MANPOWER—RE-ALLOCATION

(For contents, see page 2)

ADMIRALTY, S.W.1,

22nd November, 1945.

The following Orders having been approved by My Lords Commissioners of the Admiralty are hereby promulgated for information and guidance and necessary action.

By Command of Their Lordships,

J. V. Markham

To Commanders-in-Chief, Flag Officers, Senior Naval Officers, Captains and Commanding Officers of H.M. Ships, Vessels and C.O. Craft, Superintendents or Officers in Charge of H.M. Naval Establishments, and Admiralty Overseers concerned.

NOTE.—Advance copies are being dispatched by Air to Distributing Authorities for immediate supply to recipients of A.F.Os. in accordance with A.F.O. 1487/45.

NOTE:—The scale of distribution is shown in the Admiralty Fleet Order Volume, 1943, Instructions, paragraph 10.

Awards

***6643.—Manpower—Re-allocation—Block Release in Class B—Fitters (Unspecified)**

(C.W. 36653/45.—22 Nov. 1945.)

The ratings shown below have been nominated for block release in Class B, in accordance with B.R. 1281 (1) Release Instructions.

Domicile—England, Scotland or Wales.

Industry Group GW Miscellaneous Metal Industries.

Occupational Classification 056.17 Metal Window Fitter, Iron Casement Fitter, Metal Door Frame Fitter.

Engine-Room Branch—

Grundy, H. J. W. C/KX.718616 ... Stoker 1st Cl. H.M.S. "Lancashire"

Naval Air Arm—

Clarke, A. J. T. ... L/FX.592574 ... Air Mech. 1st Cl. H.M.S. "Goldfinch"

Gore, W. ... L/FX.99820 ... P.O. Air Fitter (A) H.M.S. "Daedalus"

**6665.—Manpower—Re-allocation—Forecast of Releases in Class A—
Ratings—Longcasts and Shortcasts**

(C.W. 81526/45.—22 Nov. 1945.)

Instead of issuing instructions by Admiralty General Message and A.F.O. for the return to the United Kingdom of male ratings and other ranks R.M. due for release in Class A, forecasts of releases will be issued by Admiralty General Message and A.F.O. as long as possible in advance.

2. Flag and Commanding Officers should arrange for the return of ratings to the United Kingdom to comply with these forecasts.

3. These forecasts will consist of long-term forecasts, known as LONGCASTS, giving only the average levels of the age and service groups likely to be dispersed in successive periods, and short-term forecasts, known as SHORTCASTS, giving the probable rating groups and age and service groups and their dates for dispersal during the next dispersal period.

4. About ten days before dispersals are to commence, the executive instructions will be issued by Admiralty General Message and A.F.O.

5. As it is impossible in the fluid conditions now prevailing to assess manning commitments and resources accurately for longer than eight to ten weeks ahead, it is inevitable that differences will occur between the SHORTCASTS and the executive instructions.

6. As the re-allocation plan is flexible and can be adjusted to meet national manpower needs, LONGCASTS are also liable to amendment.

7. LONGCASTS and SHORTCASTS will be numbered serially.

6666.—Manpower—Re-allocation—Longcast Number One

(C.W. 81526/45.—22 Nov. 1945.)

*Average Levels of Age and
Service Groups*

Period for Dispersal, 1946

32 to 39 inclusive	1st January to 25th February
40 to 44 inclusive	26th February to 22nd April
45 and 46	23rd April to 3rd June

***6667.—Manpower—Re-allocation—Recruitment of Scientific Staff in the Civil
Service (Scientific Officers and Experimental Officers)**

(C.W. 81712/45.—22 Nov. 1945.)

The Civil Service Commissioners announce that special arrangements are being made during the reconstruction period to fill vacancies on the permanent scientific staffs of Government departments. These vacancies will be filled by selection at a series of Boards, and are open to both men and women; it is expected that these Boards will be spread over a period of two or three years, but the exact period will depend on the rate at which release from the Forces proceeds. The whole series of Boards will be treated as covering a single competition, an appropriate number of vacancies being reserved for competitors to be seen by the Board at its later sittings. The intention is that no candidate shall be handicapped if, owing to Service requirements or other reasons, he or she appears before one of the later selection Boards.

2. The number of vacancies to be filled will certainly be considerable. It is not possible at present to say exactly how many there will be altogether, but the

following may be given as a provisional estimate of the number to be filled in the first instance :—

(a) Scientific Officers and Senior Scientific Officers, 300–500.

(b) Assistant Experimental Officers and Experimental Officers, 750–1,000.

3. The following is a brief summary of the conditions :—

(a) *Scientific Officers and Senior Scientific Officers.*

Age.—Minimum, 21 on 1st January of the year in which the candidate competes; maximum, born not before 2nd August, 1915.

