korea were mined on 13, 14 and 15 June by a few PB4Y2's.

During 14 June, patrol planes from Okinawa sank 3 coasters and another 3 coasters burning off S.W. Korea, and a patrol plane from I Is. damaged an unidentified vessel S. of Tokyo Bay.

3. SOUTH ERN ISLANDS - Small type shipping at Chichi Is. was attacked in 2 strikes 14 June involving a total of 20 P-51's: 2 small coastal freighters were hit and extensive damage was inflicted on the dock area in Futami Harbor.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Continued steady progress on Okinawa against stubborn resistance: no enemy activity for third successive day.
- (2) Another heavy B-29 raid on Osaka.
- (3) Continued rapid progress Blue forces at Brunei Bay against little opposition; minor enemy air reaction.
- (4) Continued successes by offensive air patrols Empire waters.
- (5) Rapid advance Blue forces Cagayan valley (Luzon).

Distribution: as usual.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Army reports to 1700/16 June indicate very little change in the positions on the right flank and center of the line but important advances of 400-800 yds. on the left flank: stiff opposition was experienced all along the line.

Elements of 1st Mardiv. on the right flank, experienced renewed enemy artillery fire night 15-16 June together with the usual attempts at infiltration but the division continued reorganization and consolidation on Kunishi ridge on 16 June. Advances were retarded, however, by heavy fire from the left flank but patrols were working in Kunishi town and towards Mezado town.

In the 96th Inf.Div. zone and advance of 400 yds. was achieved gaining the crest of a hill 1000 yds. N. of Aragachi town against heavy mortar and machine-gun fire and 600 yds. progress was made in a S.W. direction across the plateau S. of Yaeju-Dake escarpment. During the initial phase of the latter advance, opposition was light but intensified considerably as the attack progressed.

Elements of 7th Inf. Div. on the left flank achieved the biggest gains of the day advancing 800 yds. on the plateau against strong enemy positions and 500 yds. along the seaward side of the coastal ridge.

A further 1461 Japs were killed on 16 June bringing the total Jap dead up to 79,180.

Support was provided as usual on 15 June by surface and air forces. Naval bombardment was confined largely to counter-battery shoots. Air support was provided by land-based TAF and escort carriers in 90 sorties dropping 62 tons bombs and firing 228 rockets, including 4 strikes involving a total of 29 TBF's (Avengers) dropping 51 x 2000 lb. bombs, 94 x 500 lb. bombs and firing 150 rockets at caves and trenches 1300 yds. ahead of 1st Mardiv. line.

Enemy air activity over Okinawa was resumed on a light scale night 15-16 June during three alerts, 2012-2037/15, 2133-2220/15 and 0355-0507/16 June, attacking both ships and airfields, causing no damage to ships and only minor damage to shore installations. A total of 5 enemy planes were destroyed: 1 by AA and 4 by night fighters.

- (2) Sakishima - Airdromes and installations, small ships and other targets in Okinawa Group were attacked by aircraft from escort carriers: 3 small craft were damaged, runways were hit and 1 S/E plane on Ishigaki was damaged.

- (3) Amami Group - On 15 June, barrier patrols were maintained over Amami Islands by 12 fighters from dawn to dusk and some of these planes conducted offensive strikes on Tokuno airdrome: 1 possibly operational plane was seen on Tokuno.

On 16 June, strikes on Tokuno and Kikai airfields were made by about 24 P-47's and 62 F4U's. These planes were turned back by weather from Kyushu sweeps.

2. FORMOSA - Additional strikes on Formosa 15 June involved 23 B-25's which attacked warehouses at Rokko.

PB4Y's conducted usual offensive patrols over Formosa 15 June: only small craft were seen but as a result of attacks 6 luggers were left burning or sinking and 6 small craft were damaged.

3. CHINA COAST - A large concentration of junks was reported by PB4Y along Luichow coast on 15 June: armed craft were amongst the junks as AA fire was experienced.

Night 15-16 June, six groups of junks involving about 65 in total were seen by PBM off Luichow Peninsula: all groups were strafed.

4. WEST COAST BORNEO - On Labuan Island, all organized enemy resistance was overcome on 16 June. On the mainland the S.W. drive by 9th A.I.F. Div. continued a further 4½ miles toward Tutong on 16 June without enemy contact. This places our troops about halfway between Brunei and Tutong.

Minesweeping continues off Miri and the 3 days operations have now accounted for 246 mines. Installations at Miri and Lutong were bombarded on 15 June by 3 destroyers covering the minesweepers.

(ii) ENEMY FORCES(Contd.)

5. PHILIPPINES - The advance N. through Cagayan valley continues unabated. On 16 June 37th Div. reached position 18 miles N.N.E. of Echague on Highway 5 and reached Cabatuan on a parallel road. In the mountains between Cagayan valley and W. coast Luzon, Philippine Army units captured Cervantes town following which the entire Jap defences in that area collapsed.
Air support was provided over Luzon on 16 June on a normal scale.
6. EAST INDIES - Further important positions on Central Tarakan were gained by A.I.F. forces on 16 June, further compressing the enemy pocket.
On 15 June, Balikpapan AA positions were bombed by 51 B-24's with over 1200 x 260 lb. frags plus lighter bombs and napalms: Seppinggan airdrome was bombed by 1 B-24 and Celebes targets by 6 B-24's.
7. NEW GUINEA - Supporting ground forces in the areas East of and inland from Wewak 31 Beauforts, 4 A-20's attacked enemy positions on 15 June.

B. CENTRAL PACIFIC

1. JAPAN - The B-29 raid on Osaka on 15 June involved 468 B-29's, with 100 P-51's escorting. Reports received state that 423 B-29's attacked the primary target of Amagasaki urban area (suburb of Osaka) by radar from 21,000 ft. 16 B-29's attacked targets of opportunity and 29 B-29's have not yet reported. The P-51 escort was turned back by weather and did not reach the target. There was no AA nor interception. The only loss was 1 B-29 which crashed on take off.
2. EMPIRE WATERS - Patrol planes continued offensive missions on 15 June: 1 freighter transport was probably sunk and 3 small coastal freighters were damaged, all off Shikoku; 6 coasters were destroyed 3 coasters damaged off Kozu Is., outside Tokyo Bay; 1 coaster was sunk off Kii Channel.
3. YELLOW SEA - At 1215/16 June, a patrol plane from Okinawa sighted a convoy described as:-
3 large freighters
2 destroyers
S.E. of Tsingtao, course N.E., at 8 knots. The convoy was shadowed until 1330/16 when it entered Tsingtao harbor.
At 1030/16 June another convoy described as:-
1 large tanker
1 medium freighter
1 destroyer-escort
was seen off S.W. Korea, course 190°, speed 8 knots.
4. CAROLINES - On 14 and 15 June a British Aircraft Carrier Task Group carried out light airstrikes on Truk, destroying 2 enemy aircraft and damaging shore installations. Truk Atoll was also bombarded by 4 cruisers, 3 destroyers of the Task Group.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Continued steady progress on Okinawa against stubborn resistance: light enemy air activity resumed.
(2) Preliminary details heavy B-29 raid on Osaka.
(3) Continued successes by offensive air patrols Empire waters.
(4) Rapid advance Blue forces Cagayan valley (Luzon) and on W. coast Borneo.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Steady advances continued on Southern Okinawa on 17 June as a result of frontal assaults meeting stubborn opposition. Gains were limited mainly to advances of 100 to 200 yards but elements of 1st Mardiv. progressed 700 yds. and took a hill feature 200 yds. S.E. of Mezado: this hill dominates the terrain to the S., SE., and S.W. The 6th Mardiv. has joined the front line again on the W. coast Okinawa making a 4-division front oncemore. On the left flank of the line, fighting along the XXIV Corps front is reported to have reached peak intensity as pressure increases on enemy positions. Enemy forces in Mezado town which has been by-passed apparently, but not yet reduced, are stated to be fighting to the death rather than attempt any withdrawal.

Jap Commandrof Okinawa Naval Base, Admiral Mineru Ota, was found on 17 June sitting in a cave on Oroku Peninsula with his throat cut. The Admiral was in ceremonial pose and the cave was well equipped as headquarters.

A further 1,369 dead Japs were accounted for on 16 June making a total of 80,549 up to 2400/16 June. Prisoners at that time totalled 1,680 including 1,038 combat troops and 642 labor corps. A total of 12,846 Jap dead have been accounted for during the 8 days ended 2400/16 June or 18,001 since the end of May.

Air and naval support were provided on Okinawa on 16 June as usual. Air sorties involving aircraft of land-based TAF and escort carriers totalled 70 dropping 10 tons bombs, 30 napalm tanks and firing 288 rockets.

Following the light-scale enemy raids on Okinawa pre-dawn 16 June, there were no alerts during daylight but one undetected raid took place at about 2045/16: an undetected torpedo bomber attacked and hit a destroyer apparently following up the torpedo hit with a suicide crash. the destroyer subsequently sank.

There were no enemy air attacks on land forces nor was there any interception reported on 17 June up to 1700/17.

- (2) Sakishima - Airfields and installations on Sakishima Islands were again attacked 16 June by aircraft from escort carriers.

2. FORMOSA - Harbor targets at Kiirun were bombed 16 June by 64 B-24's destroying several warehouses, shore installations and many small craft. Another 28 B-24's unable to reach Kiirun, bombed Takao.

Also on 16 June Taito was bombed by 3 B-32's dropping 10 tons of bombs per plane: fires were started throughout the town area.

Early A.M. 17 June 5 small landing barges in Pescadores were attacked by a PBM and at least 1 barge was destroyed. Eight barges or small craft were attacked 17 June by PB4Y around Formosa shores.

On 17 June, Kiirun was again bombed by 43 B-24's with 319 x 1000 lb. bombs. Escort was provided by 8 P-51's which also swept E. coast Formosa. 4 enemy fighters attacked 1 squadron of B-24's dropping spherical objects attached to parachutes by cables: no damage was suffered by the B-24's.

Also on 17 June, Soton railroad bridge (100 miles N. of Takao) was attacked by 44 P-38's causing 1 span to collapse and damaging other parts of the bridge

3. CHINA COAST - Chinese troops are reported to have broken into the port of Wenchow and fighting is in progress there.

Reconnaissance 16 June, night 16-17 June and 17 June revealed the usual small type shipping along the coast including several small concentrations of junks in the Liuchow-Fort Bayard area. A few small ships were also seen at Kiungshan and Yulin Bay (both Hainan) and also at Haiphong (Tongkin Gulf).

4. FRENCH INDO CHINA COAST - PB4Y's reported a small seaplane tender and 1 patrol craft close in-shore near Cap St. Jacques on 16 June and 2 small freighters 2 gunboats with 4 fighters covering in Thuan Bien Bay (20 miles E.M.E. of Cap St. Jacques) on 17 June.

(ii) ENEMY FORCES (Contd.)

