4. Writers, No. 25.
5. The target date for completion of these dispersals is 31st December, 1945.
6. As there is no reserve of senior ratings, the dispersal of key ratings will have to be delayed until other vessels are paid off, unless promotion within the ship's T.124X complement, wherever possible, is accepted.
7. It is anticipated that it should be possible to reduce to a minimum T.124X commitments during the early part of 1946 and, therefore, any T.124X rating who volunteers for postponement of release in accordance with A.F.O. 2653/45, should not find his ultimate release long delayed.
8. Ample notice is to be given before any ratings are discharged to H.M.S. "Mersey" for dispersal, and particular attention is to be paid to A.F.O. 2653/45, paragraphs 41 to 58.

***6373.—Manpower—Re-allocation—Volunteers for Postponement of Release—Engineer, Instructor and Schoolmaster Officers—REPORTS**

(C.W. 77817/45.—8 Nov. 1945.)

More volunteers for postponement of release in response to A.F.O. 5626/45 are required from :—

- (a) Engineer officers, qualified to perform sea-going duties, in age and service groups 11 to 40 inclusive.
 - (b) Instructor officers and schoolmaster officers in age and service groups 20 to 40 inclusive.
2. Commanding Officers are to ensure that all such officers are or have been given the option of volunteering to serve :—
- (a) Until 30th September, 1946, provided their services are so long required ;
or
 - (b) For so long as their services are required but not beyond the expiration of the period of the present emergency.
3. Officers, who for any reason have had no previous opportunity of volunteering within the appointed time limit, are those particularly affected, but non-volunteers have also the option of reconsidering their position. For this purpose the time limit by which reports should reach the Admiralty is extended, for Engineer, Instructor and Schoolmaster Officer only, to 30th November, 1945.
4. Reports of officers volunteering under this Order are to be made by signal in the form laid down in A.F.O. 5626/45, paragraph 11.
