(C.W. 80880/45.—26 Dec. 1945.)

All Kenya R.N.V.R. ratings should be discharged to H.M.S. "Tana" at first opportunity, reliefs being obtained where essential.

2. It is important that ratings should be accompanied by Service Certificates and Medical History Sheets.

3. Officers serving abroad should be appointed by station appointment to H.M.S. "Tana." Officers serving in U.K. will be dealt with by Admiralty.

**7496.—Manpower—Re-allocation—Release of Officers in Class A—Replies to Signals**

(C.W. 86958/45.—26 Dec. 1945.)

A considerable number of replies from Commanding Officers under A.F.O. 6046/45 are still outstanding in respect of officers whose appointments for release in Class A, date to be reported, have appeared in C.W. Lists of Appointments.

2. A.F.O. 6817/45 gives the Age and Service Groups for all officers who must be dispersed by 31st December, 1945, at the latest. It is emphasized that all officers in these groups must have been dispersed by that date, unless—

(a) they have volunteered for further service under A.F.O. 5626/45 ;

(b) they are being retained, with Admiralty approval, under a temporary agreement.

3. It is essential that all outstanding replies should immediately be signalled to the Admiralty and that prompt action should be taken in respect of further date-to-be-reported appointments for release in Class A as they appear.

4. Particular attention is drawn to paragraphs 11 and 12 of A.F.O. 6046/45.  
(A.F.Os. 5626/45, 6046/45 and 6817/45.)

**\*7497.—Manpower—Re-allocation—Release of Temporary Officers of the Instructor and Schoolmaster Branches**  
(C.W. 85920/45.—26 Dec. 1945.)

Representations which are reaching the Admiralty indicate that the difficulties in the release of temporary officers of the Instructor and Schoolmaster Branches are not fully appreciated.

2. At the present time it is necessary not only to carry on the ordinary service instruction of personnel in the Navy, but also to carry out the Naval Scheme of Educational and Vocational Training. The latter is of high importance in the interests of officers and ratings in order that the Navy may do as much as it can to equip them for their entry into civil life. As a result of this, the Naval educational requirements are higher than they have been at any time during the war.

3. It is a matter of regret to the Admiralty that Instructor Officers and Schoolmasters cannot be released more rapidly, especially in view of the need for teachers in civil life. They are accordingly taking all steps which they can to train officers of other Branches to assist with the Educational and Vocational Training Scheme and to continue entries into the Instructor and Schoolmaster Branches.

4. It is expected that the rate of release of Instructor Officers and Schoolmasters will be increased after January, 1946, and that nearly half the temporary officers now serving will be released by June 30th, 1946. Because so many officers are in Groups 25-30, the apparent rate, as measured by groups, will be slower than in other Branches.

5. Enquiries have been made as to why Instructor Officers and Schoolmasters are not being released in Class B for general teaching. Class B is an arrangement whereby officers and men who are required for work of national importance are picked out from the rest of their Branch and given release out of turn. Where such releases are given, they do not increase the total number of releases from the Branch, but result in a decrease in the number of releases in Class A. In dealing, therefore, with a Branch all of whom are teachers, there is no question of selecting men for release out of turn in order to meet the needs for teachers. All who can be spared are released in order of their Age and Service Groups with full Class A benefits. Class B release is only allowed among Instructor Officers and Schoolmasters in those exceptional cases where they are asked for as individual specialists.

6. It has been decided in principle that all Schoolmasters should be given commissioned rank, and a message will be issued as soon as the details for implementing this decision are settled.

7. It should be understood that temporary Instructor Officers and temporary Schoolmasters will not be retained against their will after the end of the emergency in order to meet the Navy's normal peace-time requirements.

8. The maintenance of the planned rate of release depends on the withdrawal of all officers from appointments in which they are not fully employed. This matter is kept under close review by the Admiralty (D.E.D.), but Commanding Officers should report any cases which appear to have been overlooked.

**7498.—Manpower—Re-allocation—Release in Class A**  
(C.W. 90859/45.—26 Dec. 1945.)

Male ratings and other ranks R.M. in Rating groups and age and service groups indicated in paragraph 3 are to be released in Class A in accordance with B.R. 1281 (1), Release Instructions.

2. Dispersals are to commence on 31st December, 1945. The target date for completion of these dispersals is 25th February, 1946, but men should be dispersed as early in the period as they can be made available.

W.R.N.S. ratings, who are in Age and Service Groups 51 to 60 inclusive whose release has been authorized in paragraph 3 above, may be accepted as volunteers for postponement of release, if they are prepared to transfer to categories for which there are still requirements. Ratings concerned may volunteer to continue to serve—

- (a) until 30th September, 1946, provided their services are so long required ; or  
 (b) for so long as their services are required, but not beyond the expiration of the present emergency, which will continue until terminated by Order in Council.

Volunteers are to sign a form of undertaking in accordance with paragraph 8 of A.F.O. 5626/45.

5. As a special case, W.R.N.S. ratings serving overseas in categories not being abolished by 30th June, 1946 (see A.F.O. 7316/45) whose release has been authorized in paragraph 3 above may, if required, be accepted in their existing category as volunteers until they return to the United Kingdom in the normal course through the working of the longest abroad roster. When accepted, volunteers are to sign a suitably worded form of undertaking witnessed by the Commanding Officer in lieu of the form of undertaking in Appendix B of the Release Instructions. The form of undertaking is to be disposed of in accordance with the instructions in Appendix B.

6. It is anticipated that the general average of W.R.N.S. ratings released by 30th June, 1946, will be at least as far as Age and Service Group 50 for those categories not being abolished, and that releases in categories being abolished by 30th June, 1946, will be authorized up to Age and Service Group 60 by that date.