5. GULF OF SIAM - On 16 June, 2 small tugs and 12 barges were attacked by PB4Y along the coast 85-130 miles W.S.W. of Saigon: all were damaged and some destroyed.
6. SINGAPORE - P.M. 15 June a ground observer reported a hospital ship, 2-3 warships (described as 1 cruiser and 1-2 destroyers) and a freighter entered Singapore harbor. On the same afternoon a salvage vessel with 1 escort and a probable empty tanker were seen leaving Singapore.
7. WEST COAST BORNEO - Elements of 9th A.I.F. Div. advancing S.W. along the coast from Brunei Bay reached Tutong at 1850/16 June and patrols continued to S.W., all without enemy contact. Tutong town was badly damaged apparently by aerial bombardment.
In Brunei Bay, other elements of 9th A.I.F. Div. landed unopposed at Weston (in N.E. corner of the Bay) and troops moved inland without any opposition.
Air support was provided 16 June by 40 P-38's, 24 B-25's, 3 PV's attacking targets from Kudat to Miri. Also on 16 June, 2 coastal freighters, 1 lugger were sunk and 4 coasters, 4 luggers damaged at Kuching as a result of PB4Y attacks.
A further 92 mines were cut off Miri-Lutong during minesweeping operations on 17 June making a total of 338 cut to date. The only activity noted by spotting planes over Miri on 17 June was general evacuation of Lutong area as evidenced by demolition of installation and empty gun positions which were formerly occupied.
8. PHILIPPINES - Advancing up Highway 5 through Cagayan valley elements of 37th Inf. Div. pushed on another 3½ miles from Cauayan: elements of 6th Inf. Div. advanced 4 miles on Highway 4 against delaying actions only and elements of 33rd Div. advancing E. along Highway 11 captured Bokod without opposition.
Air support on Luzon was provided 17 June in 397 sorties involving 56 B-25's, 53 A-20's, 228 P-51's, 16 P-47's, 44 P-38's.
Air support for ground operations in Central Mindanao was provided 16 June by 106 SBD's, 6 SBF's, 12 F4U's.
9. EAST INDIES
- (1) Tarakan - The main enemy defences in Central Tarakan were over-run by AIF forces on 16 June.
Enemy dead on Tarakan total 1028: 35 prisoners have been taken.
- (2) E. Borneo - On 16 June Balikpapan AA positions were bombed by 33 B-24's with nearly 103 tons of fragmentation bombs. In addition Samarinda shipyards were bombed by 6 B-24's.
On 16 June, 4 coastal freighters at Bandjermasin were attacked by 2 B-24's sinking one of them.
- (3) E. Java - At 2050/16 June, bombs were dropped by a B-24 amongst some 15 ships in Sourabaya harbor: 2 small freighters were damaged.
- 10 BISMARCK-SOLOMONS - Advancing S.E. on Southern Bougainville, elements of 3rd AMF Div. reached positions on Buin road 5 miles S.E. of Monitu Mission on 16 June.
Air support on Bougainville was provided 16 June by 93 F4U's.

B. CENTRAL PACIFIC

1. EMPIRE WATERS - On 16 June patrol planes from Okinawa sank 2 luggers, probably sank 2 coasters and damaged 2 more coasters all off S.W. Korea: planes from Iwo Is. probably sank 1 coaster, 1 trawler and damaged another small coastal freighter. Three enemy fighters attacked a patrol plane outside Tokyo Bay on 16 June and 2 of them were shot down: slight damage was suffered by the PB4Y2.
Night 15-16 June, Shimonoseki Straits, waters around Northern Kyushu and on N.W. Honshu were mined by 30 B-29's.

(ii) ENEMY FORCES (Contd.)

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Continued steady progress on Okinawa against stubborn resistance: light enemy air activity continued.
- (2) Continued successes by offensive air patrols Empire waters.
- (3) Rapid advance Blue forces Cagayan valley (Luzon) and on W. coast Borneo.
- (4) Main enemy defences on Tarakan overrun.
- (5) Chinese forces reach Wenchow.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - No further reports have been received on ground activity on S. Okinawa subsequent to 1700/17 June.

Enemy air attacks on ships off Okinawa was continued on 17 June with 3 light raids before dawn and 1 after dusk. During the evening raid an AGC was straddled by bombs but suffered no material damage. No other damage was suffered during the day.

Support to ground forces was provided as usual on 17 June. Naval support involved all type ships from battleships downwards and aircraft dropped 40 tons bombs, 24 napalm tanks besides firing 69 rockets.

- (2) Sakishima - Airfields were neutralized and installations in Sakishima Islands were attacked on 17 June by aircraft from escort carriers.
- (3) Amami Islands - On 17 June, a strike was made on Amami Islands by Okinawa land-based fighters, when weather prevented them from reaching Kyushu: 7 heavily camouflaged small coastal freighters together with much activity were observed on N. shore of Kakeroma Is.

2. FORMOSA - Strikes on Formosa targets were conducted 18 June on a substantial scale. Kiirun was bombed by 52 B-24's with 402 x 1000 lb. bombs: Kari town was attacked by 118 F-38's, Toyohara airdrome by 51 P-51's and Taien airdrome by 30 P-51's.

At 2100/17 June a PBM strafed 3 coastal freighters off Toseki (W. coast). Sightings by PB4Y2's on 18 June included 3 small craft at Kiirun, 3 cargo barges off Taito and 8 luggers or coasters off Hoko in Pescadores.

3. CHINA COAST - Night 17-18 June PBM's strafed 2 junks off Swatow and 3 junks off Hong Kong. Reconnaissance 18 June revealed 1 possible 10,000 ton tanker (definitely derelict) and 4 small freighter transports (all possibly derelicts) in Hong Kong harbor; also 3 coastal freighters at Kiungshan.

4. GULF OF SIAM - A Preliminary report concerning patrol plane activity on 18 June states that 3 PB-4Y's attacked Hatien (130 miles W.S.W. of Saigon) destroying 1 coastal freighter, damaging an engine-aft freighter of 2,300 tons. Interception was apparently encountered as 3 Jap fighters were shot down.

It has been announced that a Jap 10,000 ton tanker was attacked by RAF Liberators recently (probably 15 or 16 June) off Koh Sa Mui, an island off E. coast Kra Isthmus lying about 250 miles S. of Bangkok. Details of the attack and results are not available but it is recalled that a large tanker with 2 escort vessels and 4 fighters covering was seen Northbound off Trengganu on 13 June.

5. SINGAPORE AREA - A Hospital ship was seen at 1650/17 June off E. coast Bintan Island course 150°.

On 18 June a PB4Y saw 1 heavy cruiser in Johore Strait through a break in the clouds in her usual position off the Navy Base. The second heavy cruiser was not seen but clouds prevented more than momentary glimpses of Johore Straits.

6. WEST COAST BORNEO - After landing at Weston A.M. 17 June, A.I.F. troops advanced 2 miles to the S.E. and patrols operated 2 miles South of Weston without opposition. Also A.M. 17 June, a patrol landed unopposed near Terumi Hill up the Pandaruan river (Southern Brunei Bay). Patrols from Tutong progressed 1½ miles up the coast without enemy contact.

An unconfirmed native report states that 200 Japs crossed Brunei river to the South bank night 16-17 June.

Air support was provided 17 June by 18 B-25's, 10 P-38's attacking targets in the general Brunei Bay area.

Night 16-17 June PT boats strafed shore objectives at Miri and also attacked some 10 barges in 2 groups either beached or under-way in-shore in the vicinity of Jesselton.

At 2237/18 June, a midget submarine was located and attacked by PT boats, without apparent success 1½-2 miles off Nosong Point (between Brunei Bay and Jesselton). It appeared as though troops were concentrated at Nosong Point possibly awaiting supplies or evacuation.

(ii) ENEMY FORCES (Contd.)

7. PHILIPPINES - Near N. coast Luzon, Philippine Army troops have recaptured Babayuan, On W. bank Cagayan river about 6 miles inland from Aparri. The drive North through Cagayan valley continues unabated: Naguilian Town was captured on 18 June, by elements of 37th Div. who forced a crossing of the Cagayan river and continued to within 2½ miles of Ilagan. During the advance from Cauayan to Santiago and subsequent mopping up 190 Japs were killed and 447 prisoners, mainly Formosans, were captured. Elements of 25th and 6th Inf. Divs. attacking W. toward Pingkiang and N. toward Kiangan made small gains on 18 June against increasing opposition. Enemy forces continue to concentrate in the Kiangan area. Air support was provided over Luzon 18 June in 248 sorties involving 29 B-25's, 90 A-20's, 54 P-38's, 71 P-51's and 4 P-47's. At 1230/17 June, 2 enemy fighters were seen by aircraft at high altitude over Cagayan Valley, apparently having reconnoitred Clark Field and Manila.

8. EAST INDIES

- (1) E. Borneo - On 17 June, Balikpapan oil storage areas, AA emplacements and defence positions were bombed by 84 B-24's with about 185 tons of mixed bombs. At 0736/17 June, a submarine was located by PBM 40 miles S.E. of Samarinda and depth charges were dropped lifting the submarine high in the water. At 1155/17, 3 underwater explosions were observed by no debris seen. The search continues. Shortly after dusk 17 June, 3 raids involving probably 7 enemy planes were experienced by the cruiser/destroyer covering force for minesweepers operating off Balikpapan, ending at 2055/17: bombs were dropped but no damage was suffered by the ships.
- (2) E. Java - Photos of Sourabaya 17 June show:-
2 destroyers (1 old type)
8 other smaller escorts or minesweepers
2 submarines
1 tanker, 10,000 tons
5 freighter transports (1 small, 3 medium, 1 large).
numerous small coasters and small craft.
Coverage included Sourabaya harbor and part of Sourabaya Straits.

B. CENTRAL PACIFIC

1. JAPAN - Targets on Kyushu and Honshu were attacked by strong forces of B-29's before dawn probably 17 June. No further details are yet available.
2. EMPIRE WATERS - Offensive air patrols over S. coast Honshu and in E. China Sea on 17 June and the previous night 16-17 June destroyed or probably destroyed 5 coastal freighters, 1 lugger and damaged 1 medium freighter transport, 12 coasters, 1 ferry and 1 patrol craft. Planes from Iwo Is. were attacked by 12 aggressive enemy fighters off Chosi Point: 3 Jap planes were shot down and 5 were damaged without damage to our planes.
3. CAROLINES - On 16 June, Truk was bombed by 26 B-29's.
4. MARSHALLS - A preliminary report indicates a combined carrier attack and surface bombardment involving heavy units A.M. 18 June of Jaluit, but further details are not yet available.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Continued steady progress on Okinawa against stubborn resistance: light enemy air activity continued.
(2) Continued successes by offensive air patrols Empire Waters.
(3) Continued rapid advance Blue forces Cagayan valley (Luzon).
(4) B-29 raids on Japan repeated.
(5) Enemy submarine and air activity Makassar Strait.

Distribution: as usual.

(ii) ENEMY FORCESA. WESTERN PACIFIC1. SOUTHWESTERN ISLANDS

- (1) Okinawa - The remaining enemy forces on Southern Okinawa were effectively split on 19 June: elements of 1st Mardiv. crossed the Nagusuku-Komesu road under heavy flanking fire from the E. and reached S. coast Okinawa at a point 700 yds. S. of Komesu. Apart from heavy fire while crossing the road, enemy resistance was light.

This leaves the enemy in 2 sizeable pockets which continue to offer resistance, particularly along the base of the escarpment which runs roughly parallel to the S.E. coast 1500 yds. inland and from caves along the S.E. coast.

Total Jap dead up to 2400/18 are estimated to total 83,492, an increase of 2,943 during the past 48 hours, representing a total of 20,944 since the beginning of June. Prisoners at 2400/18 totalled 1,945 - 1,157 combat troops and 788 labor corps: this represents some increase in the rate of surrenders; 265 in 2 days.

Details of naval support 18 June are not available but land-based TAF attacked enemy positions on S. Okinawa in 69 sorties (21 TBM, 48 F4U) with bombs, napalms and rockets.

There were 3 alerts on 18 June: no attacks were made on land targets but no reports have yet been received concerning possible attacks on ships. Early A.M. 19 June, 3 Jap medium bombers were shot down by night CAP but no reports have been received of any attacks being made by enemy aircraft up to 1700/19.

