7312.—Manpower—Re-allocation—Return of South African Personnel to South Africa

(C.W. 20298/45.—19 Dec. 1945.)

All South African ratings and other ranks R.M. on loan to the R.N., whether volunteers under A.F.O. 2107/45 or not, are to be discharged to H.M.S. "Afrikander", reliefs being provided where essential.

2. All S.A.N.F. (V) officers serving abroad, whether volunteers for further service or not, should be appointed by Station appointment to H.M.S. "Afrikander" for termination of secondment and reversion to South African Naval Forces. Officers serving in the United Kingdom will be dealt with by the Admiralty.

3. Every effort is to be made to return personnel in the earlier Age and Service groups, whose return has already been ordered, before returning those in later groups.

4. South African personnel wishing to be released outside South Africa may be dealt with as directed in A.F.O. 4057/45, paragraph 8.

(A.F.O. 6995/45 is cancelled.)

***7313.—Manpower—Re-allocation—Class B Releases in 1946**

(D.P.S.—19 Dec. 1945.)

The number to be released in Class B has hitherto been calculated on the basis that the total number thus released should not exceed ten per cent. of the total numbers released in Class A by the end of 1945.

2. Owing to the vital national need to increase as rapidly as possible the labour available for urgent reconstruction work, especially building, coalmining and food production, the Government has now decided to continue the Class B scheme beyond the end of this year on the basis that the number thus released shall not exceed fifteen per cent. of the first two million releases from the Forces in Class A.

3. When those who are awaiting their turn in Class A are released, they will find that this increase in Class B releases will have benefited them without materially delaying their own release, and in this connection it is pointed out that the target date of 3rd June for Class A releases has now been advanced in "Longcast" Number Two to 6th May, 1946.

Further volunteers for postponement of release, under the provisions of A.F.O. 5626/45, will be considered from W.R.N.S. officers and ratings in Age and Service groups 1 to 50, inclusive. Ratings in categories which are being abolished on 31st December, 1945, or by 30th June, 1946, are not allowed to volunteer, unless they are willing to be remustered in accordance with paragraphs 7 and 8 of A.F.O. 7316/45.

2. Commanding Officers are to ensure, therefore, that all W.R.N.S. officers and ratings concerned, who have not previously volunteered, shall again be given the option of volunteering to serve—

(a) until 30th September, 1946, for W.R.N.S. ratings only, provided their services are so long required, or

(b) for so long as their services are required, but not beyond the expiration of the period of the present emergency.

3. The option of volunteering under this Order is open until 15th January, 1946.

4. Reports are to be forwarded in accordance with A.F.O. 5626/45, paragraphs 11 and 13.

The strength of the W.R.N.S. is to be reduced to 15,000 by 30th June, 1946, and it is necessary, therefore, to abolish a number of categories in addition to those already being abolished by 31st December, 1945. At the same time, large reductions will have to be made in the strength of the W.R.N.S. categories which will remain after the 30th June, 1946.

2. The categories to be abolished are listed in the Appendix of this Order and will not receive any further additions to strength either by allocation of newly recruited personnel, or by transfer from other W.R.N.S. categories.

3. When the supply of W.R.N.S. ratings in these categories becomes exhausted it will be necessary to meet requirements in one of two ways, viz. :—

(a) by the recruitment of civilians where applicable and available; or

(b) by drafting men of equivalent ratings as indicated in the Appendix to this Order.

Where the requirements are for filling of approved billets (e.g. replacement of wastage) it must be clear that the requirement is essential and that wastage cannot be absorbed by redistribution of duties over the remaining staff.

4. As a particular W.R.N.S. category diminishes in strength it may be necessary to redistribute the ratings of the category serving in any one command, in order to simplify administration.

5. Where these arrangements involve alterations of Schemes of Complement, the facts should be reported to the Admiralty so that the necessary amendments may be issued. W.R.N.S. Regulating and Quarters staff should be reduced pro rata to reductions in W.R.N.S. personnel.

6. The categories to be abolished are now declared redundant and will be formally abolished as follows :—

Table (A) ... On 31st December, 1945.

Table (B) ... By 30th June, 1946. (The actual date or dates will be decided later.)

