***6213.—Manpower—Re-allocation—Release of Newfoundlanders**

(C.W. 50688/45.—1 Nov. 1945.)

Since nearly all Newfoundlanders now serving in the Royal Navy will be due for release in Class A in the next few months, it has been decided that all Newfoundlanders who have not been accepted as volunteers for postponement of release should now be sent to St. John's, Newfoundland, to enable them to reach their homes before the winter freeze up.

2. Subject to the exceptions in paragraphs 5 and 8 below, all such Newfoundland ratings are therefore to be drafted to H.M.S. "Avalon III" for release.

3. Normal drafting procedure is to be followed. They are to be issued with civilian's clothing before leaving the United Kingdom. Ratings will travel in uniform and they may retain one blue uniform suit, which is to be worn until they are released. The issue of the civilian clothing is to be noted in the rating's Naval Pay and Identity Book, Form S.43A, as well as on his Service Certificate, in accordance with A.F.O. 2559/45, paragraph 15.

4. Medical examinations in accordance with B.R. 1281(1), Release Instructions, Section VI, is to be carried out before leaving the United Kingdom.

5. This order does not apply to persons who have already rendered Forms S.1598 applying for repatriation under the Release Instructions, Section XV, and who have already been drafted to H.M.S. "Victory X," or to persons who wish to return to Newfoundland accompanied by dependants. In the latter case the procedure laid down in the Release Instructions, Section XV, should be strictly followed, Forms S.1598 being rendered forthwith.

6. It is important that Service Certificates should accompany the ratings.

7. Leave in accordance with A.F.Os. 5134/42 and 6373/42 is cancelled for all Newfoundlanders, except those who are accepted as volunteers for postponement of release.

8. Since Newfoundland ratings serving under T.124T engagements have normally shorter service than those on General Service engagements it will not be possible to apply to them in full the arrangements in the preceding paragraphs. As and when such ratings can be spared or reliefs can be provided on the paying off of certain Rescue Tugs they will be returned to Newfoundland under the above arrangements.

(B.R. 1281(1).)

(A.F.Os. 5134/42, 6373/42, 2559/45.)

6214.—Manpower—Re-allocation—Hospital Treatment during Final Leave

(C.W. 53114/45.—1 Nov. 1945.)

The following instructions are to be observed in the case of personnel admitted to hospitals for treatment during their dispersal leave.

- (a) No adjustment of release date or resettlement leave will normally be made owing to the admission to hospital of Naval personnel after their date of dispersal.
- (b) Leave allowance up to the date of release should continue to be paid during such hospital treatment.
- (c) Officers and ratings in Naval hospitals on their date of release should be transferred as soon as possible to civilian hospitals, when further treatment will be their own liability. No charges need, however, be raised against the individual in respect of any period during which he is necessarily retained in a Naval hospital after his date of release.
- (d) As an exception to (a) above, there may be cases in which it is considered that the disability causing the individual's entry into hospital could be the result of or have been aggravated by Naval service, or was neither evident nor discovered at the dispersal medical examination, and consequently the degree of disablement recorded on M.51 was underestimated. Such cases should be referred to the Admiralty (M.D.G.).

In appropriate cases the individual's release will be cancelled, and he will be invalided when fit to be discharged from hospital.

(B.R. 1281 (1).)

(A.F.O. 4314/45.)

***6215.—Manpower—Re-allocation—Cigarettes and Tobacco at Pre-Budget Prices—Supply on Dispersal**

(V.2/7093/45.—1 Nov. 1945.)

With reference to B.R. 1281 (1), paragraphs 154 (a) and 164 (a), officers and ratings dispersed in Classes A and B from shore establishments at home who are normally allowed to take up a weekly allowance of cigarettes at pre-Budget prices should draw their allowance for the release leave period from the N.A.A.F.I. canteen at the establishment from which they are dispersed. The cigarettes are not available at the civilian clothing centres. Authorizations or certificates for tendering to the N.A.A.F.I. at a later date must not be issued.

2. At bases or establishments, including hospitals and sick quarters, at which there is no canteen run by the Naval Canteen Service, the Commanding Officer should contact the nearest supervisory official of the Naval Canteen Service, who will make arrangements for adequate supplies of the pre-Budget price cigarettes to be made available. Naval Canteen Service officials have been informed accordingly.