- (2) Amami - A standing barrier patrol of 8 fighters was maintained over Amami by Okinawa-based TAF from dawn to dusk 18 June and one of these patrols strafed Kuji Bay airfield on Amami-O Island: several planes believed operational were seen on the field and 1 fighter was destroyed and 1 damaged on the ground.

In addition Tokuno airfield was attacked 18 June by 45 P-47's, 47 F4U's turned back by weather from scheduled Kyushu strikes.

2. FORMOSA - Photos subsequent to the B-24 strike on 16 June show that all shipping in Kiirun harbor was sunk totalling some 10,000 tons of ships over 500 tons and including 3 patrol craft.

On 19 June Kiirun harbor installations were again attacked by B-24's, 48 planes dropping 391 x 1000 lb. bombs, causing still further destruction in the area.

In addition on 19 June Shoka railroad yards were attacked by 18 B-25's, AA positions and railroad targets in the vicinity of Toyohara were bombed and strafed by 43 P-38's, a small coastal freighter off Kizan Is. (off N.E. coast) was set on fire during a sweep by 4 P-51's and bridges were bombed by 3 B-32's. An enemy transport plane was shot down over Kuputsua airrome, N. of Takao, night 18-19 June by a P-61.

3. CHINA COAST - Night 17-18 June, Woosung cotton mills at Shanghai were bombed by 1 B-24, Whampoa docks at Canton by 2 B-24's and Hoi How on Hainan Is. by 1 B-32.

Reconnaissance 19 June revealed nothing larger or more significant than the usual small craft in the usual anchorages.

4. WEST COAST BORNEO - Active patrolling is in progress around Brunei Bay as far to the SW as 3½ miles SW of Tutong all without enemy contact except with one party estimated at platoon strength 4000 yds SE of Weston.

An unopposed landing was made 19 June by elements of 9th AIF Div at Mempakul (NW extremity of Brunei Bay).

On 18 June Miri was bombed by 24 B-25's and close support was provided against an enemy pocket still on Labuan by 6 B-25's

At 1245/18 June 10 luggers and 1 coaster at Kuching were attacked by a PB4Y: 2 luggers were destroyed and 1 damaged.

5. PHILIPPINES - Ilagan was captured 19 June during the northward drive along Hwy 5 and Ilagan River was crossed, 3500 yds ESE of the town: scattered resistance only was encountered. During the day 39 Japs were counted dead and 103, mostly Formosans, captured in this sector.

Strong resistance is being encountered in the mountains in the Cervantes-Bontoc-Kiangan triangle, N of Balete Pass and W of the Cagayan Valley. Cervantes is now in the hands of Philippine Army Units which have pushed 7000 yds S and 6500 Yds SSE of the town: 6th Inf Div is attacking N towards Kiangan and further south 25th Inf Div is exerting pressure in a westward drive towards Pingkian.

(ii) ENEMY FORCES (Contd.)

5. PHILIPPINES (Contd.)

Air support in Cagayan Valley was provided 19 June in 251 sorties involving 61 A-20's, 103 P-51's, 87 P-38's with 81½ tons bombs, 795 napalm incendiaries and 134,000 rounds of .50 calibre.

6. EAST INDIES - On Tarakan considerable enemy movement is reported along tracks towards NE coast but actual contact has only been made with a few small parties.

On 18 June gun positions and defences in the Balikpapan-Manggar area were bombed by 74 B-24's with about 150 tons of mixed bombs, and Asa-Malak airfields near Bandjermasin were attacked by 8 P-38's.

At 1450/18 June, a single enemy recce plane approached our cruiser-destroyer force in Makassar Straits but did not attack. At 0835/19 June, 3 enemy fighters were seen by a PB4Y2 airborne approx 30 miles S of Makassar but they did not engage.

7. BISMARCK-SOLOMONS - Strong opposition is being encountered by AMF elements advancing SE towards Buin. Air support was provided 18 June over Bougainville by 87 F4U's (RNZAF).

/-/-/-/-/-/-/-/-/-/

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Enemy remnants on S Okinawa split into 2 pockets: light enemy air activity continued.
- (2) Continued successes by offensive air patrols Empire waters.
- (3) Further enemy air activity Makassar Strait.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS - No further detail is available concerning Okinawa land operations subsequent to 1700/19 June, but enemy resistance is in its final stages of collapse and may break down completely at any time.
Naval bombardment and aerial attacks on 19 June added to the confusion in the remaining enemy pockets wedged into the South and S.E. coasts of Okinawa.
On 18 June Sakishima airfields were covered by aircraft from escort carriers. Minesweeping off Miyaka was continued on 18 June.
2. FORMOSA - At 1230/20 June, a possible hospital ship was seen 10 miles off Tainan course S.W.
On 20 June Shinchiku airdrome was bombed by 42 B-24's destroying at least 4 planes on the ground, and communications were attacked by 15 P-51's.
3. CHINA COAST - No shipping of any size or significance was seen by reconnaissance 20 June.
4. FRENCH INDO CHINA COAST - Reconnaissance 20 June revealed 2 large trawlers in Quinhon harbor and 3 river steamers 3 barges in Tourane harbor. As a result of attacks by PB4Y's 1 trawler, 1 river steamer were sunk and all the other vessels damaged.
Railroad targets along the coast were attacked by 4 PB4Y's.
5. SOUTH CHINA SEA - The airfield at Soebi Ketjil, in Natoena Islands, appeared operational on both 19 and 20 June: the runway was bombed by a PB4Y2 on 20 June.
6. SINGAPORE - Local sources report that a battleship arrived in Johore Straits on 16 June, but the report is considered exaggerated. It is however possible that one of the 2 heavy cruisers ("TAKAO" and "MYOKO", probably the former) may be fit for sea and may have made a trial run. It is recalled that 1 heavy cruiser was seen in poor visibility in Johore Strait on 18 June, but prior to that the 2 cruisers' anchorages have not been inspected since 1 June.
On 18 June 2 empty tankers arrived at Singapore and 1 laden tanker with 1 escort departed.
7. WEST COAST BORNEO - In a shore-to-shore movement A.I.F. troops landed at Lutong (Miri) on 20 June without opposition but no further details are available.
All around Brunei Bay from Mempakul to Tutong, A.I.F. forces and patrols are fanning out with negligible enemy contacts. The enemy pocket on Labuan Is. was still holding out on 20 June.
Total enemy counted dead in the Brunei Bay area to 2400/18 June numbered 293: 17 prisoners have been captured.
On 18 June, Keningau strip, inland from Weston, was attacked by 8 P-40's from Labuan: 5 heavily camouflaged aircraft were seen in revetments and 1 was damaged. On 19 June Keningau was attacked by 15 B-25's from Palawan and 4 Spitfires from Labuan: 4 aircraft on the ground were damaged and 1, damaged the previous day, was blown up by the Spitfires and the runway was cratered by the B-25's. On 20 June Keningau strip was attacked by 6 PV's: the strip appeared operational and fresh wheel-tracks indicated recent use.
On 18 June, Kudat personnel area was bombed by 12 B-25's.
8. PHILIPPINES - In Central Cagayan valley, guerilla forces crossed the Cagayan river and have captured Tuguegarao Town against light and scattered resistance. Elements of 37th Inf. Div. have pushed along Highway 5 to a position 3200 yds. N. of Ilagan where they are about 15 miles from guerilla forces in Tuguegarao. Pressure is being maintained on Japs in the mountains W. of Cagayan Valley and some gains were achieved on 20 June.
Air support over Luzon was provided 20 June in 291 sorties involving 35 A-20's, 105 P-38's, 71 P-51's in the Cagayan valley, 45 P-38's, 20 P-51's in the Bontoc mountains, and 15 P-47's in Ipo mountains E. of Manila.
Supporting ground forces on Mindanao, 165 offensive air sorties were flown on 19 June (132 SBD's, 6 SBF's, 21 F4U's and 6 B-25's).

(ii) ENEMY FORCES (Contd.)

9. EAST INDIES - On 19 June, Balikpapan AA positions and defences were bombed by 69 B-24's with 179 x 1000 lb. bombs and 335 x 250 lb. bombs.

B. CENTRAL PACIFIC

1. JAPAN - Details of the recent B-29 strike on Japan as reported in Summary No. 1237, state that 417 aircraft were involved in the raid which took place prior to dawn 18 June. The targets were:-
Hamamatsu (Nagoya) by 103 B-29's
Yokkaichi (Nagoya) by 87 B-29's
Kagoshima (Kyushu) by 114 B-29's
Omura (Kyushu) by 110 B-29's
Targets of opportunity by 3 B-29's
There was no interception and A^A was meagre. 13 B-29's are missing.
Minefields in Shimonoseki Straits were replenished night 17-18 June and mines were also laid in Kobe harbor.
Preliminary reports indicate that Ehikuoka and Toyohashi cities on Honshu and Fukuoka on Kyushu was attacked A.M. 20 June by strong forces of B-29's.
2. EMPIRE WATERS - On 18 June, patrol planes from Iwo Is. sank 1 small craft and damaged others off S. coast Honshu and on 19 June sank one coaster, 5 fishing boats, damaged 2 ships besides shooting 1 Jap fighter in the same area. Also on 19 June, search planes from Okinawa destroyed 1 coaster, probably sank 1 small freighter and damaged 2 coasters, 2 luggers in the waters between Korea and Shanghai.
Mines were also laid off S. Korea Night 17-18 June.
3. SOUTHERN ISLANDS - Night 18-19 June, a U. S. destroyer intercepted and sank by gunfire 1 small freighter, 2 small craft off N.E. coast Chichi Is.: 53 prisoners were taken.
On 19 June, Chichi Is. was attacked by 32 P-51's.
4. MARSHALLS - The attack on Jaluit on 18 June (reported in Summary No. 1237) involved 1 battleship, 2 destroyers and land-based Corsairs. AA and other gun positions were well covered.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Enemy resistance on Okinawa in last stages of disintegration.
(2) Continued successes by offensive air patrols Empire waters.
(3) Further B-29 raids on Japan.
(4) Rapid Blue progress W. coast Borneo.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

(1) Okinawa - Army reports up to 1700/21 June indicate that the 2 large enemy pockets on Southern Okinawa had been further carved up into 3 pockets in one of which organized resistance ceased at 1027/21. The 2 remaining pockets are in the 96th Inf. Div. zone in the vicinity of Medeira. Operations in the XXIV Corps zone were impeded by the large number of civilians and military personnel passing through their lines.

Enemy dead up to 2400/20 June are estimated to total 90,401 representing additional 6,909 Japs killed in 2 days operations or 27,853 since the beginning of June. Prisoners at that date numbered 3,753 (2480 combat troops and 1,273 labor corps) representing an additional 1,808 in the preceding 2 days.

Naval support on 20 June was limited to night illumination and close air support was provided by escort carriers on a light scale and by land-based TAF.

Only 1 enemy plane was over Okinawa on 20 June and that was a torpedo-carrying medium bomber which made an unsuccessful attack on fire support ships during the evening.

(2) Sakishima - Airfields and installations on Sakishima Is. were hit on 19 and 20 June by aircraft from escort carriers.

Minesweeping off Miyako Is. was continued on 20 June but was not completed.

(3) Amami - On 19 and 20 June, targets at Amami were attacked by F4U's from Okinawa involving 44 and 33 aircraft on the 2 days respectively.

2. FORMOSA - Night 20-21 June, Shinchiku airdrome was bombed by 1 B-24 but heavy strikes on 21 June were prevented by weather. Lines of communication mainly in S. Formosa were, however, attacked by 13 P-51's on 21 June. At 0500/21 June, a merchant ship, possibly 5000 tons was sighted by aircraft at Tamsui.

