7140.—Manpower—Re-allocation—Canadians Serving in H.M. Forces other than those of Canada—Eligibility for Release Benefits

(C.W. 83573/45.—12 Dec. 1945.)

The Government of the Dominion of Canada has made certain benefits available after discharge to members of the Canadian Armed Forces and to Canadians serving in H.M. Forces other than those of Canada—the latter subject to certain conditions:—

(a) War Service Grants Act, covering gratuities:—

"If any person who was domiciled in Canada on or after the 10th day of September, 1939, has, subsequent to that date, served on active service in any of the Naval, Military or Air Forces of His Majesty other than those raised in Canada, such person shall, if domiciled and resident in Canada at the date of his application to be made within one year from the date of discharge from any of the Forces mentioned in this section, be entitled to be paid a gratuity and granted a credit equal to that for which he would have been eligible under this Act had such service been service in the Forces of Canada, provided, however, that there shall be deducted from any monies payable or credit available to such person under this section the amount of any benefit of the same nature as a gratuity or credit authorised under this Act which he has received or to which he is entitled from any Government other than that of Canada in respect of his service."

(b) Post-Discharge Re-establishment Order:—

Persons who served in "the Military, Naval or Air Force of His Majesty other than H.M. Canadian Forces, provided, with respect to this class, that such person was domiciled in Canada at the time of his enlistment therein in the present war."

2. Further information is available from the Department of Veterans' Affairs (Canada), 50, Pall Mall, London, S.W.1, or from the District Offices of the Department of Veterans' Affairs after return to Canada.

7141.—Manpower—Re-allocation—Nominated Block Releases—Procedure

(D.P.S.—12 Dec. 1945.)

With reference to B.R. 1281 (1), Release Instructions, paragraph 59A, when a rating is nominated by a Government Department for Block Release in Class B the Commanding Officer concerned will receive an individual communication from the Admiralty with respect to each rating.

2. This procedure is intended as a means of speeding up the release of such ratings, but does not relieve the Commanding Officer from the responsibility of ensuring that every rating serving or alleged to be serving in his ship, who is nominated by A.F.O. for block release, is dealt with in accordance with Release Instructions, Section III.

3. B.R. 1281 (1) will be amended.

*(B.R. 1281 (1).)****7142.—Manpower—Re-allocation—Release of Underground Coal Miners in Class B**

(D.P.S./45.—12 Dec. 1945.)

Owing to the importance of their early release in Class B, any underground coal miners who have not yet been nominated in A.F.Os. for release, and who desire to be released in Class B, are to represent the fact to their Commanding Officers, who will forward the necessary particulars to the Admiralty, in accordance with B.R. 1281(1), Release Instructions, paragraph 67.

2. The A.F.Os. referred to are listed in A.F.O. 6826/45, and the statement in these A.F.Os. that B.R. 1281(1), paragraph 67, does not apply is cancelled.

*(B.R. 1281(1))**(A.F.O. 6826/45.)***7143.—Manpower—Re-allocation—Use of Longcasts and Shortcasts in Planning Relief of Ratings***See AFO 360/46.*

(A.C.N.P.—12 Dec. 1945.)

The following information is intended to amplify the instructions contained in A.F.O. 6665/45, regarding the use of LONGCASTS and SHORTCASTS in planning the relief of ratings according to Age and Service groups and their return to the United Kingdom.

2. Authorities abroad should use the average level of releases from the Navy as given in LONGCASTS when calculating their monthly requirements for reliefs and arranging advance programmes for the return of ratings to the United Kingdom.

3. When the full number of reliefs in certain categories is not forthcoming from the United Kingdom owing to overall shortages, key ratings in those categories may be retained on the station providing their retention is essential. They should not continue to be retained after the date on which they are due for return to the United Kingdom for dispersal in their Age and Service groups according to the SHORTCASTS and the subsequent signals giving the executive order for their release.

4. The object is that, as far as possible, ratings of all branches in the Age and Service groups covered by LONGCASTS should be returned to the United Kingdom by the date quoted. Ratings in categories where releases are slower than the average would then be employed in Home Service commitments until their date of dispersal, instead of spending this unhappy period of delayed release on a foreign station, and with the further object of relieving ratings at Home in Age and Service groups not yet due for release, so that these latter can be sent abroad.

5. To give effect to the acceleration in releases, it was necessary to order home by 31st December, 1945, all ratings in Age and Service Group 31 or earlier, vide A.F.O. 5773/45. While it is recognized that this may be very difficult in some categories, Flag and Commanding Officers are requested to comply as far as possible subject to the essential minimum requirements of their Commands.

(A.F.Os. 5773/45 and 6665/45.)

7144.—Manpower—Re-allocation—Signals with Regard to Dispersal of Ratings

(C.W. 85343/45.—12 Dec. 1945.)

A large number of enquiries arising out of the operation of the Re-allocation Plan necessitate signals to Commanders-in-Chief and Administrative Authorities to obtain information with regard to the dispersal of individual ratings.

2. To reduce signalling, such signals will quote Admiralty Signal 221323 November, and give the rating's initials, surname, substantive rating, official number and the ship in which he is believed to be serving.

3. Replies are to be made to the Admiralty by signal, giving the following information :—

(a) If serving abroad, the date on which the rating was or will be discharged to the United Kingdom. If serving at home, the date on which the rating was or will be dispersed and from which ship or establishment.

(b) If the rating has been retained beyond the date laid down for his return to the United Kingdom or his dispersal, the reason to be given.

4. With reference to paragraph 3 (b), attention is drawn to the fact that the power of retaining individual ratings, including W.R.N.S. and other ranks, R.M., has been restricted to Commanders-in-Chief at home and abroad with discretion to delegate further only where drafting is supervised directly by a Flag Officer.

***7145—Manpower—Re-allocation—Commendation Cards—Form S.1604 for Use by Chaplains**
