ADMIRALTY FLEET ORDER

MESS GEAR—CONSOLIDATED SCALES

ADMIRALTY, S.W.1,
16th November, 1944.

The following Order having been approved by My Lords Commissioners of the Admiralty is hereby promulgated for information and guidance and necessary action.

By Command of Their Lordships,

H. V. Markham

To all Commanders-in-Chief, Flag Officers, Senior Naval Officers, Captains and Commanding Officers of H.M. Ships, Vessels and C.O. Craft (see A.F.O. 3758/44), Superintendents or Officers in Charge of H.M. Naval Establishments, and Admiralty Overseers concerned.

NOTE:—The scale of distribution is shown in the Admiralty Fleet Order Volume, 1941, Instructions, paragraph 10.

HEAD OF "P" BRANCH

5969.—Mess Gear—Consolidated Scales

(V.5/7450/44.—16 Nov. 1944.)

The scales of allowances of mess gear, as promulgated from time to time, have been consolidated in the appendix to this Order and are applicable to all H.M. Ships and Establishments commissioning or in commission. No changes in existing scales of allowance are involved excepting in those for certain major landing craft (scales 93 to 97) and in the scale of hand-driven machines (scale No. 61) where denoted by a side ruling. An index to the scales is provided for easy reference.

2. Supplies of discontinued items will continue to be made until stocks are exhausted. Items in excess of the scales may be retained on board until they are unserviceable.

3. Items of permanent store which may be condemned on board and written off charge by certificate are marked in the scales with an asterisk.

4. The regulations contained in B.R. 93—Manual of Victualling, Volume I, Part IV, Chapter XIII, will continue in force so far as they are applicable, with the exception of those in Section A, paragraph 26 and Section B, paragraph 11 (regarding the purchase of table mats) which are suspended for the period of the war, and those in Section E which are suspended in so far as they relate to the replacement of seamen's mess utensils in kind. The regulations in Chapter XIV are in abeyance.

5. Their Lordships desire to draw attention to the necessity of exercising all possible economy and care in the use of mess gear under existing conditions. Articles of electro-plate, hardware and linen should not be returned to a victualling yard for replacement so long as they are reasonably fit for further use, and demands for replacements generally should be limited to essential requirements.

W.R.N.S. Officers and Ratings

6. The allowances of mess traps and utensils for W.R.N.S. quarters and messes are set out in scales No. 120 to 139.

7. The scale of implements and galley gear for W.R.N.S. officers and ratings (scale No. 140) is to be used as a basis for demanding first outfits. It may be found, when experience has been gained, that a smaller number of articles than the scale allows will suffice. On the other hand, some additional articles or increases in the scale allowances of certain items may be found necessary. A demand should be made accordingly and may include articles in the scale of paymasters implements and galley gear for general mess ships and establishments in lieu of articles in scale No. 140, if the former are more suited to the conditions in the particular galley and to the numbers catered for.

8. In view of the need for economy it is important that the equipment of implements and galley gear should be kept to the minimum actually necessary for efficient catering for each W.R.N.S. establishment, and the reason for the requirements should be furnished on demands for articles in excess of or not included in the W.R.N.S. scale.

9. Demands should be forwarded by the Supply Officer of the parent establishment to the appropriate victualling yard or depot for compliance. Those for first requirements should state the number of officers and ratings for whom supplies are required.

10. Any mess gear taken over with premises to be used as W.R.N.S. quarters should be accounted for by the Supply Officer in the same way as articles received from a victualling yard. The corresponding items should be excluded from first demands.

11. All articles will be supplied through the Supply Officer and will be dealt with and accounted for by him in the usual service manner.

12. It will be necessary to detail an officer of the W.R.N.S. to be responsible for the care and custody of the mess gear and to ensure that it is properly and economically used. The Supply Officer is to be furnished with particulars of losses and breakages by neglect in order that recovery of the value may be made from the person or persons responsible.

13. Demands for articles in replacement should bear a certificate to the effect that the expenditure of the articles to be replaced is reasonable. Articles worn out, etc., should be disposed of as directed by the Supply Officer. Attention is drawn to paragraph 5 above.

SPECIAL NOTES

5969

(a) *Captains (D) in Flotilla Leaders.*—Captains (D) in flotilla leaders are allowed mess traps as follows :—

Table Ware.—As for a Flag Captain (Scale 3) with the option of drawing necessary additional gear within the scale for a Captain (Scale 2).

Pantry and Galley Hardware.—To Scale 4.

(b) *Commanding Officers' Mess Traps for Senior Officers of Minesweeping Flotillas.*—Senior Officers in command of minesweeping flotillas, if of Captain's or Commander's rank, may be allowed Commanding Officers' mess traps to enable them to mess separately or undertake necessary entertaining.