3. CHINA COAST - No shipping of any significance was seen by reconnaissance 21 June: a coaster off Hong Kong was sunk by a PB4Y.

unopposed

4. WEST COAST BORNEO - After landing at Lutong/a.m. 20 June, elements of 9th A.I.F. Div. pushed to within 3 miles of Miri capturing the airdrome en route. Active patrolling continues around Brunei Bay and only negligible contacts are reported.

Enemy counted dead to 2400/20 June in the Brunei-Miri area total 358 with another 50 estimated killed: 28 prisoners have been taken.

An enemy reconnaissance plane was intercepted by 2 Spitfires from Labuan airdrome at 1000/20 June and was shot down 55 miles S.E. of Labuan.

5. PHILIPPINES - Guerilla forces and U.S. Rangers crossed Cagayan River near the mouth proceeding on to capture and secure Aparri: Japs fled when contacted. These units then turned south and joined up with other guerilla units who had captured Dugo 8 miles to the south.

Guerillas still hold Tuguegarao but the Japs are making a determined bid to retake the town as the 37th Inf Div pushes N along Hwy 5: leading elements have reached and taken San Juan (27 miles from Tuguegarao).

Mopping up continues in the Marikina watershed, east of Manila: 102 Japs were killed there on 20-21 June and 170 found dead.

Air support was provided over Luzon on 21 June in 238 sorties involving 9 B-25's, 144 P-38's, 78 P-51's and 7 P-47's.

Close air support was provided over Mindanao on 20 June by 74 SBD, 12 SBF, 29 F4U in addition to a strike on AA positions at Sarangani Bay by 15 SBD's, 4 F4U's.

6. EAST INDIES - On 19 June, an additional 31 B-24's attacked Jap defences at Balikpapan making a total of 100 B-24's precisely. The same targets were hit again 20 June on a similar scale but results are incomplete.

Attacking aircraft reported a submarine seen submerging approx 100 miles off Samarinda on 19 June.

No aerial opposition has been encountered over Balikpapan recently but small scale interception has been experienced on each of the last 3 days, over Celebes: on 19 June 2 B-24's over Makassar met 2 Jap fighters, on 20 June a B-24 met one Jap T/E plane near Boro Boro and another B-24 was attacked by a fighter over Mandai, and on 21 June 3 B-24's bombing Limboeng were attacked by 2 fighters.

(ii) ENEMY FORCES (Contd.)

Balikpapan was subjected on 20 June to harassing naval gunfire by cruisers and destroyers covering minesweepers operating in the area.

Allied submarine successes in the area recently included the sinking of 1 armed trawler and 1 loaded schooner in Java Sea p.m. 17 June, the sinking of a medium engines-aft freighter off NW Java on 18 June, damaging 3 coasters in the same area on 19 June.

- 7. NEW GUINEA - At 0510/21 June an unsuccessful torpedo attack was reported on a merchant ship 260 miles N of Hollandia.

B. CENTRAL PACIFIC

- 1. JAPAN - Details of the B-29 strike night 19/20 June (reported in Summary No. 1238) show that the targets attacked were as follows:-

Fukuoka urban area (Kyushu) by 217 B-29's from 8,750 feet
Toyohashi urban area (Honshu) by 135 B-29's from 7,800 feet
Shizuoka urban area (Honshu) by 119 B-29's from 8,725 feet
Targets of opportunity by 3 B-29's
Unreported targets by 10 B-29's
Shimonosaki Strait mined by 28 B-29's Total ~~484~~⁵¹² B-29's

Strike photos of Shizuoka show the SE, central and NW positions of the city burning with a strong ground wind spreading the flames.

On 20 June Omura aircraft assembly plant and seaplane base (W Kyushu) were attacked by 35 P-47's from Okinawa and Chiran airfield (SW Kyushu) was attacked by 29 F4U's also from Okinawa: all planes returned to base despite intense AA fire.

- 2. EMPIRE WATERS - Offensive air patrols continued to record successes on 20 June: 1 freighter transport and 3 coastal freighters or transports were sunk and 1 more coastal freighter was damaged in waters between Korea and Shanghai: 2 Jap fighters were damaged over the same waters and 1 was shot down, 2 more damaged off S coast Honshu. Shimonosaki Straits and points along NW coast Japan were mined night 19 June by 28 B-29's.

- 3. CAROLINES - At 0455/21 June a small U.S. naval auxiliary was torpedoed in a position 330 miles W of Eniwetok.

On 20 June a merchant ship reported sighting a torpedo just south of Ulithi.

/-/-/-/-/-/

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Organized resistance on Okinawa broken: single enemy plane over area.
- (2) Aparri captured on N coast Luzon: Tuguegarao captured central Cagayan Valley: Army forces advancing N through Cagayan Valley with undiminished rapidity.
- (3) Blue landing unopposed at Lutong (Miri).
- (4) Details of B-29 raids on Japan.
- (5) Continued successes by offensive air patrols Empire waters.
- (6) Blue submarine successes.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Mopping up continues of the enemy remnants on S. Okinawa. The general situation appears to resemble in outline the utter confusion that has occurred previously in such events but includes an unusually large number of surrenders which may be significant. The usual suicides occurred including Japs walking into the sea to drown themselves, jumping off cliffs and committing suicide - mass or individual - in the recognized manner. However, more than 1700 Japs surrendered during 21 June and the total military prisoners numbered over 4000 by nightfall 21 June: many more surrenders were expected in the following days. During the initial mopping up states at least 10 Jap officers (majors and below) gave themselves up and there were several instances of Jap officers leading their men into our lines.

Enemy air activity over Okinawa increased sharply night 21 June and A.M. 22 June. At dusk 21 June, a small group of Jap planes attacked ships at Kerama sinking 1 LSM and 1 decoy ship under tow and damaging 2 auxiliaries (1 seriously) all by suicide tactics. Between 2350/21 and 1130/22 June there were some 30 raids experienced mainly concentrated between 0300 and 0900/22. Only a few stragglers penetrated the CAP and Northern picket line and these were shot down by AA after inflicting only minor damage on 1 LSM and 1 DE. Details of enemy losses during this phase are not yet available.

Sakishima - On 21 June neutralization of Sakishima airfields was continued by aircraft from escort carriers.

On 22 June, a PB4Y2 from Luzon, destroyed 1 lugger and 1 small coastal freighter off Yonakuni (Westernmost Is. of Sakishima Group).

2. China Coast - Ground observers report 10 large junks loaded with troops heading N. off the coast between Wenchow and Hangchow Bay evening 21 June providing further evidence of evacuation of the Wenchow area by the Japs. One large freighter, 7 small ships and 7 escort vessels including 3 destroyers were reported at Amoy on 21 June, but aerial reconnaissance has not found these warships.

Night 21-22 June 2 PBM's over the Hainan-Amoy coast located 2 small freighters, 2 large barges off Swatow, 1 small freighter transport off Macao, 1 large barge off Hong Kong and a group of about 50 junks headed N.E. off Macao: the small freighter transport was sunk as a result of attacks and 3 of the smaller vessels were severely damaged or possibly sunk.

Reconnaissance 22 June, revealed 3 small freighters at Hong Kong and some small craft in the Canton river mouth. As a result of attacks 1 river boat was sunk and 2 small craft damaged in the latter area.

4. West Coast Borneo - Elements of 9th A.I.F. Div. which landed at Lutong on 20 June, occupied oilfields in the Northern parts of Miri town on 22 June. Other elements proceeding down the coast from Brunei reached the outskirts of Seria, nearly halfway on the road from Lutong to Miri: large fires were raging in Seria Town. Active patrolling continues around Brunei Bay, reporting negligible contacts, and some progress has been made from Weston along the railway towards Jesselton. Dyaks are cooperating with our force and produced 6 Jap head in the Limbang area, S.W. Brunei Bay: special reconnaissance parties and natives in the Limbang area have killed 132 Japs.

Japs in the pocket of resistance on Labuan Is. W. of the airstrip made a suicide sortie shortly before dawn 21 June against the allied beachhead near Victoria town on Southern Labuan Island. The assault involved an estimated 100 Japs and about half of these were killed during the attack but they inflicted about 40 casualties including 20 killed, on the allied party. Another small attempt was made at the same time to penetrate onto Labuan airstrip but this attempt failed. The Jap pocket was cleared out A.M. 21 June with the aid of tanks: a total of 90 Japs were killed during the suicide attack and the clearing of the pocket.

Total Jap dead counted to 1200/22 June in the Brunei-Miri area number 665: *prisoners number 55.

On 21 June Keningau strips were dive bombed by 13 P-38's and Keningau town was attacked by 24 B-25's: caves at Jesselton were dive bombed by another 13 P-38's and buildings at Kudat were attacked by 4 P-38's using Napalm incendiaries.

(ii) ENEMY FORCES (Contd.)

5. PHILIPPINES - In the Cagayan valley, 37th Inf. Div. advanced a further 13 miles along Highway 5 on 22 June reaching a position 6 miles N. of Tumauni. Guerillas are apparently having difficulty in holding Tuguegarao town against concerted Jap efforts to break through the blockade.

In the Bontoc mountains, Pingkiang has been captured and elements of 6th Div. advancing W. from Pingkiang are less than 12 miles from the 33rd Div. at Bokod and Daklan airstrip.

Air support was provided over Luzon on 22 June on a normal scale involving about 250 sorties.

6. EAST INDIES - Enemy resistance on Tarakan was proclaimed ended. on 21 June: Jap counted dead on Tarakan total 1113 and prisoners number 52.

On 21 June Balikpapan defences including Seppinggan and Manggar airdrome areas were bombed by 98 B-24's with about 142 tons of mixed bombs. Also on 21 June, Oelin airdrome near Bandjermasin was bombed by 2 B-24's. Limboeng, Ambesia (S. Celebes) and Mapanget (N. Celebes) were raided by an aggregate of 6 B-24's. Night 21-22 June, Malang airdrome, E. Java, was raided by 1 PBV.

B. CENTRAL PACIFIC

1. JAPAN - Night 21-22 June, aircraft factories in Japan were again attacked by strong forces of B-29's, but details are not yet available.

Photos of recently attacked lesser production centers show:-

- Fukuoka 2.26 square miles or 66% of built up portion destroyed.
- Yokkaichi 1.23 square miles or 59% of built up portion destroyed.
- Hamamatsu 1.28 square miles or 30% of built up portion destroyed.
- Amagasaki 0.75 square miles or 11% of built up portion destroyed.

Osaka now has 15½ square miles damaged representing 26% of the built up portion of the city. *damaged*

2. EMPIRE WATERS - On 21 June patrol planes from Okinawa sunk 1 freighter transport and damaged 1 tug, 4 coastal freighters, 1 freighter transport all in the waters between Korea and Shanghai.

Night 20-21 June, a convoy described as:-

- 2 large freighter transports
- 2 escort vessels

was seen by PBM 150 miles E. of Tsingtao, course 270°, speed 10 knots: the ships were bombed without apparent effect.

SUMMARY OF SIGNIFICANT NAVAL DEVELOPMENTS

- (1) Sharp increase in Jap air activity over Okinawa.
- (2) Further B-29 raids on Japan.
- (3) Continued successes by offensive air patrols Empire waters.
- (4) Continued rapid Blue progress W. coast Borneo.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

(1) Okinawa - The U. S. flag was officially hoisted on Okinawa at 1000/22 June but mopping up continues on the Southern part of the island, Many civilians together with military personnel are giving themselves up.

Enemy dead up to 2400/21 June were estimated to total 94,919 representing an additional 4,518 in 24 hours. Prisoners at 2400/21 numbered 5,525 (3,526 military personnel, 1999 labor troops) representing an additional 1,818 in 24 hours.

