SUPPLY POSITION**ADMIRALTY, S.W.1,
16th August, 1945.

The following Order having been approved by My Lords Commissioners of the Admiralty is hereby promulgated for information and guidance and necessary action.

By Command of Their Lordships,

*J. V. Markham***Distribution Limited**

To Commanders-in-Chief, Flag Officers, Senior Naval Officers, Captains and Commanding Officers of H.M. Ships, and Vessels fitted for Aircraft, Commanding Officers of R.N. Air Stations, Sections, and Training Establishments, and Overseers concerned.

NOTE:—The scale of distribution is approximately half that shown in the Admiralty Fleet Order Volume, 1941, Instructions, paragraph 10.

4541.—Airframe and Engine Publications—Supply Position

(N.S. Air 11582/44.—16 Aug. 1945.)

The supply position at July 28th, 1945, of Airframe and Engine Publications in constant demand by Naval Air Services is shown below. Services which have not received publications to which they are entitled in accordance with A.P. (N) 1, and which are marked "DA" below, should communicate with the R.N. Store Depot, 191A, Askew Road, Shepherds Bush, W.12.

2. The key to the notations in the "Remarks" column is as follows:—

D.A.	...	Distribution completed. Stocks available.
D.E./T.M.	...	Distribution completed. Stocks exhausted. Additional supplies expected within two months.
D.E./N.Y.S.	...	Distribution completed. Stocks exhausted. Additional supplies not yet in sight.
P.D./T.M.	...	Partial distribution effected. Additional supplies expected within two months.
P.D./N.Y.S.	...	Partial distribution effected. Additional supplies not yet in sight.
T.M.	...	Distribution not yet commenced. Supplies expected within two months.
N.Y.S.	...	Distribution not yet commenced. Supplies not yet in sight.
<u>Underlining</u>	...	Change in supply position or details of book.

3. As many airframe and engine publications are in short supply, services should return to Shepherds Bush, for the benefit of other services which may have urgent requirements, and also to eliminate any unnecessary correction work, any books surplus to immediate requirements. It is important that such books returned should be accompanied by the appropriate Amendment Lists, if not already incorporated, as deliveries of new Amendment Lists are insufficient to provide for duplicate issue.