Education.—A university degree in a scientific subject or in mathematics with first or second class honours or an equivalent qualification; but a person who has not spent at a university the necessary period for such a degree, but is prepared to do so as soon as practicable, may submit a provisional application.

Fee.—£1 on application; a further £3 from successful candidates.

Salary.—Scientific Officer, £275–£500 (men) or £275–£430 (women); Senior Scientific Officer, £550–£750 (men) or £450–£650 (women); Principal Scientific Officer, £800–£1,100 (men) or £700–£940 (women).

There are also higher posts.

(b) *Assistant Experimental Officers and Experimental Officers.*

Age.—Minimum, 18½ on 1st January of the year in which the candidate competes; maximum, born not before 2nd August, 1915.

Education.—A university degree in a scientific subject or in mathematics, or an equivalent qualification; or a Higher School Certificate, with mathematics or a scientific subject as a principal subject, or an equivalent qualification.

Fee.—10s. on application; a further 30s. from successful candidates.

Salary.—Assistant Experimental Officer, £150–£350 (men) or £150–£280 (women); Experimental Officer, £400–£550 (men) or £320–£450 (women); Senior Experimental Officer, £600–£800 (men) or £480–£640 (women). Provisions will be made for the promotion of a limited number of suitable officers to the Scientific Officer class.

4. The salaries quoted above are applicable to London offices only, and are subject to deduction if the officer is employed outside London. In all cases there is in addition a war bonus, which at present varies from 12s. a week at age 18 to £60 a year (men) or £48 a year (women) at age 21 and over.

5. Entering salary will be determined by the age on appointment, an additional increment on the scale being allowed for each year of age above 23 in the case of Scientific Officers or 19 in the case of Experimental Officers.

6. Full particulars of the conditions, salaries, etc., are contained in the detailed Regulations which, together with the appropriate application form, can be obtained from the Secretary, Civil Service Commission, Burlington Gardens, W.1, or from the Chief Officer, Civil Service Commission, at the following addresses :—

(India)	... 10 Underhill Lane, Delhi.
(Egypt)	... 9, Sharia El Birgas, Cairo.
(Italy)	... G.H.Q., 2nd Echelon, C.M.F.
(Germany)	... c/o 2nd Echelon, G.H.Q., B.A.O.R.

7. Applications from Service candidates must be received not later than six months after the completion of their service. All candidates are, however, particularly asked to *send in their applications as soon as possible*, even if, owing to Service exigencies, they see no prospect of being able to compete until after their release from the Forces. This will assist in the task of spreading the vacancies over the whole period of the competitions in such a way as to give a fair chance to all candidates wherever and under whatever conditions they may be serving.

6668.—Manpower—Re-allocation—Release in Class A

(C.W. 71081/45.—22 Nov. 1945.)

Male ratings and other ranks R.M. in Rating Groups and Age and Service groups indicated in paragraph 3 are to be released in Class A in accordance with B.R. 1281 (1), Release Instructions.

2. Dispersals commenced on 22nd October, 1945. The target date for completion of these dispersals is 31st December, 1945, but men should be dispersed as early in the period as they can be made available.

(B.R. 1281 (1).)

(A.F.O. 6216/45 is cancelled.)

***6669.—Manpower—Re-allocation—Temporary Release while in R.A.F.—Service to Count**

(C.W. 77110/45.—22 Nov. 1945.)

Should an officer or rating, whilst serving in the R.A.F. have been temporarily released for industrial purposes, or on compassionate grounds, with a written undertaking that his period of release would count as service towards his current engagement, the period on release is to be counted when calculating his Age and Service group.

2. If the individual's service documents show such temporary release and if he can produce his copy of the written undertaking, his Age and Service group is to be amended accordingly. If not, particulars are to be forwarded to the Director of Navy Accounts, Branch 3A, who will obtain verification from the Air Ministry, and inform the Commanding Officer concerned of the decision.

3. Any officer or rating affected is to apply to his Commanding Officer accordingly.

4. B.R. 1081 (2), Instructions for Classification in Age and Service groups will be amended.

(B.R. 1081 (2)).

***6670.—Manpower—Re-allocation—Volunteers for Postponement of Release—Ratings Serving Abroad**

(CW/N. 19994/45.—22 Nov. 1945.)

All male ratings and other ranks R.M. in Age and Service groups Nos. 1 to 47 inclusive, serving on foreign stations may be accepted as volunteers for postponement of release if required in their existing category until due to return to the United Kingdom at the end of their normal commission abroad.

2. When accepted, volunteers are to sign a suitably worded Form of Undertaking witnessed by the Commanding Officer in lieu of the Form of Undertaking in B.R. 1281 (1), Release Instructions, Appendix B.

3. This Form of Undertaking is to be disposed of in accordance with the instructions in Appendix B.

(B.R. 1281 (1)).