A senior Jap officer, believed to be Lt. Gen. Ushijima (cdr. of the Jap forces on Okinawa) was killed A.M. 21 June by artillery or mortar fire on Southern Okinawa.

Enemy air activity was continued over Okinawa evening 22 June on a light scale: no material damage is reported by our forces during this phase. A recapitulation of damage inflicted on enemy planes during the 48 hours ended 2400/22 shows a total of 59 enemy planes destroyed, detailed thus:

By night fighters 21-22 June	6
By day CAP 22 June including Amami barrier patrols	39
By AA on Ie Is.	1
By ships, including 5 suicide hits and other attempted suicides	<u>13</u>
	<u>59</u>

Suicide hits sank an LSM and a decoy APD under tow, seriously damaged a seaplane tender and caused lesser damage to other ships, practically all apparently evening 21 June. Enemy planes involved medium bombers, torpedo bombers, fighters and floatplanes: pilots and tactics were reported as highly skilled and aggressive. Two baka bombs were seen being carried by medium bombers and one baka bomb was reported in flight, but no attack from this type of projectile is reported.

(2) Sakishima - On 22 June, Sakishima airdromes were neutralized by aircraft from escort carriers.

2. FORMOSA - On 22 June AA positions and oil installations at Toshien were bombed by 34 B-24's and Mato town, N. of Tainan, was attacked by 9 P-38's with napalm incendiaries. Heito was bombed by 2 B-32's. Interception of the B-24's was attempted in half-hearted fashion by 2 Jap fighters.

On 23 June, Kobi alcohol plant was bombed by 15 B-24's with 109 x 1000 lb. bombs, and railroad rolling stock at Kagi on W. coast was attacked by 8 P-51's.

Nights 21-22 and 22-23 June, Toshien was attacked by 1 and 2 B-24's respectively.

3. CHINA COAST - Nights 21-22 and 22-23 June, Nanking was raided by 3 and 2 B-24's respectively and Canton was raided by 1 B-24 each night.

On 22 June enemy small craft in the Canton river mouth were attacked by 23 B-25's. Several hundreds of small craft from 20 to 100 ft. were observed in the area and about 40 were destroyed or damaged.

Reconnaissance 23 June revealed again a number of small craft in the Canton area and several were shot up.

4. FRENCH INDO CHINA COAST - Reconnaissance 23 June revealed at least 9 barges and 1 lugger near Cap Padaran and 2 luggers, 1 possible small freighter in Camranh Bay. As a result of attacks by PB4Y all craft at Cap Padaran were sunk or set on fire but those in Camranh Bay were lying close in-shore under cover of shore-based AA.

5. GULF OF SIAM - At 1230/22 June, 2 PB4Y's attacked 1 coaster and 1 lugger at Haiien (130 miles W.S.W. of Saigon) destroying both. Interception was experienced from 8-9 Jap fighters, apparently waiting for the PB4Y's: 1 or 2 of the Jap fighters were probably damaged in combat.

6. WEST COAST BORNEO - A.I.F. patrols pushed S.E. and S.W. from the old Pujunt oil-fields (just N. of Miri) entering Miri town without reported opposition. Seria town was occupied on 23 June: the town was badly battered. Active patrolling continues around Brunei Bay with negligible enemy contacts. Another attempt at infiltration onto Labuan airstrip was attempted by the Japs prior dawn 22 June: the attempt was on a light scale and was unsuccessful.

(ii) ENEMY FORCES (Contd.)

6. WEST COAST BORNEO (Contd.) - Small craft in Sambas river-Pontianak area were attacked by PB4Y on 23 June with the result that 7 were destroyed and 11 were damaged, 2 apparently operational planes and 1 non-operational plane were observed on Kuching airfield.

7. PHILIPPINES - On 23 June, elements of 511th Parachute Reg. made a drop into Camalaniugan airdrome, just S. of Aparri without opposition, contacted U. S. Rangers and guerillas in the Aparri-Dugo area and patrolled South to La-lo. Amphibious patrols were landed at Buguey and Tapal, respectively 14 and 27 miles E. of Aparri, without reported enemy contact.

Enemy pressure on Tuguegarao has forced guerillas to withdraw to the W. bank of Cagayan river. Elements of 37th Div. advancing N. along Highway 5 reached a point 11 miles S. of Tuguegarao on 23 June, after overcoming strong rear-guard positions on the road.

Another 78 Japs were killed and 108 found dead during mopping up in the Marikina watershed area on 23 June and about 1000 Jap dead have been found recently in the Ambuclao-Bokod valley, N.E. of Baguio.

Air support over Luzon was provided on 23 June in 339 sorties: 66 A-20's, 8 B-25's, 98 P-51's, 8 P-38's along Cagayan valley, 31 P-38's, 7 P-51's in the Montoc mountain area, and 31 P-38's, 14 P-47's in mountain E. of Manila. In addition on 23 June Basco airdrome on Batan Is. off N. coast Luzon was attacked by 8 P-47's.

Supporting ground operations on Central Mindanao on 21 June, 130 SBD's, 16 SBF's, 24 F4U's and 1 TBM sorties were flown. In addition Sarangani Bay objectives were bombed by 6 SBD's.

8. EAST INDIES - On 22 June, defences and objectives at Balikpapan were attacked by 83 B-24's, 51 B-25's, 29 P-38's with 201 tons bombs.

At 1630/23 June, a search plane reported 10 small ships leaving Bandjermasin harbor, course 210°, having seen at 1500/23 a convoy of 4 ships described as:-

- 1 destroyer
- 2 small freighters
- 1 coaster

40 miles S.W. of Bandjermasin, course 210°.

Harassing of Celebes airdromes was continued night 21-22 June, through 23 June: Langoan in N. Celebes was hit by 1 B-24: Limboeng, Boeloedowang, Kendari, Ambesia and Boroboro (all S. Celebes) were all attacked involving 6 PB4Y's, 8 B-24's. There were 3 instances of interference over Limboeng and one over Kendari by single or small formations of Jap fighters: during the period 1 Jap fighter was destroyed, 1 probably destroyed and 1 damaged by patrol planes and, in addition, an enemy single engine plane was shot down on 22 June by P-38's making a sweep over Limboeng.

Photos 22 June show 3 planes on or over Limboeng, and practically all strips in S. Celebes are serviceable or being repaired.

At 0340/23 June a single enemy plane dropped bombs harmlessly in the sea off S.W. Morotai.

B. CENTRAL PACIFIC

1. JAPAN - The B-29 raids on Japan night 21-22 June involved a total of 403 planes and the main targets were:-

Kure Naval Arsenal by 162 B-29's.

Mitsubishi aircraft plant at Tamashima (N. coast Inland Sea) by 106 B-29's.

Kawanishi aircraft plant at Himeji (N. coast Inland Sea) by 54 B-29's.

Aerial opposition was negligible but AA over Kure was intense: 3 B-29's were lost.

Inland Sea waters were mined night 21-22 June by 27 B-29's.

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) U. S. Flag hoisted on Okinawa: light enemy air activity continues.
- (2) Further B-29 raids on Japan.
- (3) Increased enemy air activity over Celebes in East Indies.
- (4) Probable Jap evacuation S.E. Borneo.

Distribution: as usual.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Mopping up continues on Okinawa and enemy dead up to 2400/22 June were estimated to total 98,564, and additional 3,645 in 24 hours. Prisoners at that time totalled 6,932 (4,499 military personnel and 2,433 labor troops) representing 1,307 taken in the preceding 24 hours.
At about 2100/23 June, two single enemy planes came over Okinawa very low but apparently made no attacks.
- (2) Sakishima - Ishigaki airfield was attacked 23 June by 17 TBM's, 36 F4U's from Okinawa TAF.
Minesweeping of waters N.E. of Miyako was completed 23 June: a total of 101 mines were cleared.

2. FORMOSA - Reconnaissance 24 June revealed 1 coaster and about 30 luggers, including 24 beached, at Ryukyu Island off S.W. Formosa. As a result of attack the coaster and 7 luggers were destroyed: the remaining vessels were damaged.

3. CHINA COAST - Night 23-24 June, a small freighter transport and 2 luggers were attacked by a B-24 in Yangtze river and both luggers were sunk; Whampoa docks at Canton were bombed by 1 B-24; Sanchau Is. airfield near Hong Kong was bombed by 1 B-32 as alternative to shipping seen to close to neutral territory of Macao.
The same night a PBM attacked 2 small groups of ships between Hong Kong and Hainan: one group consisted of 2 coastal freighters and 1 unidentified merchant ship estimated at 1,400 tons off Sanchau Is. and the other consisted of 2 large sailing vessels anchored together off Hailing Is. The merchant ship was sunk by bombs, one of the 2 coasters was left sinking and the other beached as a result of strafing, and the 2 sailing vessels were hit by bombs and disintegrated.
Reconnaissance 24 June revealed a few small craft along S.E. China coast and also an LST type ship 50 miles out of Hong Kong apparently heading thereto at 10 knots.
On 24 June, the Jap radar station at Erh Chou Island near Hong Kong was effectively bombed and strafed by 2 B-25's

4. WEST COAST BORNEO - Active patrolling continues around Brunei Bay with negligible enemy contact. Miri was found unoccupied by A.I.F. forces entering the town from Lutong and patrols moving North reached Cape Baram without enemy contact.
Spreading N. from Brunei Bay amphibious shore-to-shore landings were made at Sabang (16 miles N.W. of Mampakul) and at a point a further 8 miles N.E. without enemy contact.
A PB4Y2 over Kuching area 24 June was intercepted by 1 enemy fighter with little effect: One coastal freighter on a slipway at Kuching was destroyed and another was damaged: 3 fighters were observed on Kuching airdrome hidden under trees in addition to 3 dummy planes on the airdrome.

5. PHILIPPINES - Advancing N. along Highway 5 in Cagayan valley, elements of 37th Inf. Div. reached a point within 4 miles of Tuguegarao on 24 June encountering only light small arms fires en route. In this sector 175 Japs were killed and 20 were captured during the day.
Elements of 11th Airborne Div. moving S. from Aparri are approaching La-Lo. Some 30 Jap aircraft have been found on Aparri airdrome and vicinity.
In the Kiangan area, S.E. of Bontoc, strong enemy resistance continues from an estimated enemy battalion.
Air support was provided over Luzon on 24 June in 220 sorties: 64 A-20's, 70 P-38's, 30 P-51's along Cagayan valley; 32 P-38's in the mountains near Bontoc; 12 P-47's, 12 P-38's in the Mountains East of Manila.
Air support over Mindanao was provided 22 June by 136 SED's, 12 SBF's, 6 B-25's, 24 F4U's.

(ii) ENEMY FORCES(Contd)

6. EAST INDIES - P.M. 23 June an enemy convoy 150 miles S. of Bandjermasin was attacked by submarine as a result of which 1 unidentified ship was sunk by torpedo and 1 coastal freighter, 1 sub-chaser were sunk by gunfire. This is probably the four-ship convoy seen by search plane early afternoon 23 June in a position about 40 miles off Bandjermasin, course 210°: the Convoy was described by the plane as 1 destroyer, 1 medium, 2 small engine-aft freighters.

On 23 June Balikpapan defences were attacked by 88 B-24's, 40 B-25's and 28 P-38's with 203 tons bombs: Tabanio strip near Bandjermasin was bombed by another 2 B-24's. In addition on 23 June Balikpapan shore batteries were bombarded by a cruiser force off-shore.

Night 23-24 June airdromes in the Kendari area were raided by 1 PBV and Malang (E. Java) by another PBV: on 24 June Ambesia airdrome was bombed by 3 B-24's.