3. Personal points for sweet rations are contained in Forms RB.12S and civilian ration books.

4. Officers and ratings dispersed from sea-going ships entitled to duty free mess and canteen stores are not entitled to cigarettes at pre-Budget prices.

5. Duty free tobacco and cigarettes may be landed under the usual regulations (*vide* K.R. and A.I., Article 919, clause 6, as amended by A.F.O. 3989/45, paragraph 23 (a)).

2. Dispersals are to commence on 22nd October, 1945. The target date for completion of these dispersals is 31st December, 1945, but men should be dispersed as early in the period as they can be made available.

***6217.—Manpower—Re-allocation—Release in Class B**

(C.W. 60467/45; C.W. 72282/45.—1 Nov. 1945.)

To encourage officers and ratings nominated for release in Class B to accept this form of release, it has been decided to pay them their war gratuities and post-war credits of wages together with leave payments in respect of overseas service, where applicable, approximately eight weeks after the date of dispersal, instead of waiting until the end of the emergency.

2. Detailed instructions with regard to the payments will be promulgated and will include those already released with Class B benefits.

3. The differences in the conditions of releases in Class A and Class B are now as follows :—

(a) Class A. Fifty-six days' resettlement leave. If they have no jobs to which to return, the employment exchanges will give them every assistance in finding employment and will not, during the period in which they are receiving regular Service payments, regard them as subject to any powers of direction which are otherwise generally operative.

(b) Class B. Twenty-one days' transfer leave. They will be directed to their reconstruction employments and this will preserve their reinstatement rights. Save in exceptional circumstances, men will be placed in work near their homes and, as far as possible, with their previous employer. A woman released in Class B will be required to take up work in her home area, if suitable employment of the kind for which she is being released is available there; if she so wishes she will be directed to work with her former employer, if he has a suitable vacancy in that kind of work. If, however, suitable employment cannot be found in her home area, she may be directed elsewhere. Men will be liable to be recalled in an emergency, and if they leave their reconstruction employment before the time when they would have been released in Class A had they remained continuously in the Service. After that time, provided not less than six months have elapsed since they were released, they will cease to be liable to recall on account of leaving their employment. They will then be subject only to such controls as may apply to other civilians in that employment.

4. Persons who have elected not to be released in Class B are to be given the opportunity of reconsidering their decision in the changed circumstances.

5. When an officer or rating accepts release in Class B his dispersal is to be expedited. When a rating elects not to be released in Class B attention is called to the necessity for forwarding without delay Forms S.161R in accordance with B.R. 1281 (1), Release Instructions, paragraph 63. Reports by signal are not required for ratings.

6. Very few of the ratings nominated by A.F.O. have yet been released and each ship should ensure that the persons stated to be in that ship are traced. Attention is called to B.R. 1281 (1), paragraph 59.

7. B.R. 1281 (1) will be amended in due course.

(B.R. 1281 (I).)

(A.F.O. 5313/45 is cancelled.)

6219.—Manpower—Re-allocation—Dispersal Arrangements for Complements of H.M. Ships Returning to United Kingdom—Forms

(C.W. 52483/45.—1 Nov. 1945.)

With reference to B.R. 1281 (1), Release Instructions, paragraph 80, members of the ships' complement who are due for dispersal on arrival in the United Kingdom are to be dispersed direct from their ships as laid down in paragraph 77 for officers and ratings serving at home.

2. Supplies of the necessary forms are being sent to Colombo, Port Said, Malta, Simonstown and Bermuda. These forms can be completed on board before the ship's arrival in the United Kingdom, and represent the majority of those required in connection with the dispersal procedure as set out in B.R. 1281 (1), Appendix C.

3. Commanding Officers of ships affected by this Order are to ascertain the number of officers and ratings among their crews who are due for dispersal, and are to demand release forms in advance, if possible, but otherwise immediately on arrival at the most convenient port mentioned in paragraph 2 above. Demands should be made on the Naval Store Officer, except at Port Said where the authority concerned is the Senior Naval Officer, Red Sea and Canal Area. It is important that demands, which should quote this Order, should be confined to the number required for officers and ratings to be dispersed, as supplies of forms at these ports are limited and cannot easily be replenished.

4. B.R. 1281 (1) will be amended in due course.

(A.F.O. 2546/45 is cancelled.)