2. Such supplies are to be strictly limited to those items, within the Commanding Officers' scale appropriate to the Senior Officer's rank, which are actually required for the purpose, and demands are to be framed in detail accordingly.

3. When a ship no longer bears the Senior Officer of the Flotilla the mess traps are to be returned into store or transferred to the new Senior Officer's ship by agreement with the parent ship.

4. Where supplies of Commanding Officers' mess traps are made as authorized above, the articles allowed to Commanding Officers of minesweepers, by the special note (c), are not to be drawn or retained in addition.

(c) *Commanding Officers of Destroyers, Minesweepers, etc.*—Officers of Ward Room rank in command of destroyers, minesweepers, etc. (i.e. ships which are not entitled to separate sets of Commanding Officers' mess traps), may draw china and earthenware of Commanding Officers' pattern as follows :—

In addition to the articles supplied for the Ward Room mess.

Pattern	Quantity	Pattern	Quantity

SCALES FOR WARRANT OFFICERS' MESSSES

(Nos. 37-50)

The quantities for those messes above 40 for which no scale is provided are to be calculated as a proportion of the nearest scale, e.g., a mess of 43 will be 43/40ths of scale 49 and for a mess of 47 will be 47/50ths of scale 50.

ADDITIONAL ITEMS OF VICTUALLING STORES FOR
LANDING SHIPS AND CRAFT.

Scale No. 118

The following items of victualling stores are to be added to the establishments of Mess Gear, etc., for combined operations landing ships and craft mentioned below.

2. (a) Minor Landing Craft :—

Description	Establishment
Pattern C.984E—Kettles, tea, 4-qts. ...	1 per craft.
Containers, hot food, complete (each 1 insulator, Army pattern, J.A.7065, and 4 containers, Army pattern, J.A.7068).	1 per craft.
Containers, hot liquid, 1-gall. (Army pattern, J.A.6816).	1 per craft.
Bags, cold food	1 per craft.

(b) The above-mentioned victualling stores are to be accounted for in the minor landing craft accounts (Forms S.1663 to S.1674) for permanent Naval stores (operational). The items should be entered in manuscript by the Base Accountant Officer, clearly indicating that the items are victualling stores.

(c) The instructions contained in A.F.O. 5172/43, Appendix E, for permanent Naval stores will be equally applicable to these victualling store items.

3. (a) Landing Ships and Major Landing Craft :—

Description	Establishment
Kettles, camp, oval, 12-qts. (Army type "Dixies", pattern J.A.0952).	L.C.I.(L)—4 No. per craft plus 12 per flotilla spares. L.C.I.(S)—4 No. per craft plus 6 per flotilla spares. L.C.T.—3 No. per craft plus 4 per flotilla spares.
Bags, vomit	2 spare bags per man for all landing ships and craft carrying 100 or more troops.
Pattern C.1032—Buckets (for use as receptacles for vomit bags).	L.C.I.(L)—8 No. per craft plus 12 per flotilla spares. L.C.I.(S)—4 No. per craft plus 6 per flotilla spares.

(Note.—Camp kettles ("Dixies") should not normally be required in landing ships, but where necessary in L.S.I. scale to be 1 per 20 of troop capacity.)

Bags, vomit 2 spare bags per man for all landing ships and craft carrying 100 or more troops.

Pattern C.1032—Buckets (for use as receptacles for vomit bags).
L.C.I.(L)—8 No. per craft plus 12 per flotilla spares.
L.C.I.(S)—4 No. per craft plus 6 per flotilla spares.

4. Demands in respect of minor landing craft should be countersigned by the Force Commanders, who should give some indication of the relative priority of requirements for the craft in their forces.

MESS GEAR—SUPPLIES TO CIVILIAN-MANNED SMALL COMMERCIAL CRAFT, GOVERNMENT OWNED OR REQUISITIONED UNDER T.98 AGREEMENTS, EMPLOYED ON ADMIRALTY SERVICE.

Scale No. 119

Supplies of mess gear from Service stocks may be made to the above-mentioned vessels under the following conditions :—

(a) *First outfits*.—Whenever a vessel is requisitioned and fitted out for service by the Director of Sea Transport under Form T.98 agreement (bare boat basis—Government demise) an initial outfit of essential items of mess gear may be supplied if not taken over with the vessel. Government-owned vessels, particularly new craft, will normally already be provided with an initial outfit, but where necessary essential items may be supplied.

Scale No. 119—contd.

(b) *Replacements.*—Free replacements of consumable items (e.g. crockery and glassware) may be made on demand, but free replacements of permanent stores (e.g. cooking utensils, cutlery) should normally be made only on return of the articles requiring replacement. If articles are lost free replacement is only to be made if a satisfactory explanation of the loss is given.