Also night 23-24 June, PT boats captured 3 Jap marines on a raft between Tarakan and Bunyu (or Boenjoe) Is. off N.E. Tarakan, including 1 Captain: the Captain stated that some 300 Japs were attempting to escape from Tarakan.

B. CENTRAL PACIFIC

1. JAPAN - On 22 June, a fighter sweep was conducted over Southern Kyushu by 32 F4U's from Okinawa: 2 Jap fighters were shot down.

On 23 June, Itazuke airfield, near Fukuoka on N.W. Kyushu, was attacked by P-47's from Okinawa. Results are unreported except that intense naval AA was encountered from the Harbor. Also on 23 June, 4 airfields on Tokyo area (Hyakurigahar, Kasumigaura, Katori and Shimodate or Sekimojo) were subjected to a strike by 90 P-51's: 19 enemy planes were shot down, 2 probably shot down and 13 damaged in the air; 13 enemy planes were destroyed, 12 probably destroyed and 10 damaged on the ground for a total of 32 destroyed, 14 probably destroyed and 23 damaged. 3 P-51's were lost but 2 pilots were rescued.

Strike photos of the B-29 attack on Kure naval arsenal show a direct hit on the stern of battleship "HARUNA".

Photos of Maizuru Naval Base (N. coast Honshu) and other nearby anchorages 21 June show:-

5 destroyers (2 "ASASHIO" or "TAKANAMI", 1 "HIBIKI", 1 "MATSU",
1 old type)

2 submarines

1 minelayer "TOKIWA", at Naval Base.

1 sub-tender "CHOGEI", at Naval Base.

12 escort vessels (PF or DE)

5 LSM

1 hospital ship

40 merchant ships (operational) totalling 65,400 gross tons.

In addition the ex-Italian liner "CONTE VERDE" (18,000 tons) is at the Naval Base being stripped of all rigging and with superstructure being cut away: 1 "MATSU" class destroyer is outfitting at Naval Base.

Photos of Shimonoseki Straits and adjacent waters 21 June show:-

1 destroyer, "TERUTSUKI" class

3 submarines

4 escort vessels (DE, PF, AM, PC)

1 auxiliary repair ship

96 merchant ships (operational) totalling 146,500 gross tons.

In addition 3 merchant ships totalling 4,600 tons are present repairing or outfitting.

6. SOUTH EAST ASIA - It has been announced that enemy airfields and other targets on Sumatra were recently attacked by aircraft from British Carrier Task Force: no further details are available.

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) Heavy Blue strikes Balikpapan continue.
- (2) Successful Blue submarine attack on probable evacuation convoy from S.E. Borneo.
- (3) Light enemy air activity over Okinawa.
- (4) Fighter sweeps Kyushu and Tokyo area.
- (5) Photos Maizuru Naval Base.
- (6) Blue carrier force hits Sumatra.

Distribution: as usual.

G. J. CONNOR

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Mopping up continues on Southern Okinawa and the totals of Japs killed and captured continue to mount rapidly. At 2400/24 June total Japs killed were estimated at 103,768 and prisoners numbered 8,696 (5,842 military personnel and 2,854 labor troops). These figures show an increase of 5,204 in the total Japs killed and of 1,764 in the prisoners taken during the previous 48 hours. Since 11 June, when the initial assault was launched on the Yaeju-Dake escarpment line, 35,097 Japs are estimated to have been killed on Okinawa, an average of 2500 a day, and over 5,300 prisoners have been captured. Two bodies, with heads partially blown off were found on 25 June in a cave believed to be part of the Jap 32nd Army command post: these bodies are thought possibly to be Lt. Gen. Ushijima (CG 32nd Army) and his Chief of Staff, but identification is not positive.

On 25 June a reconnaissance of Izena Island, N. of Ie Is. and S. of Iheya Is., was conducted and some 4,000 Okinawan civilians found there but no Jap troops or Jap civilians.

During the 24 hours ended 2400/24 June there were 4 air raid alerts but only 2 enemy aircraft apparently actually came over Okinawa: one was at 0245/24 when a T/E bomber was shot down by F6F(N) and the other at 2140/24 when another T/E bomber was shot down by a P-61. There was no damage to our shipping during these raids but a few bombs fell on an Ie Is. airstrip causing several casualties. There was apparently no enemy air activity on 25 June up to 1700 hours.

- (2) Sakishima - At 0710/24 June Hirara airdrome on Miyako Island was attacked by 18 TBM, 37 F4U from Okinawa TAF using bombs and rockets leaving the field unserviceable: a 100 ft freighter off-shore was strafed and left burned. Strike photos showed 15 combatant planes (14 S/E and 1 T/E) operational on Hirara airdrome.

At 1550/24 June, a sweep over Sakishima Group was conducted by 32 P-47's from Okinawa TAF and 1 - 60 ft. boat, 2 fishing smacks were bombed and rocketed.

2. CHINA COAST - Night 24-25 June Nanking oil storage facilities were bombed by 1 B-24 and Whampoa docks at Canton were bombed by 1 other B-24. The same night a PBM searching the coast from Hong Kong to Hailing Island probably destroyed a small freighter and damaged 5 of 8 junks seen. Reconnaissance 25 June revealed nothing of significance.
3. GULF OF SIAM - It has been announced that 20 Jap ships have been sunk or damaged in the Gulf of Siam during the 2 weeks ended 24 June by RAF planes from SEAC: no further details are available.
4. WEST COAST BORNEO - Active patrolling continues in the Brunei Bay and Miri areas with negligible enemy contacts. At 2300/25 June, a submarine contact was reported by escort vessel 30 miles W. of Labuan Is.
5. PHILIPPINES - Elements of 37th Inf Div. advancing N. along Highway 5 captured and secured Tuguegarao on 25 June and continued North from the town. Elements of 11th Airborne Div. advancing S. from Aparri, occupied La-Lo and Gattaran and reached a point only 20 air miles from the advanced elements of 37th Div. Only minor resistance opposes the drives from both N. and S. Air support was provided over Luzon 24 June in 146 sorties involving 91 P-38's, 19 P-51's, 24 P-47's, 12 B-25's and over Mindanao on 23 June in 93 sorties involving 70 SBD's, 12 SBF's, 11 F4U's. On 24 June numerous submarine contacts were reported near Leyte Gulf. At 1530-1630/24, DE's reported submarine contacts in 2 separate positions approx. 15 miles E. of Dulag.
6. EAST INDIES - The heavy air offensive against Balikpapan was maintained 24 June with 101 B-24's, 42 B-25's, 31 P-38's dropping 223 tons bombs on defenses. In addition on 24 June Tabanio airdrome near Bandjermasin was raided by 2 B-24's. Harassing of Celebes airfields was continued night 23-24, day 24 and night 24-25 June by 5 PBV's, 5 B-24's and Malang airdrome (E. Java) was raided night 24 June by 1 PBV.

(ii) ENEMY FORCES (Contd.)

6. EAST INDIES (Contd.) - Enemy shipping probably engaged on evacuation of S.E. Borneo was again attacked by allied submarine night 24 June: 2 engines-aft freighters were sunk and 2 escort vessels were damaged that night about 150 miles S.E.W. of Bandjermasin.

At 1742/25 June a submarine was sighted by aircraft 80 miles E. of Sandakan. Investigation is in progress.

B. CENTRAL PACIFIC

1. EMPIRE WATERS - On 23 June, patrol planes from Okinawa destroyed one coaster and damaged 3 coasters off S. tip Korea. On 24 June, planes damaged 1 medium freighter transport, 2 tugs and 8 coastal freighters (70-150 tons each) in Tsushima Strait (N.W. Kyushu).

On both 23 and 24 June mines were laid in waters off S. Korea.

Aircraft over N.W. Kyushu on 23 June sighted 6 warships described as cruisers or destroyers, 2 tankers and 3 large freighters in Fukuoka Bay.

2. MARIANNAS- On 24 June, 3 submarine contacts were reported 100-250 miles W. of Saipan-Guam area: another contact was reported in a position about 500 miles W. of Guam. As a result of hedge-hog attacks on the last reported contact, 1 hit was claimed.

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) Heavy Blue strikes Balikpapan continue.
(2) Further successful Blue submarine attack on probable evacuation shipping from S.E. Borneo.
(3) Light enemy air activity over Okinawa continues.
(4) Enemy submarine activity Mariannas, Leyte Gulf and Borneo.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - From 2250/25 to 0240/26 June, there were 16 enemy air raids on Okinawa involving principally floatplanes. Some bombs were dropped on Ie Is. and on Okinawa with no damage to aircraft or installations: there were a few minor casualties on ships from shrapnel but no damage. A total of 12 enemy planes were destroyed including at least one attempted suicide by a floatplane: 2 floatplanes were shot down by night CAP and the rest by ships and shore AA.

At 0700/26 June, an unopposed landing was effected on Kume Is. (approx 60 miles W of Naha): operations are proceeding according to plan. This completes the occupation of all the larger islands and groups within the main Okinawa Group.

Enemy casualties continue to mount rapidly: the total dead at 2400/26 June was estimated at 105,225 or an additional 1,453 in 24 hours: another 900 prisoners were taken June 25 making the total about 9,500.

- (2) Sakashima - Miyara airdrome was the principal target for a strike at 0830/25 June by 48 F4U's with another 18 F4U's providing cover: runway, dispersal areas and buildings were all well covered by bombs and rockets. The escort F4U's strafed 1 of 4 S/E planes believed operational in revetments. Ishigaki runway was also hit and the strips at both fields were left unserviceable.

2. FORMOSA - On 26 June, a sugar refinery near Toyohara was bombed by 15 B-24's. The previous night 25/26 June another refinery in the area was attacked by 6 P-61's with napalms.
3. CHINA COAST - Night 25/26 June, Nanking oil storage facilities were bombed by 1 B-24 and Whampoa docks at Canton by another B-24. Recce of SE China coast 26 June again proved negative as regards any significant shipping.
4. FRENCH INDO CHINA COAST - Reconnaissance 25 and 26 June was entirely negative on both days: planes hit railroad installations along the coast on both days.
5. MALAYA - Recce 25 June revealed 2 tugs with tows and 5 schooners in outer Singapore Straits, 1 small coastal freighter in Lingga anchorage, the only ships seen there despite close inspection - and 1 small coastal freighter in Tambelan Islands (between Singapore and W Borneo): Johore Straits were weathered in at 1315/25 June.
Recce at 1400/26 June again found Singapore Island and Johore Straits closed in by weather. A PB4Y2 attacked shipping off Kuantan and set 2 coasters on fire and damaged 4 before an enemy fighter interfered: after a short combat the Jap fighter was shot down.
6. WEST COAST BORNEO - Moving inland from Weston (NE shore Brunei Bay) AIF forces have cut the Jesselton railway both north and south of the town of Beaufort, on which our forces are converging.
On the coast, elements 9th AIF Div moving SW from Seria have advanced 7 miles taking the village at the Belait River mouth (Kuala Belait) with opposition. This put under our control the whole of the coastline from Miri to practically Nosong Pt., with the exception of a stretch 10 miles between Cape Baram and Belait River which has not yet been patrolled.
A total of 740 Jap dead have been counted in the Brunei-Labuan-Miri area up to 1200/25 June: of this total 451 have been killed on Labuan I.
A total of 68 prisoners have been captured.
7. PHILIPPINES - At 1235/26 June a junction was formed by elements of 37th Inf Div moving N along Hwy 5 in Cagayan Valley with elements of 11th Airborne Div moving S. The junction was formed about 11 miles S of Gattaran. This assures the complete domination of the entire Cagayan Valley and bottles up the enemy remnants, in the mountainous Kiangan-Bontoc-Sabangan area between the Cagayan Valley and W coast Luzon, without means of supply and subject to the heavy rains and adverse weather now prevailing.