7. Ratings in the categories in the Appendix to this Order will be dealt with as follows :—

(a) Ratings being remustered will, in general, be required for the Quarters Assistant, Regulating, Writer or Stores categories.

(b) All ratings in Age and Service groups No. 61 and later are to be remustered as they become redundant.

(c) Such ratings, if they fail their training course, are not to revert to their previous category, but are to be sent to the W.R.N.S. Central Training Depot, Burghfield, for further remuster. If not suitable for remuster in another category it is at the discretion of the Remuster Board to recommend that ratings should either—

(i) be given any available employment until due for release; or

(ii) be discharged "Unsuitable".

- (d) If dealt with under (c) (i) above, they are to be treated for release as being in the category to which they had been remustered, and in which they had failed.
- (e) Ratings in the categories concerned in Age and Service groups Nos. 1 to 60 inclusive are, as heretofore, only to be remustered at their own request. Any such ratings failing their training course will revert to their previous category, and be given the choice of a second remuster or of being given any available employment until due for release. Any ratings who do not wish to remuster, and who cannot be employed in their present category will be retained and given any available employment until they become due for release.
- (f) Remustering will be effected under the redundancy terms outlined in A.F.O. 4442/45.

8. As an exception to the general rule regarding transfers abroad, W.R.N.S. ratings serving overseas in the categories being abolished may be permitted to transfer, with local training, to the Clothing, Naval Stores, Victualling, Writer (General), Writer (Pay), and Writer (Shorthand) categories only. Remuster boards should be arranged by the senior W.R.N.S. Officer on the station, as necessary. Ratings not remustered on the station under these rules are to be returned to the U.K. to arrive not later than 31st December, 1945, for those in Table "A" and 30th April, 1946, for those in Table "B". Male ratings as reliefs should be provided, if necessary, from station resources, any additional male requirements being included in the periodical requirements signals.

9. For the reason stated in the first paragraph of this Order, it may not always be possible to maintain the strength of W.R.N.S. categories not now scheduled for abolition, and endeavour should always be made to absorb wastage by redistribution of duties over the remaining staff. Proposals for the employment of W.R.N.S. ratings on duties not covered by authorized categories cannot be entertained.

10. Besides the categories listed in the Appendix, the following categories have already been abolished :—

A.A. Target Operator,
 Boom Defence.
 Courier.
 Coder (S).
 Despatch Rider. (Assimilated in M/T Driver category.)
 Special Duties (Linguist).

4. W.R.N.S. ratings, who are in Age and Service Groups 51 to 60 inclusive, whose release has been authorized up to and including Age and Service Group No. 60, may be accepted as volunteers for postponement of release, if they are prepared to transfer to categories for which there are still requirements. Ratings concerned may volunteer to continue to service either—

- (a) until 30th September, 1946, provided their services are so long required, or
- (b) for so long as their services are required, but not beyond the expiration of the present emergency, which will continue until terminated by Order in Council.

Volunteers are to sign a Form of Undertaking in accordance with paragraph 8 of A.F.O. 5626/45.

5. As a special case, W.R.N.S. ratings serving overseas, whose release has *not* been authorized up to Age and Service Group No. 60, may, if required, be accepted in their existing category as volunteers until they return to the United Kingdom in their existing category as volunteers until they return to the United Kingdom in the normal course through the working of the longest abroad roster. When accepted, volunteers are to sign a suitably worded Form of Undertaking, witnessed by the Commanding Officer, in lieu of the Form of Undertaking in Appendix B of the Release Instructions. The Form of Undertaking is to be disposed of in accordance with the instructions in Appendix B.

**7318.—Manpower—Re-allocation—Rendering of Forms S.161R for Men
not Electing Class B Release**

(D.P.S.—13 Dec. 1945.)

In connection with the essential speed-up of Class B releases called for in A.F.O. 6820/45, it is imperative that Forms S.161R shall be rendered without delay in all cases where ratings elect *not* to be released in Class B.

2. It is apparent that in many instances this is not being done and attention is drawn to B.R. 1281(1), paragraphs 63 and 73.

(A.F.O. 6820/45.)