(c) *Demands.*—For vessels under management demands should be forwarded to the appropriate Victualling Yards through the Managers who are to countersign the demands and certify as to their reasonableness. For vessels not under management demands should be forwarded to the Victualling Yard through the Admiralty Authority under whose orders they are working, and this officer is to countersign the demands and furnish the required certificate thereon. The demands should specify whether the stores are required for the initial outfit, additional to the initial outfit or in replacement, and this information should also be shown by the supplying yard on the issue vouchers (Forms V.120).

2. The articles supplied are to be added to the inventory of equipment and stores which is kept for each vessel in accordance with paragraph 8 of the "Terms and conditions of management relating to small commercial craft employed on Government Service". Where vessels are under management the managers will be responsible for ensuring the safe custody of the gear and for seeing that the inventories are supplemented or amended as necessary and that they are checked periodically. In other cases, the Admiralty Authority under which the vessel is working will be responsible.

3. One copy of the supply note in respect of all issues made from a Victualling Yard to vessels under management is to be forwarded by the Yard to Director of Sea Transport in order that a check may be made with the periodical returns which are furnished to the Director of Sea Transport by the managers concerned.

4. For vessels not under management a copy of each supply note should be forwarded by the Victualling Yard to the Admiralty authority by whom the demand is countersigned.

5. The foregoing arrangements do not apply to vessels manned by Yard Craft personnel or to vessels requisitioned under agreements other than Form T.98.

Supplies of Table Cloths and Mats

Scale No. 141

The purchase by the Admiralty of table cloths has been suspended, and stocks of hem-stitched cotton mats measuring 13 in. by 9 in. and of circular heat resisting lino mats, 7 in. in diameter, for use underneath the cotton mats, are now held at victualling yards and depots for supply to Officers' messes as a substitute for cloths.

2. Alternative scales of allowances of Officers' table cloths and mats are set out in paragraph 3 below. Demands for table cloths up to the full scales (a) and (d) can be met only so long as stocks of cloths remain available at victualling yards and depots (*see* paragraphs 4 and 6 below). Thereafter, the table cloths remaining on board H.M. ships and establishments should be maintained in use until unserviceable, mats being demanded as necessary in accordance with the interim scales, (b) and (e). Mats should be demanded to complete to the full scales, (c) and (f), when insufficient cloths remain on board for the interim scales to be applicable.

3. Scales of Allowances (demands which include cloths should state the number and sizes required).

Flag and Commanding Officers

- (a) Four cloths per table, or
- (b) Two cloths per table, plus up to 24 cotton mats and 12 lino mats as required.
- (c) Up to 48 cotton mats and 24 lino mats as required.

Other Officers (including W.R.N.S. Officers)

- (d) Three cloths per table, or
- (e) One cloth per table, plus 2 cotton mats and 1 lino mat for each officer.
- (f) Three cotton mats and 1 lino mat for each officer.

Note.—In addition to the quantities under (e) and (f), 25 per cent. of the total number of cotton mats and 10 per cent. of the total number of lino mats are allowed as spares, subject to a minimum allowance for spares of 4 cotton mats and 2 lino mats per table.

4. Stocks of officers' table cloths at home victualling yards have now fallen to a low level and no further quantities are to be demanded except for the use of Flag and Commanding Officers. Supplies for these officers will be continued as long as the stocks now remaining admit and for the present, demands should be made in accordance with scale (a) or, if preferred, scale (b). For other officers it will now be necessary to apply scale (e) and, eventually, scale (f).

5. The stocks at home victualling yards of table linen for C.P.Os. and P.Os. are also reduced to a low level and no further quantities are to be demanded. Leather cloth is to be demanded for these messes (including W.R.N.S.) when the table cloths available are reduced below the present allowance of two per table. Thereafter, the allowance of leather cloth (and lino for mats) applicable to seamen's messes is to apply, the one cloth per table remaining being retained for use until worn out. Supply of table cloths to Chief and P.O. Wrens' messes will be continued as long as the stocks now remaining admit.

6. Stocks of table linen available at victualling yards abroad are such that the immediate application of these arrangements may be unnecessary and undesirable. Table cloths should therefore continue to be issued until the stocks at the victualling yards are reduced to levels which necessitate the introduction of the new arrangements. The appropriate date for their introduction should be decided and promulgated locally.

(A.F.Os. 3485/43 and 4806/44.)

(A.F.Os. 94/42, 95/42, 1829/42, 1967/42, 3693/42, 5468/42, 5584/42, 6203/42, 863/43, 987/43, 1255/43, 1488/43, 1856/43, 2069/43, 2070/43, 2891/43, 3096/43, 4223/43, 5138/43, 5139/43, 6035/43, 754/44, 1266/44, 1587/44, 2005/44, 2006/44, 2392/44, 2393/44, 2394/44, 2678/44, 3343/44 and 3880/44 are cancelled.)