(ii) ENEMY FORCES (Contd.)

7. PHILIPPINES (Contd.)

Mopping up continues in the Marikina watershed area in the mountains between Manila and E coast Luzon: Mt. Malemod was seized on 26 June without opposition.

Jap counted dead on Luzon to 1200/26 June totalled 170,437: prisoners numbered 6,914 including 3,866 Japs, 2,946 Formosans, 102 Koreans.

Air support over Luzon was provided 26 June in 118 sorties: 77 P-38's, 8 P-51's in Cervantes-Mankayan mountain area and 22 P-38's, 11 P-47's in the Antipolo-Infanta area E of Manila.

Air support over Mindanao on 25 June was provided by 67 SBD, 12 F4U and in addition camp areas on Sarangani Bay were attacked by 40 SBD.

8. EAST INDIES - Heavy air raids on Balikpapan defences continued on 25 June involving 97 B-24's, 32 B-25's, and 31 P-38's dropping about 230 tons bombs including napalms.

Raids on S Celebes airfields on 25 June were repeated by 15 B-24's and night 25/26 June by 2 PBY's. Pare Pare was attacked 25 June by 4 P-

Photos 25 June of 6 airfields in Kendari area show no serviceable aircraft present and only the runways at Tiworo, Kendari and Ambesia were operational.

Photos 25 June of Malang (E Java) and Tandjoeng Perak (Sourabaya) airdromes show 14 T/E bombers, 11 S/E planes, fighters or trainers, 1 transport and 1 trainer present, in addition to 13 floatplanes at the Morohrebangan (Sourabaya) seaplane station.

Night 24/25 June, PT boats captured 7 Japs on a raft, south of Tarakan Island and destroyed 2 launches plus a 200-drum fuel dump at Ternate (N Malmahera).

B. CENTRAL PACIFIC

1. EMPIRE WATERS - A report from the first submarine to complete a patrol in Sea of Japan claims 6 freighters (1 large 5 medium) sunk by torpedo and 3 trawlers 1 sampan sunk by gunfire.

Patrol planes from Iwo Is. on 25 June sank 1 small freighter and 1 coaster in waters off S coast Japan and planes from Okinawa on 25 June sank 2 small merchant ships and damaged 3 small ships off SW Korea. In addition 1 Jap plane was shot down and another damaged off SW Korea-W Kyushu. Coastal waters off SW Korea were mined on 25 June.

2. JAPAN - Photographs taken on 22 June, show a complete coverage although partially smoke obscured, of shipping in Kure area and gives the following information on fleet units:-

Kure 1 BB "HARUNA" shows 2-3 near misses starboard and quarter, but damage undetermined.

1 BB/XCV "ISE" class moored near Mitsuko Is. with probable camouflage being constructed shorewards.

- 1 CV "AMAGI" - camouflaged)
- 1 CV "KATSURAGI")
- 1 CVL "RYUHO" - camouflaged) positions unchanged.
- 1 CVL possibly "HOSHO")
- 1 CL "OYODO")
- 1 CA "TONE")
- 1 CA "HOBA" now moored in SE of harbor entrance
- 1 CL possibly "KUMA" class
- 3 OCA)
- 13 DD) in harbor.
- 11 SS)

Additional ships are present, but smoke prevents identification. The CV hull "ASO" is not shown.

The light cruiser "SAKAWA" and the second battleship-carrier "ISE" class, both of which were present at Kure on 5 May have not since been located in photographic coverage.

- ZeroZero Bay 1 Frigate - outfitting
- 9 MV (26,600 tons) - operational
- 5 MV (25,000 tons) - outfitting
- 2 MV (11,000 tons) - building

- Onomichi (30 miles ENE of Kure)
- 1 frigate - outfitting
- 2 LSM 11 MV (10,000 tons) - operational
- 3 MV (2,600 tons) - outfitting

(ii) ENEMY FORCES (Contd.)

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) Heavy Blue strikes Balikpapan continue.
- (2) Notable success Blue submarine in Sea of Japan.
- (3) Light enemy air activity over Okinawa continues.
- (4) Cagayan Valley opened over entire length.
- (5) Photo recce Kure Naval Base.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Mopping up continues on Okinawa and Jap casualties continue to mount, but at a decreased rate. At 2400/26 June, estimated enemy dead totalled 105,965; an additional 660 killed in 24 hours; another 369 prisoners were captured 26 June making the total up to 9,867 (6,767 military personnel and 3,100 labor troops).

The body of Lt. Gen Ushijima (Cdr. Jap 32nd Army on Okinawa) and that of his Chief of Staff were positively identified on S. Okinawa on 26 June: they were found under rocks at the foot of the cliff in which the HQ cave was located. The bodies were in full dress uniform and their condition proved that death was the result of "hara-Kari".

Reports received up to 1700/27 June indicate no enemy air activity over Okinawa during the preceding 36 hours, at least on land targets.

- (2) Sakishima - On 26 June Miyako Is. was attacked by Okinawa TAF planes in 41 sorties.

2. FORMOSA - Night 26-27 June sugar refinery buildings in Central Formosa were attacked by 3 P-61's.

3. CHINA COAST - Night 26-27 June, Whampoa docks at Canton were bombed by 1 B-24 and oil storage facilities at Shanghai were bombed by 1 other B-24. 1 enemy fighter was airborne over Canton but did not close. A B-24 on weather reconnaissance daylight 27 June, was attacked half-heartedly by 2 Jap fighters in the Wenchow area.

Reconnaissance 27 June revealed nothing by a few small ships along S.E. China coast, but weather was not favorable.

4. WEST COAST BORNEO - Active patrolling continues in the Brunei Bay and Miri areas with negligible enemy contacts.

Air support by fighter-bombers is now being provided on a light scale from Labuan: on 25 June ground operations at Seria were supported by 10 Spitfires and Jesselton was attacked by 6 P-40's.

On 26 June, Kuching airdrome was bombed by 10 B-24's and Bintulu strip (S.W. of Miri) by 1 B-24.

5. PHILIPPINES - Stiff enemy resistance confronts elements of 6th Inf. Div. attacking N.W. along Highway 4 towards Kiangnan, in the mountains W. of Cagayan Valley. Other elements of 6th Inf. Div., further South, made contact on 27 June with patrols of 33rd Div. on the Bokod-Kayapa trail. Guerilla forces are pushing S.E. from Cervantes.

Active patrolling and mopping up continues in the mountains between Manila and E. coast Luzon.

Air support over Luzon was provided 27 June in 191 sorties involving 8 B-25's, 149 P-38's and 24 P-51's, mainly in the Pontoc area.

On Mindanao, Kibangay and Unapan, in Davao Province N.W. of Baguio, were captured on 27 June: stubborn enemy resistance was encountered.

6. EAST INDIES - Heavy air strikes on Balikpapan defences were continued 26 June involving 89 B-24's, 40 B-25's and 25 P-38's dropping about 247 tons bombs including napalms.

On 25 June, enemy shore batteries at Balikpapan fired 6 rounds at minesweepers off-shore before being silenced by counter-fire from a covering cruiser/destroyer force. Also on 25 June (probably at night) a minesweeping unit was subjected to an aerial torped attack but suffered no damage: 3 Jap planes were shot down by AA.

Minesweeping and demolition of under-water obstructions in the Balikpapan area were continued 25 and 26 June.

On 26 June, Limboeng airdrome near Makassar was bombed by 12 B-24's: 2 enemy fighters intercepted without effect. Tiworo airdrome was bombed 26 June by 1 B-24, and the S. Celebes airdromes were harassed night 26-27 June by 3 PBY's. In addition Malang airdrome (E. Java) was harassed night 26 June by 1 PBY.

(ii) ENEMY FORCES (Contd.)

7. NEW GUINEA - Air support was provided in the Wewak-Sepik river area on 26 June by 37 aircraft, 9 B-24's and 5 B-25's.
8. BISMARCK-SOLOMONS - Offensive patrols over Gazelle Peninsula and New Ireland continue on a routine scale. On 26 June, Rabaul targets were attacked by 23 B-25's. Kavieng-Panapai targets by 6 B-25's, 6 PV's, 8 F4U's and ground support missions over Bougainville were flown by 106 F4U's.

B. CENTRAL PACIFIC

1. JAPAN - At 0940-1135/26 June, targets at Osaka and Nagoya, including 6 aircraft plants, 2 propeller plants and an arsenal, were bombed by 382 B-29's, visually and by radar from 15,000 to 23,000 ft. Another 57 B-29's bombed targets of opportunity, 26 B-29's did not bomb and 51 B-29's have not yet reported their targets making a total force involved of 516 B-29's for which escort of 144 P-51's was provided. Enemy aerial opposition was slight and AA was meager: P-51's claim 2 enemy planes destroyed and 6 damaged. Four B-29's are missing but most of the crew members of 2 of them have been rescued: 1 P-51 was lost but the pilot was rescued.
2. EMPIRE WATERS - Further reports from submarines having completed patrols in Sea of Japan claim sinking:-
1 large tanker
12 freighters (10 medium, 2 small)
1 destroyer or large destroyer-escort
2 luggers.
- This is additional to claims reported in yesterday's Summary No. 1245 involving the sinking of 6 freighters, 3 trawlers and a sampan, making a total of 26 vessels sunk (1 tanker, 18 freighters, 3 trawlers, 3 small craft, 1 escort or destroyer) all in Sea of Japan. Other submarines claim sinking 2 tankers (1 large, 1 medium, 1 minesweeper and several small craft) in Empire waters recently.
- Search planes from Okinawa and Iwo claim sinking 8 vessels on 26 June, detailed thus:-
1 freighter transport estimated at 2000 tons off S. Korea.
1 coaster)
4 small craft) off S. coast Honshu
2 luggers off S. Kyushu.
- In addition 1 unidentified 200 ft. ship was heavily hit by PV off S. coast Honshu.
- Night 25-26 June, Shimonseki Straits were mined by 26 B-29's.
3. OKHOTSK SEA - On 26 June, a shipping sweep in Okhotsh Sea was conducted by U. S. Task Force (2 CL 4 DD): 1 cargo vessel, 1 coastal freighter and 1 tug were sunk, 1 small ship was probably sunk and another small ship was damaged - without damage to the U. S. Task Force.
4. SOUTHERN ISLANDS - On 26 June a patrol plane from Iwo sighted a ship described as a probable "MUTSUKI" class destroyer in harbor on N.E. coast Hachijo Is. A subsequent strike by 4 P-51's failed to locate the ship but in the meantime a PV on patrol attacked a 350 ft. ship anchored at Hachijo Is. scoring 3 hits.
5. MARIANNAS - An enemy submarine about 600 miles W. of Guam was attacked by A/S vessels on 23 June and believed sunk. Another submarine was reported about 450-500 miles E. of Saipan on 26 June: probably this same unit was located on 27 June by aircraft and attacked possibly with success. The latter unit was apparently carrying a midget submarine on deck.

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) Further notable successes Blue submarines in Sea of Japan.
(2) Heavy Blue strikes Balikpapan continue: enemy air reaction on light scale.
(3) Further B-29 strikes on Japan.

Distribution: as usual.

G. J. CONNOR
Lt. Cdr. RANVR
C. O. (I) N. V.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Further reports concerning enemy air activity confirm that there were no raids from dawn 26 June to dusk 27 June but one lone raider came over shortly before midnight 27-28 June: the plane, a float-plane, was shot down by night fighter after dropping bombs ineffectively in the shipping area. No other raids were experienced on land up till 1700/28 June.

Mopping up continues on land and estimated Jap dead at 2400/27 June totalled 106,607, and prisoners 10,213 (7,061 military personnel and 3,152 labor troops). These figures represent an additional 742 killed and 346 captured during the preceding 24 hours.

Following the landing on Kune Is. (60 miles West of Naha), A.M. 26 June, active patrolling was carried out but up to 1700/28 June no contacts had been made with any Japs.

- (2) Sakishima - Details of the strike on Miyako Is. on 26 June show that 17 TBM's and 24 F4U's conducted the attack at 1710/26 and that the target was Hirara airdrome. Sightings included 1 T/E plane and 3 S/E planes on Hirara and photos confirm the presence of 4 aircraft three, thought to be operational.

The strike was repeated 27 June utilizing 18 TBM's, 40 F4U's, and 16 P-47's.

- (3) Amami - Standing barrier CAP is being maintained over Amami and these patrols attack targets of opportunity or on instruction. On 26 June 3 small boats were strafed by one patrol of 8 fighters. On 27 June, 4 small coastal freighters and 1 barge were damaged off Kakeroma Is. by planes on similar offensive patrols.

2. FORMOSA - Reconnaissance 28 June revealed 2 coastal freighters, 2 luggers at Kiirum, 1 coaster at Tairiken (N.E. coast), 5 luggers at Suo near Tainan and 8 luggers at Ryukyu Is. off Takao. One freighter transport estimated at 2000-4500 tons probably already damaged off Tainan was attacked by PB4Y and completely destroyed.

3. CHINA COAST - At 1114/28 June, a PB4Y sighted 1 minelayer and 1 sub-chaser 25 miles S.E. of Haiten Is. (at N. entrance to Formosa Strait), course S. The ships were attacked by 2 PB4Y's and later by 2 P-51's as a result that the minelayer was left dead in the water and smoking.

Other sightings by reconnaissance planes 28 June included only a few small ships and small craft.

Night 27-28 June, Woosung cotton mills at Shanghai were attacked by 1 B-24 and Canton arms plant by 1 other B-24.

4. MALAYA - On 27 June, 3 coastal freighters and 1 barge near Kuantan were attacked by a PB4Y2: the largest freighter (300-1000 tons) was left burning and the remainder were damaged.

5. WEST COAST BORNEO - In the area immediately NE of Brunei Bay, Beaufort Town was captured on 27 June without reported opposition although 2 small enemy parties were located by patrols in prepared positions outside the town. Between Brunei Bay and Miri a junction was made by AIF forces moving SW from Seria and Kuala Belait with others moving NE from Baram Pt. thus clearing the entire coastal sector from Miri practically to Nosong Pt.

On 26 June air-ground support was provided in the Miri area by 10 P-40's 10 Spitfires, Jesselton was attacked by 4 P-40's and Keningau airdrome by another 4 P-40's.

6. PHILIPPINES - Mopping up continues in the mountains between Manila and the E coast Luzon. In the mountains west of Cagayan Valley elements of the 6th Division are proceeding towards a junction with Philippine Army units along Highway 4: the former over-ran enemy positions on 27 June during their advance NW towards Kiangnan and the latter are meeting light opposition only as they advance E towards Bontoc.

Air support was provided over Luzon 27 June in 81 sorties involving 71 P-38 10 P-47

(ii) ENEMY FORCES (Contd.)

7. EAST INDIES - Heavy air strikes on coastal and AA defences in the Balikpapan-Manggar area were continued on 27 June utilizing 91 B-24's 43 B-25's dropping 285 tons bombs including napalms. In addition on 27 June, enemy shore batteries were silenced by counter-fire from a cruiser/destroyer force off-shore.

Reports available indicate that severe damage has been inflicted on Jap gun positions and defences at Balikpapan by the aerial and surface bombardment: the heavy B-24 raids have now been carried out daily since 17 June i.e. for 11 days, and prior to that for 4 consecutive days on a lighter scale.

Also on 27 June S. Celebes airfields were attacked by 15 B-24's: 2 Jap fighters ineffectively intercepted over Mandai (Makassar area). Night 27/28 June S. Celebes airdromes were harassed by 3 PBV's, Tandjoeng Perak airdrome (Sourabaya) was raided by 5 B-24's and Malang by 1 PBV.

Photos 27 June show one or two serviceable aircraft on Limboeng airdrome (Makassar area).

At 0830/27 June, 1 or possibly 2 minesweepers were contacted by submarine 70-80 miles N of Alas Strait (between Lombok and Soembawa Islands) course 50°.

8. NEW GUINEA - On 27 June Mt. Shiburangu, the highest feature in the Prince Alexander Range in the Wewak area was occupied by elements of 6th Aust Div after clearing out enemy positions.

Air support was provided on 27 June in the Wewak area by 40 Beauforts and 3 A-20's.

B. CENTRAL-PACIFIC

1. JAPAN - Early 27 June, targets on Honshu were attacked by a medium force of B-29's but further detail is not yet available. This raid followed 14 hours after the heavy daylight raids 26 June, as reported in Summary No. 1246.
2. EMPIRE WATERS - Patrol planes on 27 June sank one small tanker and 1 freighter (2300 tons) probably sank a second similar freighter and left 2 other freighters or coasters burning off SW Korea: sank 1 trawler and damaged one coaster off S coast Honshu. One Privateer was lost to AA from a destroyer-escort off SW Korea.

Waters between Korea and China coast were mined by patrol planes on 27 June.

/-/-/-/-/-/-/

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) Heavy Blue strikes on Balikpapan continue.
(2) Further B-29 strikes on Japan.

(ii) ENEMY FORCES

A. WESTERN PACIFIC

1. SOUTHWESTERN ISLANDS

- (1) Okinawa - Ground operations on Kume Is. were completed on 28 June.
Reports up to 1700/29 June, indicate no enemy air activity over Okinawa during the preceding 24 hours.
Enemy ground losses on Okinawa continue to mount as mopping up approaches the final stages. Jap dead up to 2400/28 June were estimated to total 107,046 and prisoners numbered 10,578 (7,728 military personnel and 3,300 labor troops) representing an additional 439 killed and 365 captured in 24 hours. It is interesting to observe the daily totals of prisoners approaching parity with the number of Japs being eliminated in these final stages.
- (2) Sakishima - On 28 June targets on Ishigaki Is. were attacked by 24 P-47's of Okinawa TAF.
- (3) Amami - On 28 June targets on Kiaki Is. were attacked by 48 P-47's and small craft at Amami Is. were attacked by 28 P-47's (all of Okinawa TAF): 1 coastal freighter was sunk and 5 smaller craft were damaged.

2. FORMOSA - On 28 June, the butanol plant at Keishu was attacked by 18 B-24's, escorted by 9 P-51's.
On 29 June, Shinchiku refineries were bombed by 11 B-24's: 2 enemy fighters were seen airborne and 1 weak pass was made at the B-24's.
Photos 27 June of 6 Formosa airdromes show 44 operational planes present including 28 fighters, 11 T/E bombers, 1 transport and 4 trainers.
Reconnaissance 29 June revealed no shipping of any significance around Formosa shores.

3. FORMOSA STRAIT - At 0235/29 June, a sub-chaser was attacked by PBM 10 miles N. of Hoko Is. in Pescadores, course 1500, at 15 knots.: results were unobserved but a violent explosion and large fire were observed shortly afterwards from the vicinity in which the ship was attacked. It is recalled that a minelayer and sub-chaser were attacked A.M. 28 June, Southbound, in N. entrance to Formosa strait as a result of which the minelayer was at least damaged.
At 0900/29 June, 5 coasters or luggers were observed at Mako.

4. CHINA COAST - Usual small type shipping was seen by reconnaissance 29 June between Hong Kong and Hainan: 1 small freighter transport was destroyed in the Canton river mouth as a result of an attack by PB4Y.

5. TONKIN GULF - Weichow Island, approx. 40 miles off W. coast Luichow Peninsula, is in allied hands. French Military Mission reports that Weichow Is. is occupied by a small number of French troops and on 2 consecutive days now, reconnaissance planes have observed Chinese flags displayed on the island.
In poor visibility, shipping described as 2 possible medium tankers and 6 merchant ships estimated at 2000 tons each were observed by PB4Y at Haiphong on 29 June: the evaluation is considered doubtful.

6. INDO CHINA COAST - Reconnaissance 28 and 29 June was negative on both days and PB4Y's involved attacked coastal railroad objectives.

7. MALAYA - Reconnaissance revealed the 2 heavy cruisers still in Johore Strait at 1330/29 June. Photos are not yet available to assess their operational status.

8. WEST COAST BORNEO - South of Miri, contact with enemy in undetermined strength is reported 2000 yds. E. of Cape Lobang. Reconnaissance reveals at least 3 road blocks on the Riam road, running S.E. from Miri.

On 27 June air support was provided in general Brunei area by 10 P-40's and 6 spitfires.

(ii) ENEMY FORCES(Contd.)

9. PHILIPPINES - On Luzon, army units continue their advances along Highway 4: Philippines Army units captured Besao (7 miles W. of Montoc) in their Eastward drive and elements of 6th Div. captured Polog (4½ miles S.E. of Kigangan) in their push N.W.: opposition was considerable. Long range patrols report a definite trend of enemy movement N.W. from Kiangan.
- On Mindanao strong enemy resistance was broken E. of the Pulangi river crossing of the Kibawe-Talomo trail and U. S. forces continued their advance along the trails toward a junction with other forces advancing W. from Kibangay.
- Air support over Luzon was provided on 29 June in 160 sorties (120 P-38's, 30 P-51's, 10 P-47's).
10. EAST INDIES - On 28 June, Balikpapan area defences were attacked by 93 B-24's, 12 B-25's and 25 P-38's with 230 tons of bombs. In addition Oelin and Tabanio airdromes in the Bandjermasin area were bombed by 9 B-24's.
- Enemy shore fire was encountered 28 June by minesweepers off Balikpapan and 2 ships were damaged.
- Night 28-29 June, coastal targets at Manggar were strafed by PT boats.
- Light harassing of S. Celebes airdromes 28 June and night 28-29 June by B-24's and PBV's respectively.
- At 2100/27 June, an enemy minelayer was sunk by submarine between S. coast Kangean Is. and N. coast Bali Is. It is recalled that 1 or possibly 2 minesweepers were contacted by submarine N. of Alas Strait A.M. 27 June and it is suggested that the unit or units may possibly have been engaged on evacuation from Lesser Sundas.

B. CENTRAL PACIFIC -

1. JAPAN - Early A.M. 29 June, Moji and Sasebo on Kyushu and Kobe harbor (Honshu shores of Inland Sea) in addition to other industrial targets on Honshu were attacked by strong forces of B-29's, but no detail is yet available.
2. EMPIRE WATERS - Further submarine successes are reported in Sea of Japan: additional sinkings claimed include:-
- 1 I-class submarine
 - 1 large transport
 - 2 medium freighters
 - 3 medium ships.
- Mines were laid night 27-28 June off N. coast Japan and on 28 June off S.W. Korea.
3. CAROLINES - An allied auxiliary reported being under attack by 2 submarines 420 miles N.N.E. of Truk on 28 June. Two periscopes were seen, one a midget submarine the other a fleet submarine. Counter-attacks were made by an escort vessel and the midget submarine was possibly damaged.

SUMMARY OF SIGNIFICANT DEVELOPMENTS

- (1) Heavy Blue strikes on Balikpapan continue.
- (2) Further Blue submarine successes Sea of Japan and Java Sea.
- (3) Further B-29 strikes on Japan.
- (4) Two heavy cruisers still at Singapore.
